Method of receiving benefit payments

PBGC pays benefits through safe, secure and convenient electronic funds transfer. You will get your payment on time even if you are out-of-town or unable to get to the bank.

If you have a bank account, you can ask us to deposit your benefit payments to your account through Electronic Direct Deposit (EDD).

If you **do not** have a bank account, you can open a low-cost Electronic Transfer Account (ETA) at a financial institution that offers such accounts. For more information about opening an ETA, call 1-888-382-3111 (toll-free) or visit the ETA website at www.eta-find.gov.

Note: PBGC does not transfer funds to financial institutions outside the United States and its territories. *If you live outside the United States or its territories and do not have a U.S. bank account, PBGC will send your payment to your mailing address.*

1) How would you like to receive your payments?

- By EDD or ETA* to an account that must have your name on it.
-

By mail to my home address, which is the primary or secondary address you marked as your mailing address. You may choose this option if EDD or ETA would be difficult or a burden because:

- You do not have a bank account.
- You reside in a remote location that does not have the infrastructure to support EDD or ETA.
- It is too expensive for you to maintain a bank account.
