PAPERWORK REDUCTION ACT OF 1995 (Public Law 104-13) STATEMENT OF PUBLIC BURDEN: Through this information collection, ACF is gathering data on your grant program to understand the design and effectiveness of the program and to inform technical assistance needs. Public reporting burden for this collection of information is estimated to average 2 hours per grantee, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0628 and the expiration date is 09/30/2024. If you have any comments on this collection of information, please contact juliana.melara@acf.hhs.gov.

The quarterly PPR is due 30 days after the close of the reporting period. AHSSD will use the ACF Standard PPR Form to track your progress every quarter. We will supply you with guidance about more specific information that we would like to learn through the report.

What is the quarterly PPR?

The quarterly project performance report (PPR) is a narrative report completed by grant recipients to update the program office on the progress of the grant project.

How does the program office use the quarterly PPR?

Your program specialist will use the quarterly PPR to provide you specialized training and technical assistance. The office will also use the information to learn about your program's implementation and outcomes for research and evaluation, to develop technical assistance, and for other reporting.

When is my quarterly PPR due?

It is due 30 days after the end of the reporting period and will cover the activities during that reporting period. Please only report information about activities for the reporting period covered by the PPR.

Reporting Period Covered	Due Date
October 1 - December 31	January 30
