

**NON-SUBSTANTIVE CHANGE REQUEST JUSTIFICATION**  
**OMB Control No. 3060-1058**  
**FCC Forms 608**

The Wireless Telecommunication Bureau (WTB) is submitting this non-substantive change request to the Office of Management and Budget (OMB) for approval of non-substantive correction to the instructions for FCC Forms 603 and items .

The FCC Form 608 is a consolidated, multi-part application form that is used to file spectrum leasing applications or notifications for market-based and site-based licensing for wireless telecommunications services, including public safety, which are filed through the Commission's Universal Licensing System (ULS). The GAO recommended that the FCC add tribal specific information to our licensing forms that allow us to track tribal access to spectrum licenses. To implement this recommendation FCC is proposing to revise the legal entity type questions on the FCC Form 608 to include, two additional selections: Tribal Nation and Business Controlled by a Tribal Nation. This change applies to questions 23, 48, 76, and 104 and 131. We are submitting this non-substantive change requests for approval to add these selections. This change will not increase the burden on the tribal applicants.

The FCC Form 608 Instructions are being revised as follows:
