SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 28, 2024 at 89 FR 54029.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration.

MB Approval Number: 2528-0319.
Type of Request: Extension of a currently approved collection.
Form Number: N/A.

Description of the need for the information and proposed use: The U.S. Departments of Housing and Urban Development (HUD) and Justice (DOJ) entered into an interagency collaboration that combines DOJ's mission to promote safer communities by focusing on the reentry population with HUD's mission to end chronic homelessness. This collaboration resulted in the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration with \$8.68 million awarded to seven communities to develop supportive housing for persons cycling between the jail or prison systems and the homeless service systems using pay for success (PFS) as a funding mechanism. HUD announced seven grantees from across the country in June 2016. As of August 2024, four grantee communities remain. The PFS Demonstration grant supports activities throughout the PFS lifecycle, including feasibility analysis, transaction structuring, and outcome evaluation and success payments, with each grantee receiving funds for different stages in the PFS lifecycle. Through the national evaluation, which is funded through an interagency agreement between HUD

and DOJ and managed by HUD's Office of Policy Development and Research, HUD-DOJ seek to assess whether PFS is a viable model for scaling supportive housing to improve outcomes for a reentry population. The main goal of the evaluation is to learn how the PFS model is implemented in diverse settings with different structures, populations, and community contexts. The Urban Institute has been conducting a multi-disciplinary, multi-method approach to "learn as we do" and meet the key objectives of the formative evaluation. To understand project implementation, the evaluation includes data collection on both the time that project partners dedicate to each PFS project as well as PFS partner perceptions and interactions and community-level changes that may benefit the target population. This information collection request is for an ongoing time survey and an annual partnership web survey. The time survey will be used to assess staff time spent on development of each PFS project throughout the different lifecycle phases and the partnership survey will be used to document partner perceptions and interactions and community-level changes that may benefit the target population.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hours per response	Annual burden hours	Hourly cost per response	Annual cost
HUD-DOJ PFS Key Project Partners (Annual Web-based Partnership Survey)	65	1	65	.33	21.67	\$32.55	\$528.94
HUD-DOJ PFS Key Project Partners (Quarterly Time Use Survey)	17	4	68	1.00	68.00	32.55	2,213.40
Total	82	84.25	2,742.34
