1 Introduction

This document is intended for Accredited Laboratories (ALs), or persons authorized to act on their behalf, who are participating in FDA's Laboratory Accreditation for Analyses of Foods (LAAF) Program.

This document provides detailed instructions regarding how an AL can use FDA's electronic portal for the following:

- Complete account setup
- Manage an AL profile
- Submit test method verification/validation studies
- Submit commodity specific analytical packages*
- Submit request for permission to begin abridged import analytical submission
- Communicate with FDA

***Note:** Import-related testing submissions should be submitted through the ITACS Program. Users should log into FURLS and select the "Import Trade Auxiliary Communication System (ITACS)" link under the "Other FDA Systems" section.

1.1 Overview of FDA Portals for Electronic Laboratory Accreditation for Analyses of Foods Program Submissions

FDA Industry Systems (FIS)

FIS is an electronic portal which facilitates making submissions to FDA; it includes registration, listing, and other notifications. FIS is available 24 hours a day, seven days a week. It provides general entry to a series of systems which allow electronic submissions to FDA.

FDA's Unified Registration and Listing System (FURLS)

FURLS is a specific component of FIS. Persons with an FDA account ID and password for the FIS electronic portal can use systems within the FURLS components to exchange information with the Agency. The FURLS system described in this document is for the Laboratory Accreditation for Analyses of Foods (LAAF) Program.

1.2 Add Attachments

Users of the system may need to provide additional information to the Agency while working in the portal. Additional documentation can be provided by attaching an electronic file (e.g., analytical reports, method validations and verifications, corrective action reports, or other supporting information).

The electronic LAAF Program's system supports attachments of the following document types: .pdf, .png, .jpeg, .gif, .bmp, .jpg, .jpe, .jfif, .tif, .tiff, .doc, .docx, .ppt, .xls, .xlsx, .txt, .pptx, and .rtf. The maximum file size allowed is 50 MB.

Relevant sections of this document will identify opportunities for adding attachments.

1.3 Supported Browsers

FURLS may be accessed using Microsoft Edge, Google Chrome, or Mozilla Firefox. Users should visit the "Systems Requirements" section of the FURLS page for a list of approved browsers and browser versions. The "Systems Requirements" section can be found by navigating to [the FDA FIS page](#).

2 Access FDA FIS Electronic Portal

An Accredited Laboratory (AL) participating in FDA’s LAAF Program is required to create an online account first. Once the account has been created, the user can then log into the FURLS Online Account Administration (OAA) page with valid account credentials. The user should navigate to [the FIS page](#) and click the “Log-In” or “Create Account” button, depending on which is applicable (Figure 2.1).

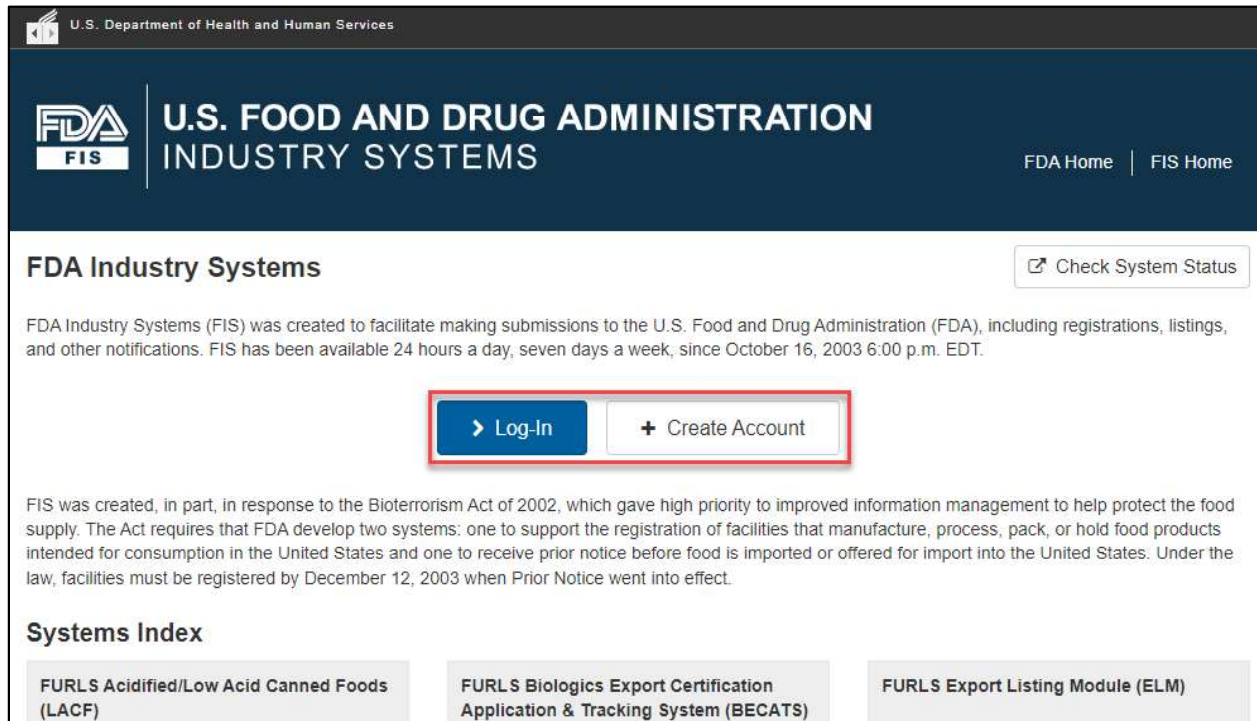

Figure 2.1: FDA Industry Systems Page

2.1 Log In with an Existing Account

If the user has previously created an FIS account, they should click the “Log-In” button on the “FDA Industry Systems” page (Figure 2.2).

Figure 2.2: Log-In Button

The user will be directed to the OAA “Login” page. They can enter the Account ID and password to log in, then click the “Update System Access” link from the upper-left corner of the OAA “Account Management” page (Figure 2.3).

The page will display the system(s) the user needs to access. The user will click on the checkbox for “Laboratory Accreditation for Analyses of Foods Program – Accredited Lab,” and then click the “Submit” button.

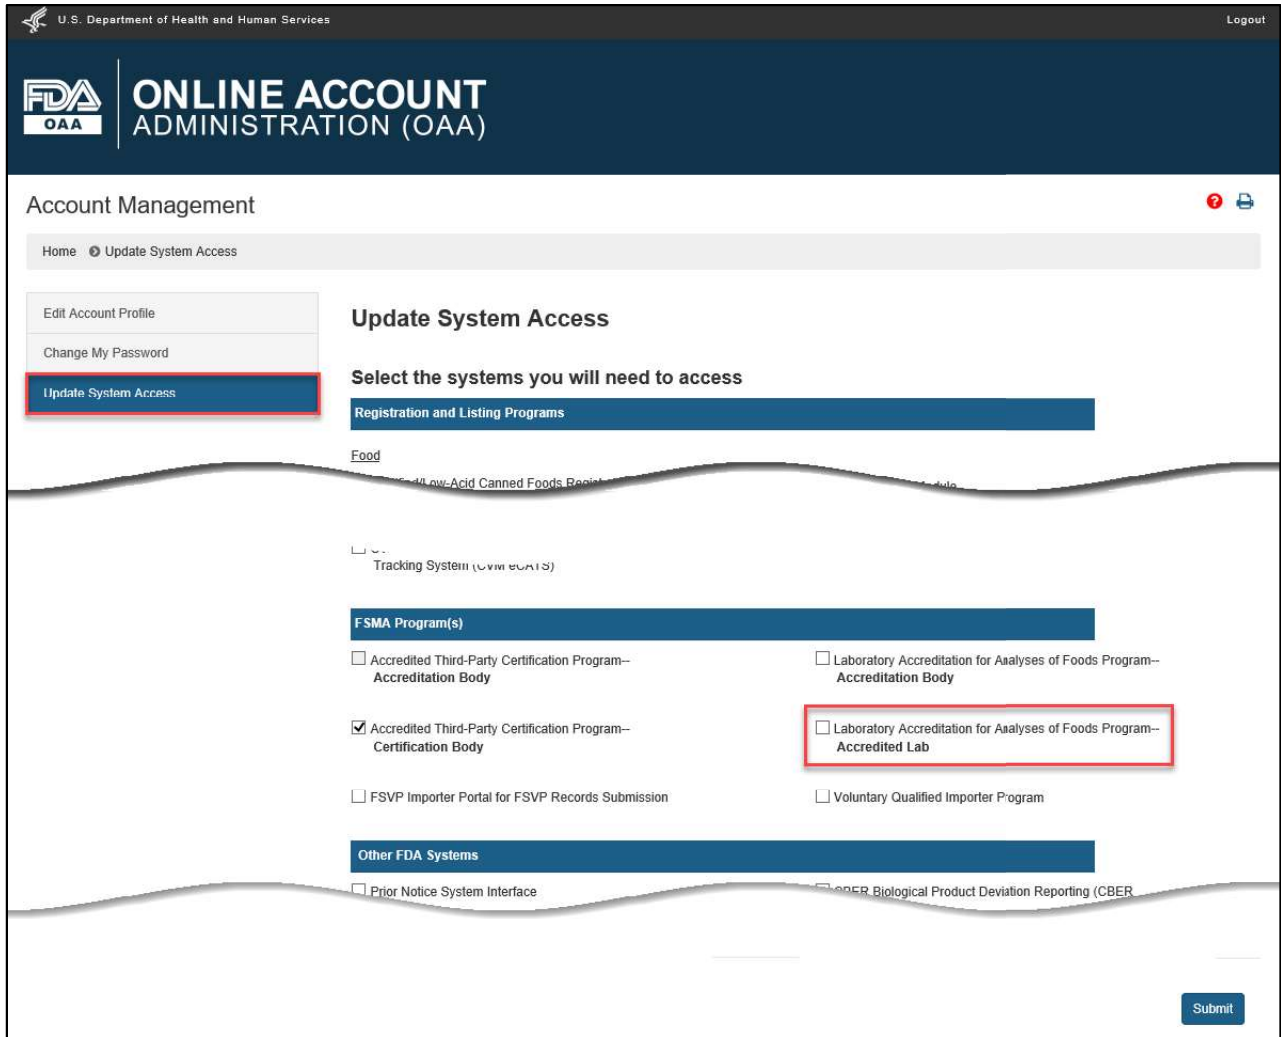

Figure 2.3: Update System Access

The system will display a message confirming the user’s system access was successfully updated (Figure 2.4).

