**Section 1: General Grant Information**

Grantee Name	Grant Project Title
EPA Grant #	Period of Performance (start date)
EPA Grant Award Amount 0	Period of Performance (end date)

**Section 2: Burden Statement**

OMB Control Number = 2035-NEW, Expiration Date = mm/dd/yyyy

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. OMB Control Number: 2035-NEW. Responses to this collection of information are mandatory [2 CFR Part 200]. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 40 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to Director, Information Engagement Division; U.S. Environmental Protection Agency (2821T); 1200 Pennsylvania Ave., NW; Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

**Section 3: Accomplishments**

**Grant application and funding-related outcomes**

Please Respond Below

Name of Grant Program	<input type="text"/>
a. Date of Application Submission	<input type="text"/>
b. Title of Application	<input type="text"/>
c. Amount of Funding Requested	<input type="text"/>
d. Applicant Name	<input type="text"/>
e. Does the applicant represent a DAC?	<input type="checkbox"/> Yes <input type="checkbox"/> No
f. Status of Application	<input type="text" value="--None--"/>

[Add new Workplan Task/Project Activity](#)

**Section 4: Challenges / Difficulties**

Please Respond Below

a. Please describe any challenges or difficulties you experienced across at least 6 months of the project period. How were these challenges addressed and/or resolved?	<input type="text"/>
b. Please also describe what has gone well across the implementation of different aspects of the project. What best practices and/or resources have helped to facilitate these successes?	<input type="text"/>

Section 5: Sustainability

Please Respond Below

a. What steps have you and the community taken to ensure that the progress from the TCTAC's work continues and that the TCTAC services are utilized to achieve the community's vision for environmental and public health?

b. Collaborations, and relationships with program participants, especially those representing underserved, rural, and/or remote communities, are essential to sustainable and effective community work. Please list the collaborations that have been instrumental for your TCTAC and briefly explain how each of these relationships can be sustained beyond this funded project.

c. Now that the project period is over, what are the next steps for your project and/or organization to continue addressing the needs of the community now that the project period is over?

Section 6: Services to Rural, Remote, and Mine Land Community Program Participants - ERA

Related to ERA Energy Improvement in Rural or Remote Areas, ERA. \* Please refer to ERA documentation for the ERA Program's definition of "rural or remote"?

Please Respond Below

a. How many total (throughout the entire project period) rural or remote program participants received the eligible services?

b. Which services were provided?

c. Of the rural and remote program participants that you provided eligible services to, how many were awarded funding or selected by DOE after receiving the services?

d. Of the rural and remote program participants that you provided eligible services to, how many were awarded funding or selected by non-DOE opportunities after receiving the services?

e. How did the eligible services provide support to clean energy development in rural or remote areas?

f. How were rural and remote communities identified for participation in TCTAC services?

Section 7: Services to Rural, Remote, and Mine Land Community Program Participants - CEML

Related to Current and Former Mine Land, CEML

Please Respond Below

a. How many total (throughout the entire project period) mine land community program participants received the eligible services?

b. Which services were provided?

c. Of the mine land community program participants that you provided eligible services to, how many were awarded funding or selected by DOE after receiving the services?

d. Of the mine land community program participants that you provided eligible services to, how many were awarded funding or selected by non-DOE opportunities after receiving the services?

e. How did the eligible services provide support to clean energy development on mine land?

Section 8: Feedback

Please Respond Below

If you have any additional feedback or comments for EPA, please note this here.
