Comment: One public comment was received with regard to program integrity requirements under the contract (§§ 438.608 and 457.1285). The commenter noted that CMS should clarify if the proposed changes applied to NEMT PAHPs.

Response: The proposed changes to overpayment reporting (from 10 calendar days to 30 calendar days) do not apply to NEMT PAHPs.

Action Taken: We have updated the applicable number of contracts in these estimates to exclude NEMT contracts.