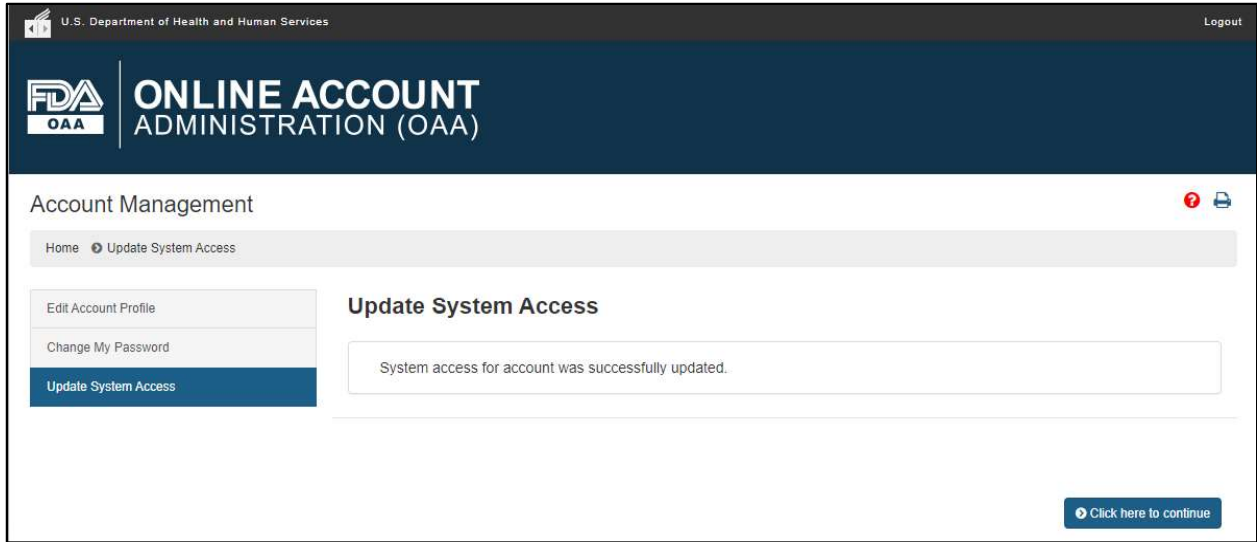

Figure 2.4: Successful Update Message

2.2 Create an Account

If the user has not created an FIS account previously, they should click the “Create Account” button on the “FDA Industry Systems” page (Figure 2.5).

Figure 2.5: Create Account Button

The user will be directed to the OAA “Login” page (Figure 2.6). The user can sign up for an account by clicking the “Create New Account” button on the “FDA Industry Systems” “OAA” page.

[Create New Account](#) 

[See Instructions](#) [See Tutorials](#) [Help Desk](#)

Getting Started

To make submissions to FDA (e.g., Food Facility Registration, Prior Notice, etc.) you must first create an account. Select "Create New Account" towards the bottom left side of this page.

If you already have an account, enter your **account ID** and **password**.

WARNING: You are accessing a U.S. Government information system. The system usage may be monitored, recorded, and subject to audit. Unauthorized use of the system is prohibited and subject to criminal and civil penalties. Use of the system indicates consent to monitoring and recording, and anyone using this system expressly consents to such monitoring and is advised that if such monitoring reveals possible criminal activity, system personnel may provide the evidence of such monitoring to law enforcement officials.

Is your computer secure? Before using FDA Industry Systems (FIS), FDA strongly encourages all users to have current antivirus and antispyware software installed on your computer to help ensure the privacy of the information being entered.

FDA retains contractors to assist the agency in maintaining its databases. If you get a call from someone asking about your facility and you are concerned about whether the call is legitimate, get the name and company of the caller, as well as a phone number, and contact **FDA FURLS Help Desk at 1-800-216-7331** to confirm that the caller is acting on behalf of FDA.

Figure 2.6: FIS OAA Page

The system will display the “Create New Account” page (Figure 2.7).

Two radio buttons will display at the top of the page, “Yes” and “No”; “No” is selected by default.

Note: The radio buttons should remain in their default state. Selecting “Yes” will direct users to a program – which is not part of the scope of this document.

The system will display the various programs available in OAA.

Figure 2.7: Create New Account Page

The user will select the “Laboratory Accreditation for Analyses of Foods Program – Accredited Lab” checkbox under “FSMA Program(s)” and click the “Continue” button to proceed to the next step (Figure 2.8).

Figure 2.8: Laboratory Accreditation for Analyses of Foods Program – AL Link

The system will display the “Step 1a: Enter Verification Code for Account Creation” screen. The user will receive a system-generated e-mail containing the verification code, once the accrediting AB submits the laboratory accreditation via FURLS.

The user will enter the verification code in the field and click the “Verify” button. After the code is verified, the user will be able to create an account for accessing the AL Portal (Figure 2.9).

Figure 2.9: Step 1a: Enter Verification Code for Account Creation

The system will display the “Step 2: Enter Your Account Information” section, where the accrediting AB provided point of contact information, account information, and the account holder’s physical address (Figure 2.10). The user may edit any of the existing information. They must also provide additional information (i.e., passwords, secret questions and answers, and an alternate mailing address,) if applicable.

Note: The account holder’s physical address may include a street address and/or post office box.

Figure 2.10: Step 2: Enter Your Account Information

The data fields in the “Step 2A: Point of Contact Information” section include:

- **First Name** – The first name of the Point of Contact.
- **Middle Initial (Optional field)** – The first letter of the Point of Contact’s middle name.
- **Last Name/Surname** – The last name of the Point of Contact.
- **Job Title** – The job title of the Point of Contact.
- **Company Name** – The name of the company the Point of Contact represents.
- **Web Address (Optional field)** – The URL of the company.
- **Phone Number (Country/Area/Phone Number/Extension)** – The telephone number of the Point of Contact.
 - “Country” is the country code.
 - “Area” is the area code.
 - “Phone Number” is the phone number.
 - “Extension” is the local phone extension to dial the Point of Contact, if applicable.
- **Fax Number (Country/Area/Fax Number) (Optional field)** – The fax number of the Point of Contact.
 - “Country” is the country code.
 - “Area” is the area code.
 - “Fax Number” is the fax number.
- **E-mail Address** – The e-mail address of the Point of Contact.
- **Confirm E-mail Address** – The re-entry of the Point of Contact’s e-mail address.
 - *The entry must match the “E-mail Address” field.

The data fields in Step 2B: Account Information include:

- **Password** – The field to create password for the AL’s account. This password will be used every time the AL user logs into the system.
- **Confirm Password** – The field to enter password created in the “Password” field. The entry must match the “Password” field.
- **Secret Question 1** – This is the first secret question used to protect the account. The user will select a question from the dropdown list.
- **Secret Answer 1** – This is the answer to the first secret question. The user will enter the response to the question selected in “Secret Question 1”.
- **Secret Question 2** – The second secret question used to protect the account. The user will select a question from the drop-down list.
- **Secret Answer 2** – This is the answer to the second secret question. The user

will enter the response to the question selected in “Secret Question 2”.

- **Secret Question 3** – This is the third secret question used to protect the account. The user will select a question from the dropdown list.
- **Secret Answer 3** – This is the answer to the third secret question. The user will enter the response to the question selected in “Secret Question 3”.

The data fields in “Step 2C: Physical Address (Business) of Account Holder” include:

- **Country/Area** – The country/area where the business is located. The user will select a country/area from the drop-down list.
- **Address Line 1** – The address where the business is physically located. This includes the number, street, quadrant, etc.
- **Address Line 2 (Optional field)** – The field to enter additional information about the physical location of the company. This may include a suite or apartment number, if applicable.
- **City** – The city where the business is physically located.
- **State/Province/Territory** – The state/province/territory where the business is physically located.
- **Zip Code (Postal Code)** – The zip code (domestic) or postal code (foreign) where the business is physically located.
- **Unique Facility Identifier (Optional field)** – The firm’s DUNS number.
- **Do you have preferred mailing address other than the physical address mentioned above?** – The “Yes” and “No” radio buttons provided to answer this question:
 - If “No” is selected, the physical address will be used as the mailing address.
 - If “Yes” is selected, the system will display the “Step 2D: Preferred Mailing Address,” which must be completed (Figure 2.11). The address entered in Step 2D will be used as the mailing address.

DUNS Number *(Optional)*

Do you have preferred mailing address other than the physical address mentioned above?

Yes No

2D: Preferred Mailing Address

Country / Area

 

Address Line 1

Address Line 2 *(Optional)*

City

State / Province / Territory

Zip Code (Postal Code)

Figure 2.11: Step 2D: Preferred Mailing Address

After completing all of the mandatory fields, the user must click the “I understand” checkbox and the “Continue” button at the bottom of the page. The system will display the “Account Review” page (Figure 2.12).

The user can then click the “Submit” button to finalize the account creation or, click the “Modify” button to edit the profile information.

Figure 2.12: Account Review Page

When the user clicks the “Submit” button, the system will display a page with a message stating their account was created successfully. The message will show the account ID the user must use to log in as a LAAF AL (Figure 2.13).

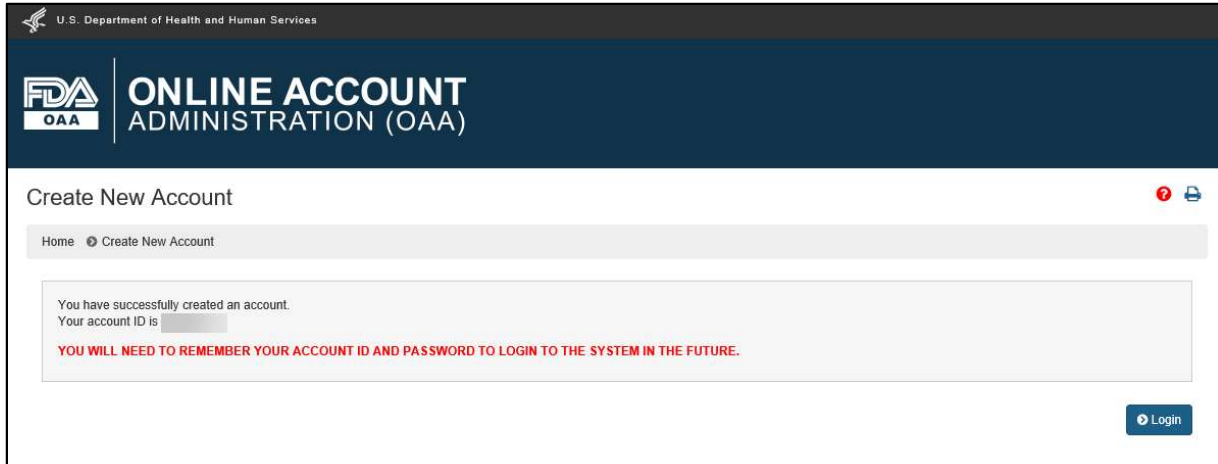

Figure 2.13: Successful Account Creation Message with Account ID

3 Access the Laboratory Accreditation for Analyses of Foods Program – Accredited Laboratory (AL)

The user can log into the [FDA “OAA” page](#). This is the same page used to begin the process of creating a new OAA account (Figure 3.1).

