

Third Party Notification Form

Third Party Notifiers certified by EPA's Office of Air and Radiation may upload data related to the location and quantity of methane super emitter events. Once the required data is submitted, notifiers will receive a copy of the information they presented and will have the opportunity to edit records via an updated submission.

Notifier Information

Unique Third-Party Notifier ID (XXXX-TPN) Autopopulated, read only.

Event Notification # Autopopulated, read only.

Name * Autopopulated, read only.

Email * example@email.com

[Submit Form](#)

[Clear Form](#)

Detection Information

Start Date of Detection mm/dd/yyyy

End Date of Detection * mm/dd/yyyy

Time Zone of Detection No Restrictions

Start Time of Detection HH:MM AM/PM

End Time of Detection HH:MM AM/PM

Note: If detection is ground or aerial based and continuing, enter the time that detection ended.

Latitude and Longitude *

Please ensure latitude and longitude coordinates are accurate within 50 meters and precise to 4 decimal places and follow the North American Datum of 1983 (NAD83). Enter in the coordinates using decimal degrees, noting that negative latitude represent the southern hemisphere, and negative longitude represent the western hemisphere.

Detection Latitude (Example: 35.1789)

Detection Longitude (Example: -147.25687)

Source Information

If the user is not providing owner/operator identification information, select "Other" in the "EPA or API Identifier Type" field and leave the rest of the fields blank. EPA will not provide an event notification to owners and operators if the user does not provide any owner/operator identification information.

EPA or API Identifier Type No Restrictions

EPA or API Identifier #

Other EPA/State Identifier

Emission Information

Quantified Emission Rate (kg/hr) *

Associated Uncertainty Bounds (1 standard deviation) (kg/hr) *

Does this notification appear to be from the same source as a previously submitted emissions event? If so, list the notification ID of associated leaks.

Associated Metadata

Please fill out the following fields if they were used in your calculations. Note that all values must be numerical and in standard units.

Wind Speed (m/s)

Wind Direction (Degrees °)

Temperature (°F)

Humidity (g/kg)

Attestation

I certify that I have been approved to be a notifier under 40 CFR 60.5371b(b) and that the emission detection information included in this notification was collected and interpreted, as described in this notification. Based on my professional knowledge and experience, and inquiry of personnel involved in the collection and analysis of the data, the certification submitted herein is true, accurate, and complete.