The user will use the account ID and password from the account creation process for the “Account ID” and “Password” fields. The user should click the “I understand” checkbox, and then click the “Login” button.

The screenshot shows the FDA OAA Login page. At the top, it says "U.S. Department of Health and Human Services" and "FDA ONLINE ACCOUNT ADMINISTRATION (OAA)". Below that, it says "FDA Industry Systems". The main heading is "Login". Underneath, it says "Existing account holders, enter your account ID & password." There are two input fields: "Account ID" and "Password". Below the fields, there is a disclaimer: "Under 18 U.S.C. 1001, anyone who makes a materially false, fictitious, or fraudulent statement to the U.S. Government is subject to criminal penalties." There is a checkbox labeled "I understand." and a "Login" button. There are also two buttons: "Forgot Account ID" and "Forgot Password".

Figure 3.1: OAA Login

Once logged into the FDA “OAA” page, the user will be prompted to enter a verification code (Figure 3.2). The verification code will be sent to the e-mail address entered on the “Account Information” page. If the user does not receive the verification code within ten minutes, click “Resend verification code” on the page. Once the user has received the code, enter it in the box labeled “Enter Verification Code,” then click the “Verify” button.

Note: Users will be prompted to enter a verification code each time they login.

Figure 3.2: Enter Verification Code

Users will be directed to the FURLS “Account Management” page after the verification code is verified (Figure 3.3).

The user will navigate to the “FSMA Program(s)” section of the page and click the hyperlink for “Laboratory Accreditation for Analyses of Foods Program – Accredited Lab”.

Note: The user should click the link to submit documentation for verification/validation studies for the test method(s). To submit the analytical package documentation for import-related products, click the “Import Trade Auxiliary Communication System (ITACS)” link under the “Other FDA Systems” section.

Welcome to the FDA's Laboratory Accreditation for Analyses of Foods (LAAF) portal. This portal is the means by which all LAAF-Accredited Laboratory information related to the FDA LAAF Program will be transmitted to the agency, including domestic analytical package submissions, import analytical package submission, ITACS sign-in, and other program documentation.

How do I submit import-related products analytical package documentation?

You should submit verification/validation studies prior to analytical package submission to FDA.

To submit the documentation for verification/validation studies of a test method(s), click the "Analytical Package Submission" link from the main navigation menu.

To submit the analytical package documentation for import-related products, click the "FURLS Home" link from the banner in the upper-right corner of the page.

The system will navigate you to the OAA Account Management page. Click the "Import Trade Auxiliary Communication System (ITACS)" link under the "Other FDA Systems" section.

Note:

- The system will automatically time out if there is no activity for 30 minutes. Unsaved data will be lost.
- The following web browsers are supported for this application: Microsoft Edge, Chrome version 47.0 and later, and Firefox version 43.0 and later.

FDA Form 5040 a
PAPERWORK REDUCTION ACT NOTICE
Form Approval: OMB No. 0910-0898
 Expiration Date: 01/31/2025

The agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

We estimated an accredited laboratory under this program (i.e., a LAAF-accredited laboratory) will spend on average 6 hours for the submission of a full analytical package and 2 hours per analytical report. In addition, we estimate the time required to submit validation and verification studies to be 2.25 hours. For sampling that requires advanced notice, we estimate an average of 1.5 hours to compile the required information and submit the information. In addition, we estimate .25 hours for a LAAF-accredited laboratory to notify FDA of any changes in the laboratory's accreditation.

This form is a vehicle to collect this information. Send comments about this burden estimate or any other aspect of this collection of information, including suggestions for reducing the paper burden to:

Department of Health and Human Services

4 Submit a Commodity Specific Analytical Package

*Commodity Specific packages are those packages submitted for testing circumstances under § 1.1107 (a)(1)(i, ii, iii).

The Analytical Package Submission feature allows the AL to perform three main functions related to analytical packages:

- Submitting test method verification/validation studies
- Uploading and submitting **commodity specific** analytical packages to FDA*
- Viewing the **commodity specific** analytical packages that have been submitted to FDA

***Important:** To submit the analytical package documentation for **import-related** products:

- If the user is logged into FURLS, they will click the “Import Trade Auxiliary Communication System (ITACS)” link under the “Other FDA Systems” section.
- If the user is already logged into the AL Portal, they will click the “FURLS Home” link from the banner in the upper right corner of the page. The system will navigate the user to the OAA “Account Management” page. The user will click the “Import Trade Auxiliary Communication System (ITACS)” link under the “Other FDA Systems” section.

To upload packages to the AL portal or view documents that have already been submitted to FDA, the user will click the “Analytical Package Submission” link from the navigation menu on the “AL Home” page (Figure 4.1).

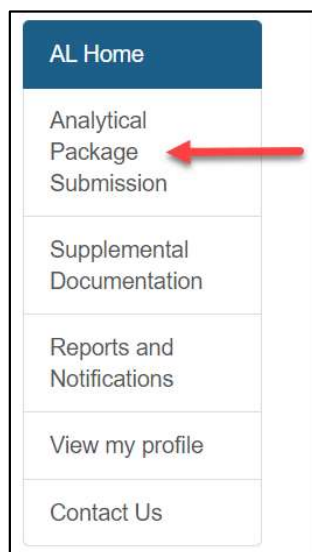

Figure 4.1: Navigation Menu

The system will display the Analytical Package Submission “Dashboard” page (Figure 4.2). Any document(s) the AL previously submitted to FDA will display in the table on the page, grouped by AB.

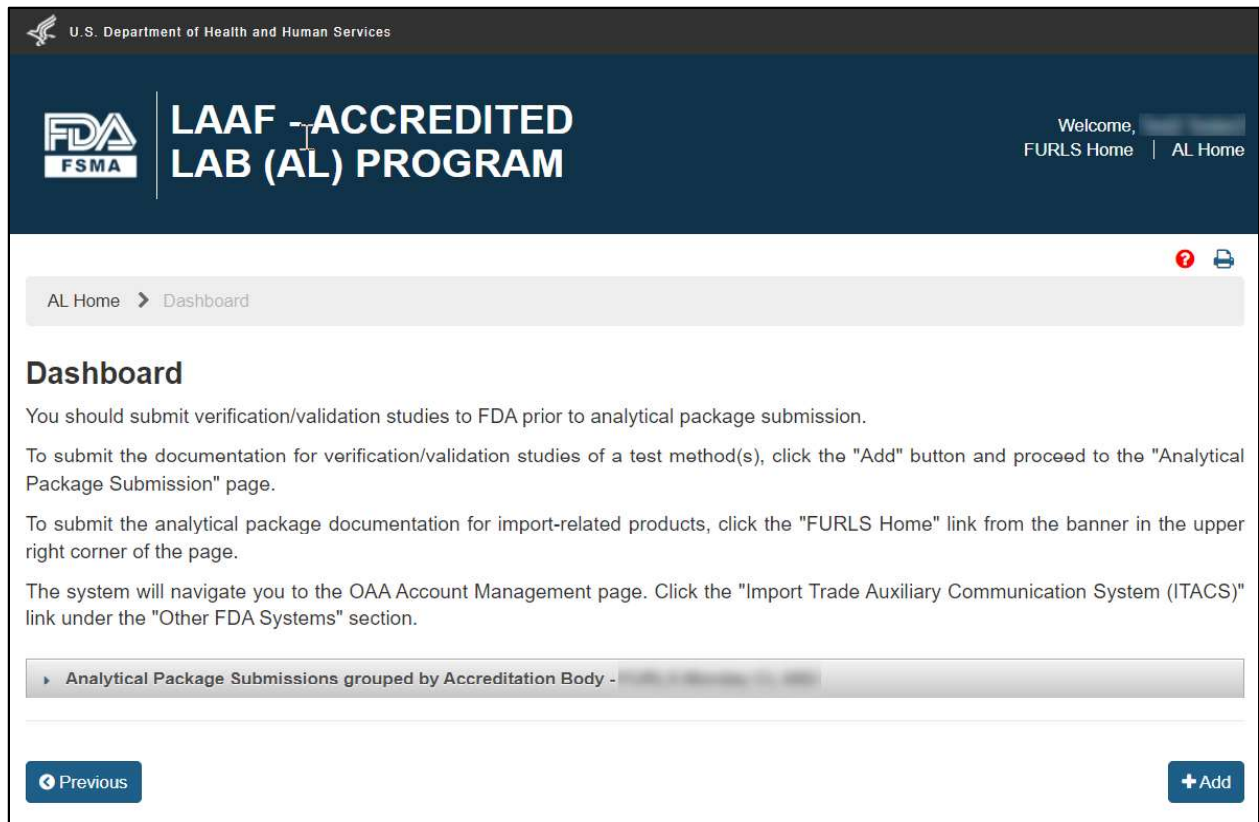

Figure 4.2: Analytical Package Submission Dashboard

The user can view the analytical packages submitted under an AB by clicking the accordion section's title bar (Figure 4.3).

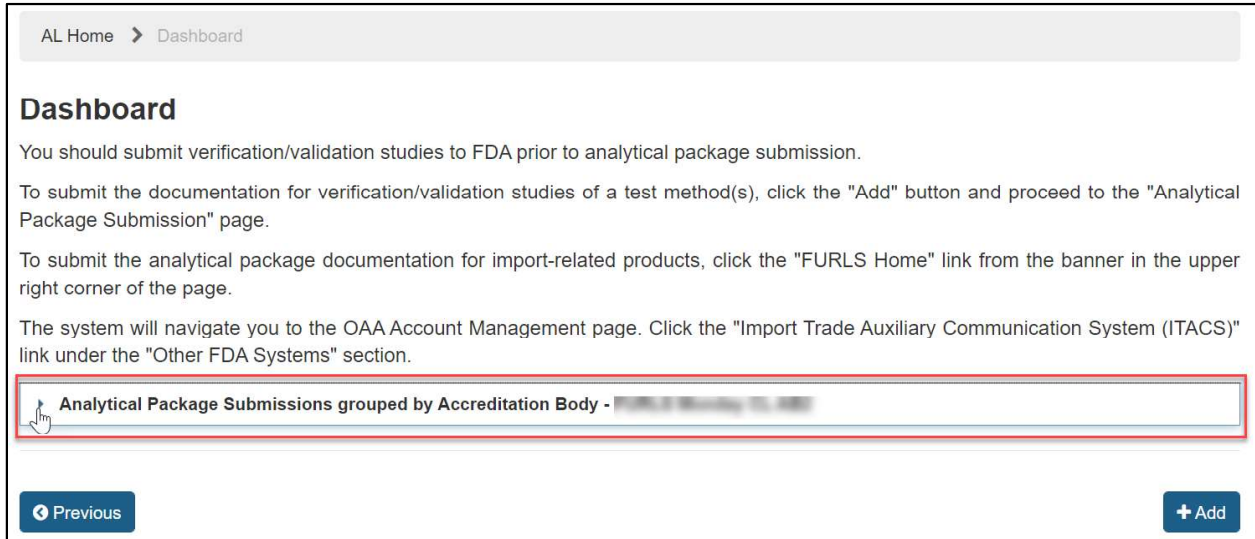

Figure 4.3: Accordion Section's Title Bar

The user can view additional details for previous submissions by clicking on the "View" icon of the "Action" column of the "Dashboard" page (Figure 4.4).

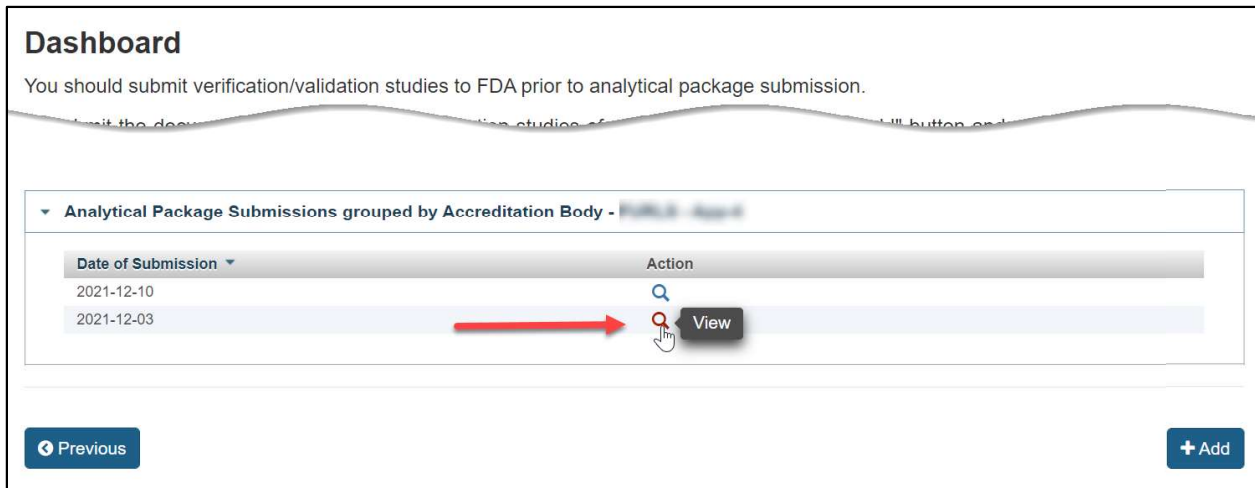

Figure 4.4: View Icon

The system will display the file name, file type, date of upload, and "AB Name" for the selected package (Figure 4.5).

The user can click on the hyperlinked document name in the "File Name" column to download or save the document.

Validation_Study_071222.docx N/A x

Figure 4.10: Upload and Cancel Buttons

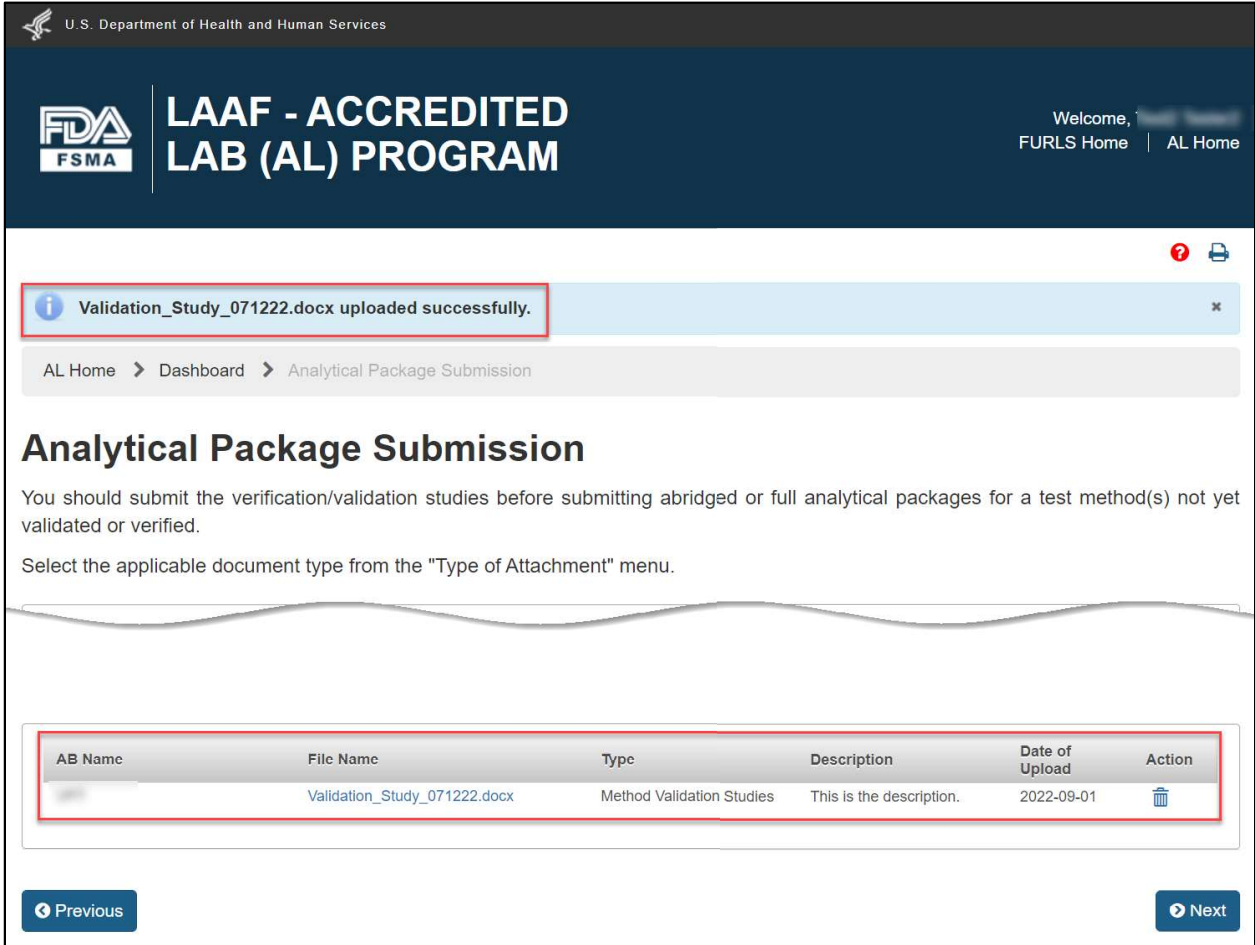

Attachments must be configured as a document type supported by the system. Attachments should be uploaded in as few files as possible and if they are for the same method, a designation of “1, 2, 3” or “a, b,c”.

The system supports the following document types: .pdf; .png; .jpeg; .gif; .bmp; .jpg; .jpe; .jfif; .tif; .tiff; .doc; .docx; .ppt; .xls; .xlsx; .txt; .pptx; or .rtf.

The maximum file size allowed is 50 MB.

Once the upload is complete, a confirmation message indicating a successful upload will display at the top of the page (Figure 4.11).

The system will display the uploaded files in the table at the bottom of the page.

The screenshot shows the 'LAAF - ACCREDITED LAB (AL) PROGRAM' interface. At the top, there is a navigation bar with the FDA FSMA logo and the program title. A user is logged in, with a 'Welcome' message and links for 'FURLS Home' and 'AL Home'. A notification banner at the top states: 'Validation_Study_071222.docx uploaded successfully.' Below this is a breadcrumb trail: 'AL Home > Dashboard > Analytical Package Submission'. The main heading is 'Analytical Package Submission', followed by instructions: 'You should submit the verification/validation studies before submitting abridged or full analytical packages for a test method(s) not yet validated or verified. Select the applicable document type from the "Type of Attachment" menu.' Below the instructions is a table listing the uploaded file:

AB Name	File Name	Type	Description	Date of Upload	Action
	Validation_Study_071222.docx	Method Validation Studies	This is the description.	2022-09-01	

At the bottom of the table, there are 'Previous' and 'Next' navigation buttons.

Figure 4.11: Successful Upload Message

To remove the attachment from the table at the bottom of the page, the user can click the “trash/delete” icon in the “Action” column (Figure 4.12).

The screenshot shows a form with the following fields:

- AB Name:** FURLS Monday CL AB2
- Type of Attachment:** Please Select One
- Buttons:** + Browse, Upload, × Cancel

Below the form is a table with the following data:

AB Name	File Name	Type	Description	Date of Upload	Action
FURLS Monday CL AB2	Analytical_Pkg_Sample1.docx	Domestic Analytical Packages	This is the description	2021-11-04	 Delete

Figure 4.12: Trash/Delete Icon

After completion of the notice, the user will click the “Next” button. The system will navigate them to the “e-Signature” page (Figure 4.13).

The user will follow the directions provided on the “e-Signature” page, complete the following user entry fields, then click the “Submit” button:

- **Checkbox** (unchecked by default) – “I certify that the information in the submission is true and accurate and that I am authorized to submit the information to FDA.”
- **Name of Submitter** – The first and last name of the submitter.
- **Title of Submitter** – The title of the submitter.

5 Submit Supplemental Documentation

The “Supplemental Documentation” feature allows the user to perform two main functions related to supplemental documents:

- Uploading and submitting documents to FDA
- Viewing the documents that have been submitted to FDA

To upload documents to the AL portal or view documents that have already been submitted to FDA, the user will click the “Supplemental Documentation” link from the navigation menu on the “AL Home” page (Figure 5.1).

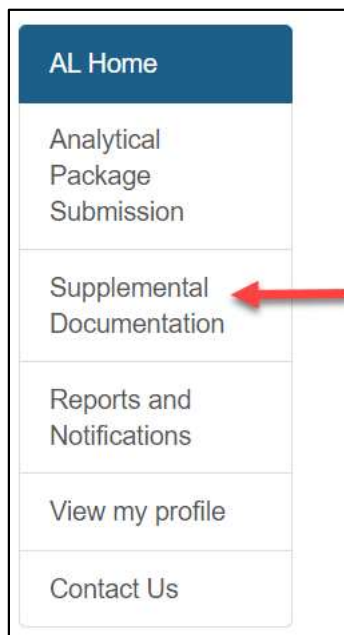

Figure 5.1: Navigation Menu

The system will display the “Supplemental Documentation” page (Figure 5.2). Any document(s) previously submitted to FDA will display in a table at the bottom of the page. The user can click on the hyperlinked document name in the “File Name” column to view the document.

The user will follow Steps 1 - 5 from the “Instructions” section of the page to upload attachments.

Note: The user can click the “Previous” button at the bottom of the “Supplemental Documentation” page to return to the “AL Home” page.

The screenshot shows the "Supplemental Documentation" page. At the top, there is a header for the U.S. Department of Health and Human Services and the FDA FSMA logo. The main title is "LAAF - ACCREDITED LAB (AL) PROGRAM". A user is logged in, with a "Welcome" message and links for "FURLS Home" and "AL Home".

The page content includes a breadcrumb trail: "AL Home > Supplemental Documentation". Below this is the main heading "Supplemental Documentation".

An "Instructions" section provides the following steps:

- Step 1: Select the AB Name (name will be read-only if there is only one AB available)
- Step 2: Select Type of Attachment
- Step 3: Click Browse to find the document(s) you want to upload
- Step 4: Click Upload
- Step 5: Click Save

A "Note" section lists file type and size restrictions:

1. Allowed file types are pdf, png, jpeg, gif, bmp, jpg, jpe, jfif, tif, tiff, doc, docx, ppt, xls, xlsx, txt, pptx, rtf.
2. Maximum file size allowed is 50 MB.

Below the instructions, there are two dropdown menus: "AB Name" and "Type of Attachment" (with the text "Please Select One"). There are three buttons: "+ Browse", "Upload", and "Cancel".

At the bottom, there is a table with the following columns: "AB Name", "File Name", "Type", "Date of Upload", and "Action". The table currently contains the text "No records found."

At the very bottom of the page, there are two buttons: "Previous" and "Save".

Figure 5.2: Supplemental Documentation Page

The user will select the AB from the “AB Name” dropdown menu.

If the AL is only accredited by one AB, the field will be pre-filled with the AB name.

The user will select a document description from the list in the “Type of Attachment” dropdown menu (Figure 5.3).

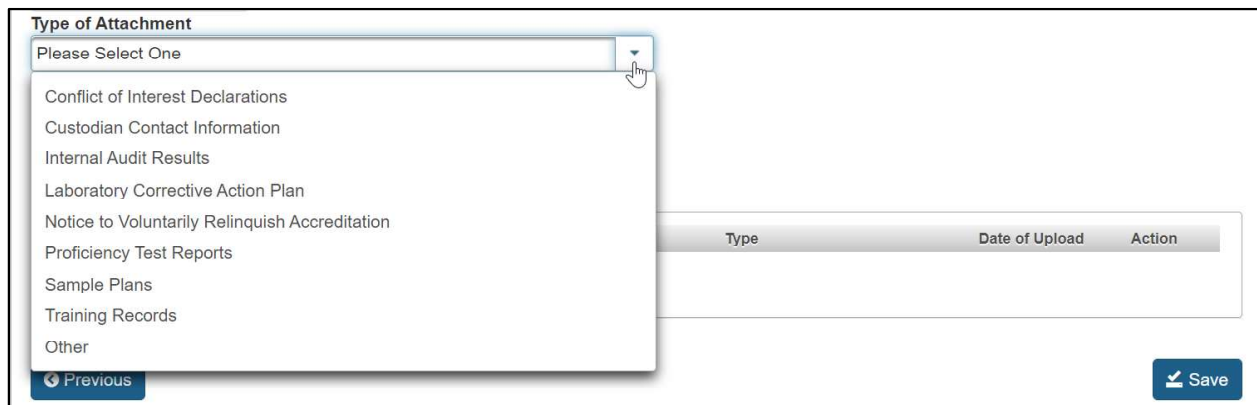

Figure 5.3: Type of Attachment Menu

A text box labeled “Additional Description” will display if the user selected “Other” from the list (Figure 5.4).

The user will enter a detailed description of the document type in the “Additional Description” field, which allows a maximum of 200 characters.

Note: The user must enter a description in the “Additional Description” field to proceed to the next step.

Figure 5.4: “Other” Attachment Type

The user will click the “Browse” button. A pop-up window will appear, prompting the user to access their file system.

The user will select one or more file attachments. The “Upload” and “Cancel” buttons will be enabled after a file is chosen (Figure 5.5). The system will close the browsing window.

The user can click the “Upload” button to complete the attachment upload or, click the “Cancel” button to discard the attachment upload.

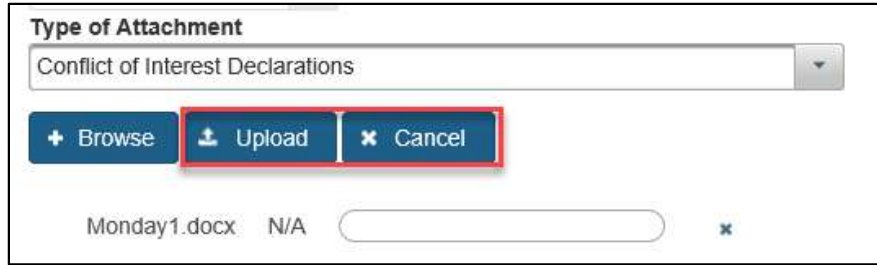

Figure 5.5: Upload and Cancel Buttons

Attachments must be configured as a document type supported by the system.

Note: The system supports the following document types: .pdf; .png; .jpeg; .gif; .bmp; .jpg; .jpe; .jfif; .tif; .tiff; .doc; .docx; .ppt; .xls; .xlsx; .txt; .pptx; or .rtf.

The maximum file size allowed is 50 MB.

Once the upload is complete, a confirmation message indicating a successful upload will display at the top of the page (Figure 5.6).

The system will display uploaded files in the table at the bottom of the page.

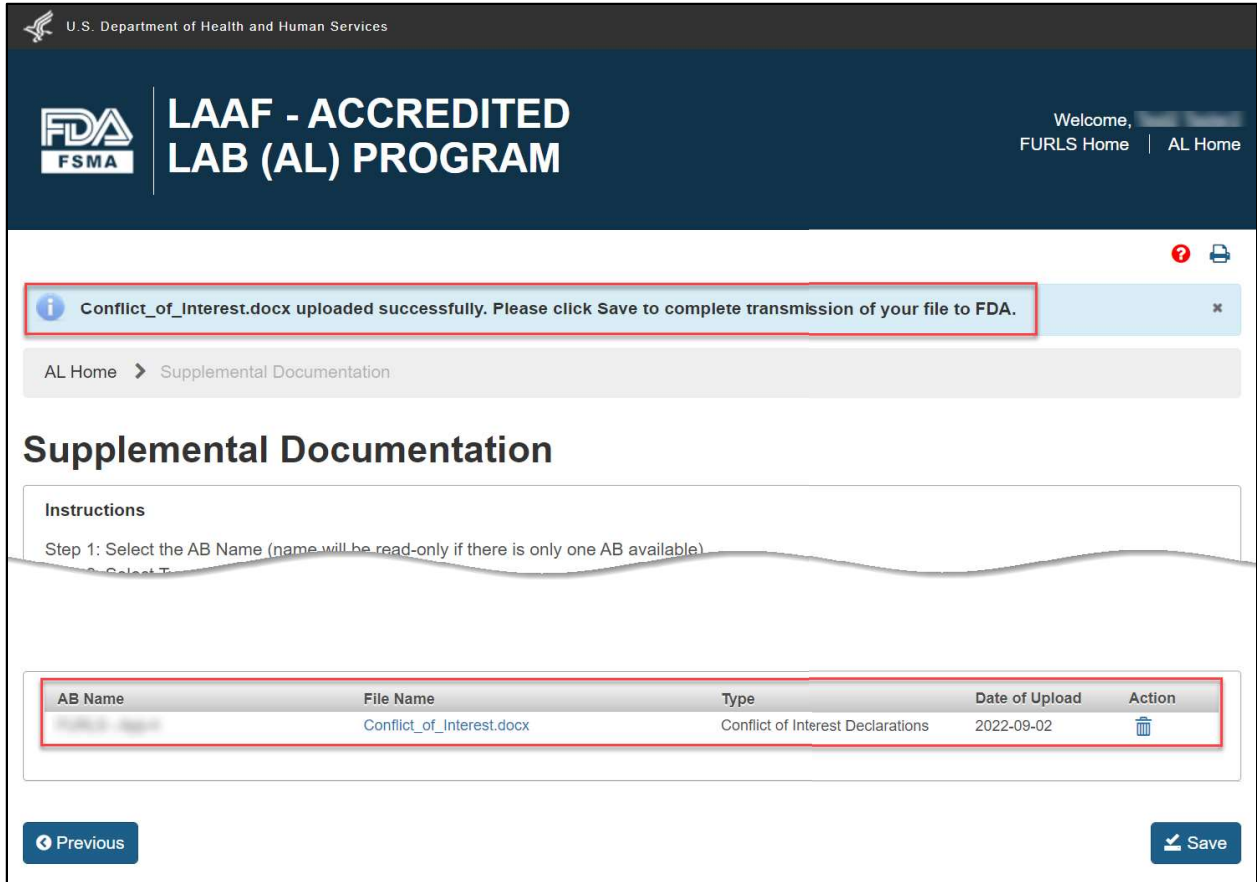

Figure 5.6: Successful Upload Message

To remove the attachment from the table at the bottom of the page, the user can click the “trash/delete” icon in the “Action” column (Figure 5.7).

Figure 5.7: Trash/Delete Icon

After the additional files have been uploaded, the user will click the “Save” button (Figure 5.8).

****Important:** Uploaded files cannot be deleted once “Save” is clicked. The user must click the “Save” button to complete file transmissions to FDA.

AB Name	File Name	Type	Date of Upload	Action
	Conflict_of_Interest.docx	Conflict of Interest Declarations	2022-09-02

6 Reports and Notifications

The “Reports and Notifications” feature allows the user to (electronically) notify FDA of events or updates.

To access the “Reports and Notifications” feature, the user will click the “Reports and Notifications” link from the navigation menu on the “AL Home” page (Figure 6.1).

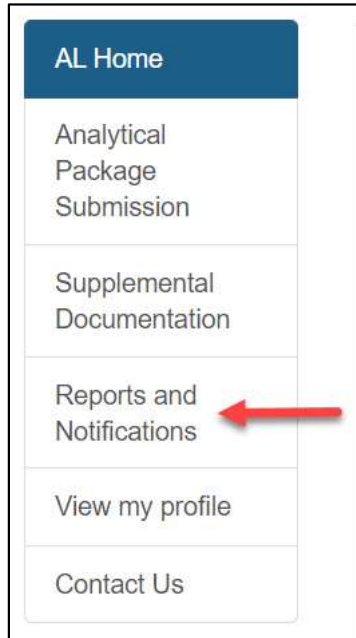

Figure 6.1: Navigation Menu

The system will display the “Reports and Notifications” page with the following report and notification available (Figure 6.2):

- **Notice of Request for Submission of Abridged Analytical Packages** – Generates a notice to FDA when an AL submits a request for submission of abridged **import** analytical packages for a food testing discipline.

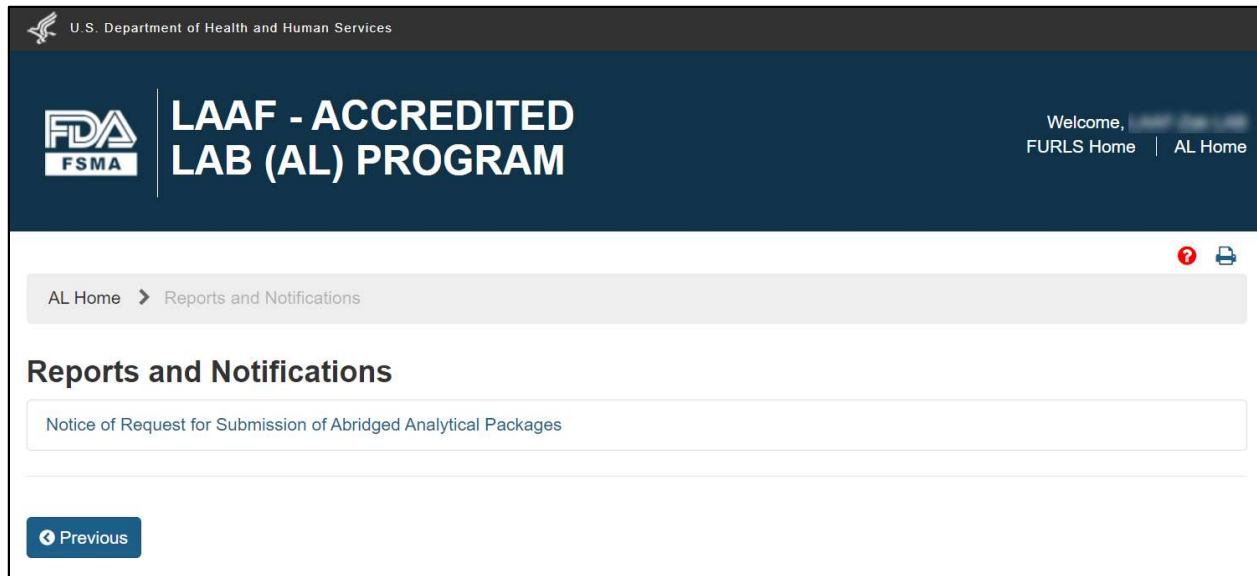

Figure 6.2: Reports and Notifications Page

6.1 Notice of Request for Submission of Abridged Analytical Packages

To notify FDA of a request for submission of abridged **import** analytical packages for a food testing discipline, the user will click the “Notice of Request for Submission of Abridged Analytical Packages” link on the “Reports and Notifications” page (Figure 6.3).

The user may click the “Previous” button to return to the “AL Home” page.

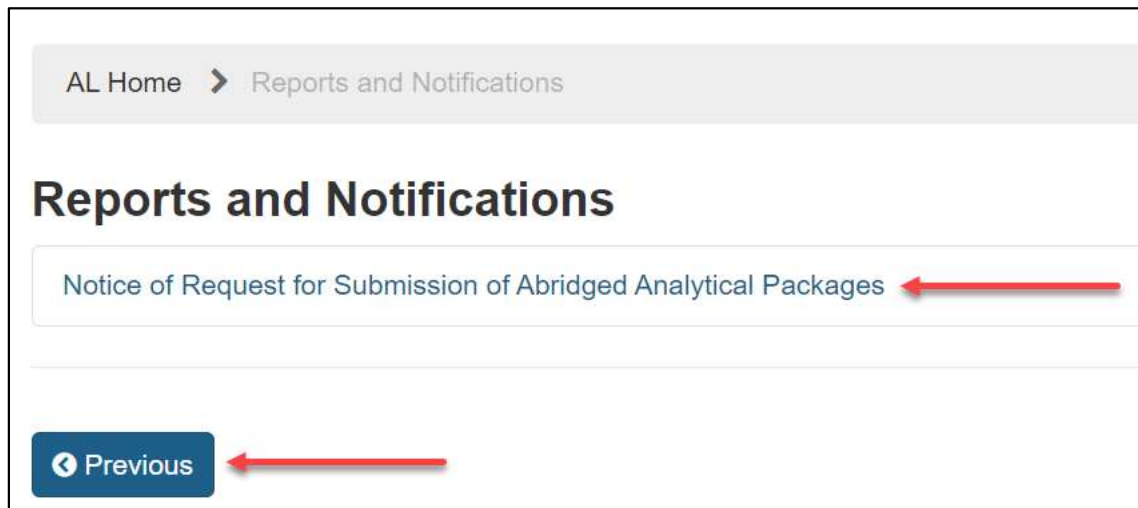

Figure 6.3: Notice Link and Previous Button

The system will display the “Notice of Request for Submission of Abridged Analytical Packages” page (Figure 6.4).

Note: The user can click the “Previous” button at the bottom of the notice to return to the “AL Home” page.

Figure 6.4: Notice of Request for Submission of Abridged Analytical Packages

The user will select the AB from the “AB Name” dropdown menu (Figure 6.5). If the AL is only accredited by one AB, the “AB Name” field will be pre-filled.

Figure 6.5: AB Name Menu

The user will select a testing discipline from the “Discipline” dropdown menu (Figure 6.6).

Note: One discipline may be submitted per notice.

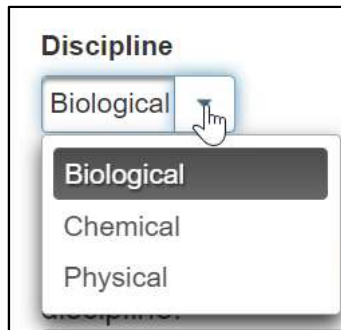

Figure 6.6: Discipline Menu

The user will enter a detailed justification for the request in the “Reason for Request” field (Figure 6.7). This is a free-type field which allows a maximum of 4,000 characters.

Figure 6.7: Reason for Request Field

The user can follow Steps 1 and 2 from the “Instructions” section of the page to upload files (Figure 6.8).

The user is required to upload at least one file in order to submit the notice.

The user will click the “Browse” button, which will be enabled by default (Figure 6.8). A pop-up window will appear, prompting the user to access their file system.

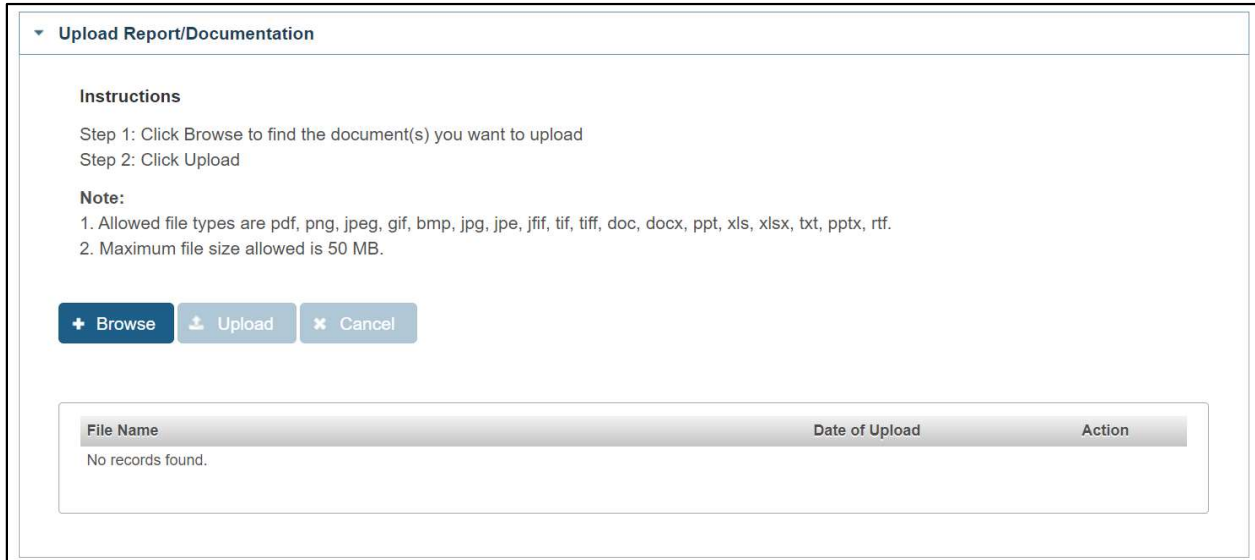

Figure 6.8: Upload Report/Documentation Section with Browse Button Enabled

The user can select one or more file attachments. The “Upload” and “Cancel” buttons will be enabled after choosing a file (Figure 6.9). The browsing window will close.

The user can click the “Upload” button to complete the attachment upload or, click the “Cancel” button to discard the file upload.

Figure 6.9: Upload and Cancel Buttons

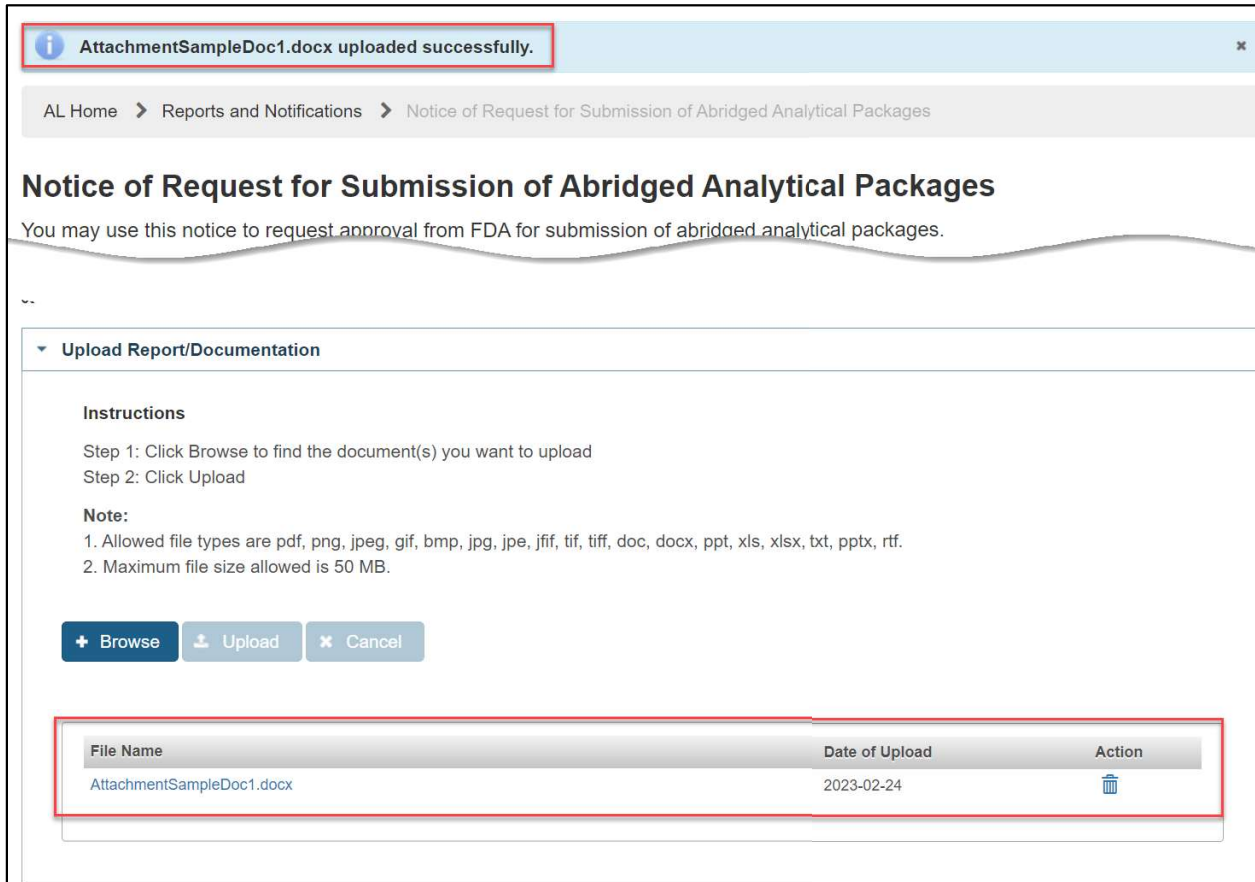

Attachments must be configured as a document type supported by the system.

The system supports the following document types: .pdf; .png; .jpeg; .gif; .bmp; .jpg; .jpe; .jfif; .tif; .tiff; .doc; .docx; .ppt; .xls; .xlsx; .txt; .pptx; or .rtf.

The maximum file size allowed is 50 MB.

Once the upload is complete, a confirmation message indicating a successful upload will display at the top of the page (Figure 6.10).

The system will display the uploaded files in the table in the “Upload Report/Documentation” section. To remove the attachment from the table, the user can click the “trash/delete” icon in the “Action” column.

The screenshot shows a web interface with a confirmation message at the top: "AttachmentSampleDoc1.docx uploaded successfully." Below this is a breadcrumb trail: "AL Home > Reports and Notifications > Notice of Request for Submission of Abridged Analytical Packages". The main heading is "Notice of Request for Submission of Abridged Analytical Packages" with a sub-heading "You may use this notice to request approval from FDA for submission of abridged analytical packages." Below this is a section titled "Upload Report/Documentation" containing instructions and a note. At the bottom, a table lists the uploaded file.

Instructions

Step 1: Click Browse to find the document(s) you want to upload
 Step 2: Click Upload

Note:

1. Allowed file types are pdf, png, jpeg, gif, bmp, jpg, jpe, jfif, tif, tiff, doc, docx, ppt, xls, xlsx, txt, pptx, rtf.
2. Maximum file size allowed is 50 MB.

Buttons: + Browse, Upload, Cancel

File Name	Date of Upload	Action

Upon successful submission, the system will post a message on the “Confirmation” page (Figure 6.13).

AL Home > e-Signature > Confirmation

Confirmation

Thank you for submitting. You will receive a confirmation e-mail from FDA within 24 hours. If you do not receive confirmation from FDA within that timeframe, please e-mail FDALAAFIquiry@fda.hhs.gov.

Figure 6.13: Confirmation Message

The user may click the “AL Home” link on the top of the banner (or from the breadcrumb) to return to the “AL Home” page (Figure 6.14).

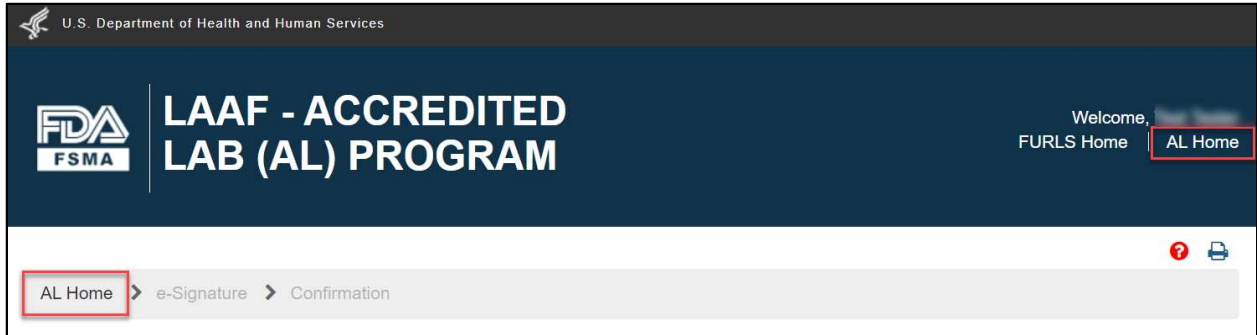

Figure 6.14: Links to AL Home Page

The system will send the user an e-mail indicating the notice was received by FDA (Figure 6.15).

Note: The image (below) only depicts the e-mail notification text.

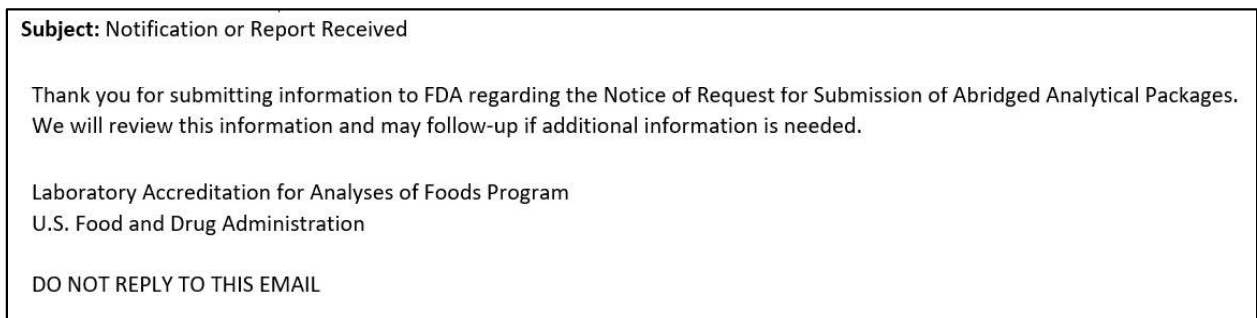

Figure 6.15: E-mail Confirmation

The Notice of Request for Submission of Abridged Analytical Packages is subject to approval or denial by FDA. The user will be notified by email regarding the decision.

If FDA has approved the submission, the user will receive the following notification (Figure 6.16):

Note: The images (below) only depict the e-mail notification subject and text.

The content are examples of the notifications. The actual testing discipline listed in the user's version of the notification may vary, based on the user's submission.

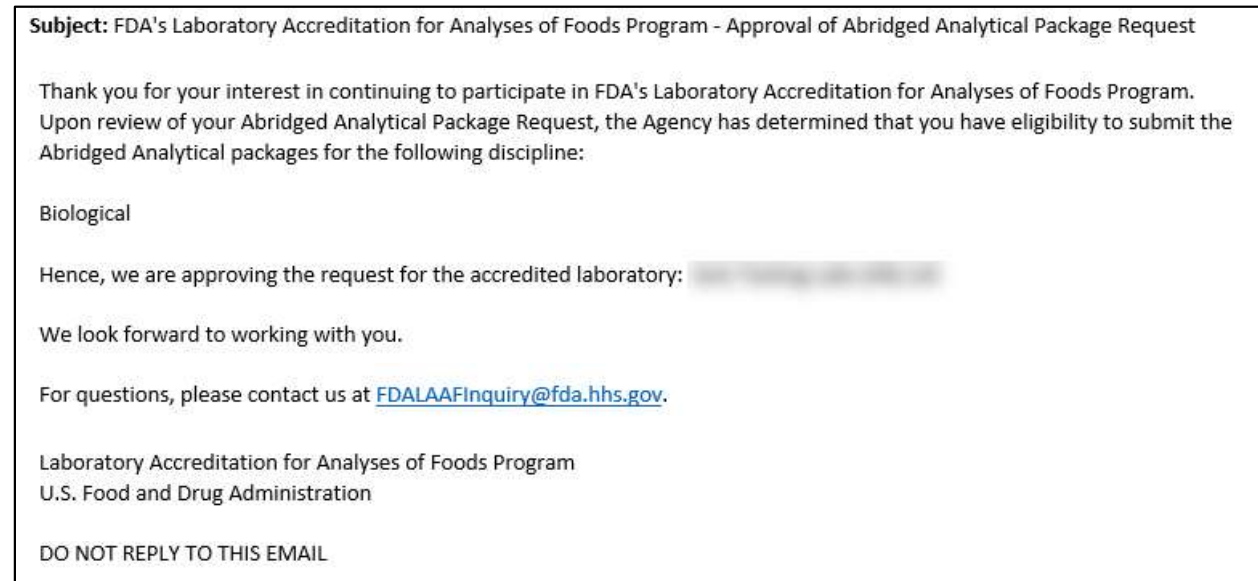

Figure 6.16: Approval of Abridged Analytical Package Request Notification

If FDA has approved the notice, the status under “Approved Package Submission” on the “Accredited Laboratory Information” page – (accessed by the “View my Profile” feature on the main navigation menu) – will be updated from default status “Full” to “Abridged”.

Refer to Chapter 7 “View My Profile” for more information.

If FDA has denied the notice for the selected discipline, the user will receive the following notification (Figure 6.17):

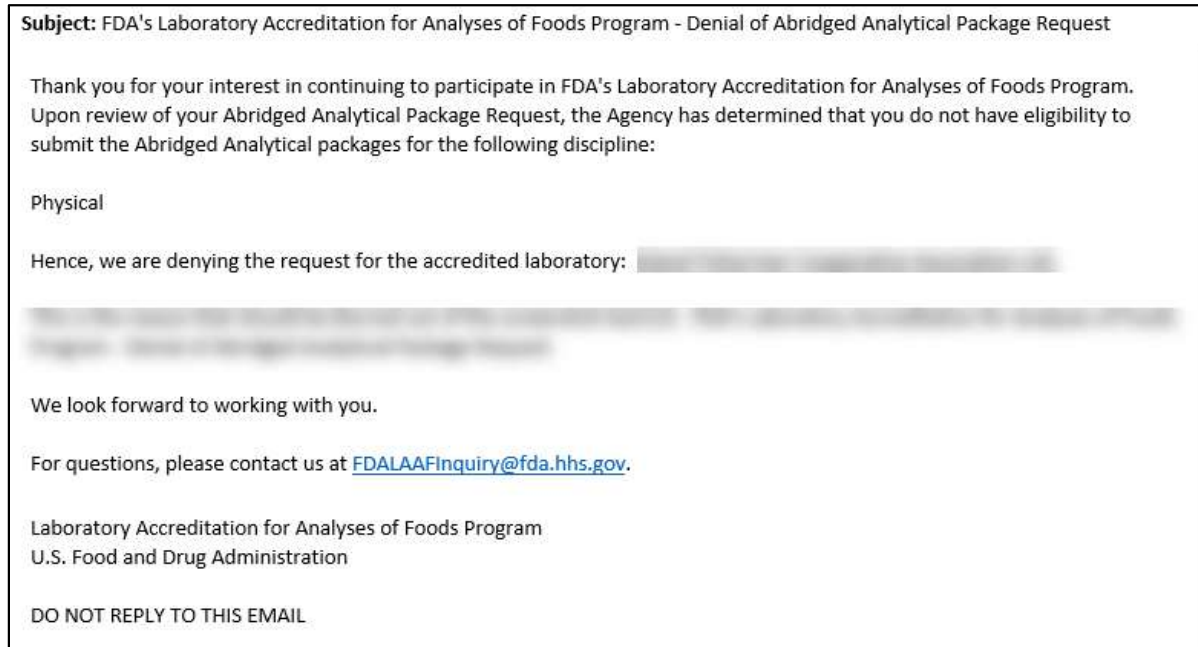

Figure 6.17: Denial of Abridged Analytical Package Request Notification

Following a denial decision, the user may resubmit the notice by following the same steps listed in this chapter for submission of the notice.

Note: If FDA had previously approved a submission for a testing discipline and then determined that full package submission should resume, the user will receive the following notification (Figure 6.18):

Subject: FDA's Laboratory Accreditation for Analyses of Foods Program - Accredited Lab Analytical Package Status Change - Full

Thank you for participating in FDA's Laboratory Accreditation for Analyses of Foods Program. Your laboratory package submission status has changed from abridged to full. Please submit Full Accredited Lab Analytical Packages for the following discipline:

Biological

We look forward to working with you.

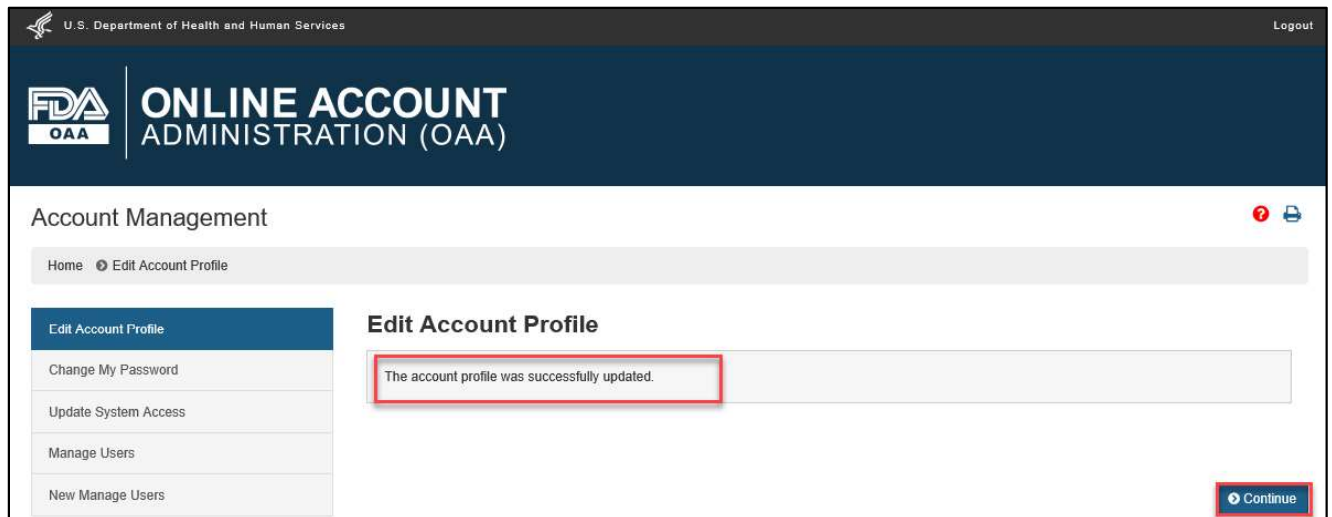

Figure 7.7: Successful Account Profile Update Message

7.2 View the Verification Status of a Test Method

The user can expand the accordion section to view the list of test methods and their statuses as “Verified” or “Not Verified” under the “Test Methods for which you have been accredited” table (Figure 7.8).

The default status of a test method is “Not Verified”.

If a test method has been verified by FDA, it will display as “Verified” in the “Status” column of the table. The user will be able to submit analyses to FDA for the “Verified” test method.

If a test method has not yet been verified, or it has been reverted back by FDA from previous “Verified” status, it will display as “Not Verified” in the “Status” column.

Test Methods for which you have been accredited:			
Discipline	Analysis	Test Method	Status
Physical	Evisceration	Visual Examination	Verified
Biological	Virus, Hepatitis A	BAM Compendium: Concentration, Extraction, and Detection of Norovirus and Hepatitis A virus in Soft Fruit	Not Verified
Chemical	Pesticides/IC, Pesticides	JAFc 2011, 59, 6383ff: Modified QuEChERS - LCMS	Not Verified
Chemical	Melamine	LIB 4421: Determination of Melamine and Cyanuric Acid Residues in Infant Formula using LC-MS/MS	Not Verified
Biological	Shigella	BAM Chapter 6: conventional nested PCR assay	Not Verified

Figure 7.8: Test Methods for Which You Have Been Accredited Table

The user will receive a notification for “Verified” (Figure 7.9) and “Not Verified” testing methods (Figure 7.10).

Note: The images (below) only depict the e-mail notification subject and text.

The content are examples of the notifications; the actual testing method listed in the user’s version of the notifications may vary.

Subject: FDA's Laboratory Accreditation for Analyses of Foods Program - Testing Method Status - Verified

We are pleased to inform you that the verification/validation for the below testing method submitted has been accepted by the Laboratory Accreditation for Analyses of Foods Program team. You may now submit analyses for this method.

JAOAC Intl. 87, No.5, (2004), pp. 1224ff: GC-MSD in SIM Mode for NSOs (Pesticides Containing Nitrogen, Sulfur, Oxygen, or no Heteroatoms) under the testing discipline Chemical

We look forward to working with you, thank you for your participation in FDA's Laboratory Accreditation for Analyses of Foods Program.

Subject: FDA's Laboratory Accreditation for Analyses of Foods Program - Testing Method Status - Not Verified

The Agency has reviewed and would like to inform you that the agency does not have a verification/validation for the below method on file.

You will need to submit a verification/validation for the following method before you may proceed.

JAOAC Intl. 87, No.5, (2004), pp. 1224ff: GC-MSD in SIM Mode for NSOs (Pesticides Containing Nitrogen, Sulfur, Oxygen, or no Heteroatoms) under the testing discipline Chemical

We look forward to working with you, thank you for your participation in FDA's Laboratory Accreditation for Analyses of Foods Program.

For other questions please contact us at FDALAAFIquiry@fda.hhs.gov.

7.3 View Package Submission Allowed for a Testing Discipline

To view the approval status for submission of abridged or full **import** analytical packages for a testing discipline, the user may go to the “Package Submission Allowed for the following testing discipline(s)” portion of the accordion section (Figure 7.11).

The status under the “Approved Package Submission” column will default as “Full”.

If the user has submitted the Notice of Request for Submission of Abridged Analytical Packages for a testing discipline and it has been approved by FDA, it will display as “Abridged” for that testing discipline in the “Approved Package Submission” column.

If FDA determines the user should resume full **import** analytical package submission for a discipline, the user will receive a notification and the status will change from “Abridged” to “Full”.

The user may resubmit the Notice of Request for Submission of Abridged Analytical Packages for the testing discipline that has been reverted from “Abridged” to “Full,” if appropriate.

Package Submission Allowed for the following testing discipline(s):

Discipline	Approved Package Submission
Biological	Abridged
Chemical	Full
Physical	Full

Figure 7.11: Approved Package Submission Status

Refer to Chapter 6 “Reports and Notifications” for instructions for submission of the Notice of Request for Submission of Abridged Analytical Packages.

8 Contact Us

The “Contact Us” feature allows the user to contact the LAAF program by email.

To access the feature, the user will click the “Contact Us” link from the navigation menu on the “AL Home” page (Figure 8.1).

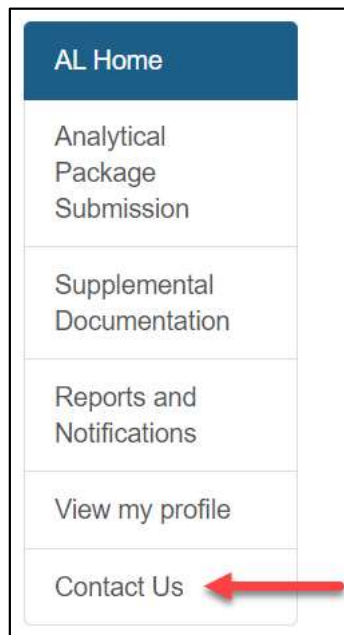

Figure 8.1: Navigation Menu

The system will display the “Contact Us” page in an email template format, with a “Subject” field allowing up to 150 characters and a “Message” field up to 4,000 characters (Figure 8.2). Once the user has completed the “Subject” and “Message” fields, they will click the “Send” button to send the email.

APPENDIX

Abbreviations

Abbreviation	Acronym Description
AB	Recognized Accreditation Body
AL	LAAF Accredited Laboratory
CFSAN	Center for Food Safety and Applied Nutrition
FDA	U.S. Food and Drug Administration
ITACS	Import Trade Auxiliary Communication System
LAAF	Laboratory Accreditation for Analyses of Foods
OAA	Online Account Administration
ORA	Office of Regulatory Affairs

Icon Behavior

Standardized icons are used throughout the system. Each icon performs a specific system function. The icon description and system function are described below:

Icon Description	Icon	System Function
Magnifying Glass		View the associated item
Pencil		Edit the associated item
Trash Can		Delete the associated item
Printer		Print the associated item
