Interagency Notice of Change in Control—FR 2081a

An organization or a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

General Information and Instructions

Preparation and Use

This form is used to file notice to acquire control of a depository institution or a holding company, pursuant to the Change in Bank Control Act, as amended (12 U.S.C. § 1817(j)). As used in this form, "holding company" means a bank holding company, a savings and loan holding company, or other company that controls a depository institution. The information must be submitted to the appropriate federal banking agency of the institution whose shares are to be acquired. All inquiries on preparation of the notice should be directed to that agency which, in some circumstances, may modify the information requested.

The federal banking agency will review the submitted notice to determine if it is complete. If the submitted notice is not complete, the federal banking agency may either request additional information or it may return the notice. If the required information is not available, please explain. When the notice is complete, the federal banking agency will confirm its determination in writing. The questions are not intended to duplicate information supplied on another form or in an exhibit; a cross-reference to the information is acceptable. *Any cross-reference must be made to a specific location in the documents, so the information can be found easily.* If additional space is needed to provide complete answers, please attach additional sheets or exhibits.

For additional information regarding the processing procedures and guidelines, and any supplemental information that may be required, refer to the appropriate federal banking agency's procedural guidelines (for example, the OCC's Rules and Regulations (12 C.F.R. Part 5.50), the *Comptroller's Licensing Manual*, the FDIC's Rules and Regulations (12 C.F.R. Part 303), and the Board's Regulations Y and LL (12 C.F.R. Part 225 and 12 C.F.R. Part 238, respectively)) and relevant policy statements. Contact the agency directly for specific instruction, or visit its Website at www.occ.treas.gov, www.fdic.gov, or www.federalreserve.gov.

Biographical and Financial Report

To assist the appropriate federal banking agencies in evaluating the factors specified in the Change in Bank Control Act, an *Interagency Biographical and Financial Report* is generally required for each person named in the notice.

Supporting Information

The questions in the notice are not intended to limit the acquirer's responses, and the federal banking agency may request additional necessary information. If any information furnished in the notice

changes materially during the processing of the notice or prior to consummation, such changes should be communicated promptly to the federal banking agency with which the notice was filed.

Compliance

The acquirer is expected to comply with all representations and commitments made in connection with this notice.

Transactions subject to the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (15 U.S.C. § 18a), which applies to certain very large transactions, require a pre-merger filing with the Federal Trade Commission and the Department of Justice.

Notice of Publication

An acquirer must publish an announcement soliciting public comment on the proposed acquisition in a newspaper of general circulation in the community in which the head office of the depository institution or holding company is located. In the case of a bank holding company or savings and loan holding company, an announcement also must be published in each community in which the head office of a bank or savings association subsidiary of the holding company is located. A copy of the affidavit(s) of publication should be submitted to the appropriate federal banking agency. Contact the appropriate federal banking agency for the specific requirements of the notice of publication.

Confidentiality

Any acquirer desiring confidential treatment of specific portions of the notice must submit a request in writing with the submission of the notice. The request must discuss the justification for the requested treatment. An acquirer's reasons for requesting confidentiality should specifically demonstrate the harm (for example, loss of competitive position, invasion of privacy) that would result from public release of information (5 U.S.C. § 552). Information for which confidential treatment is requested should be (1) specifically identified in the public portion of the notice (by reference to the confidential section); (2) separately bound; and (3) labeled "Confidential." An acquirer should follow the same procedure for a request for confidential treatment for the subsequent filing of supplemental information to the notice.

An acquirer should contact the appropriate federal banking agency for specific instructions regarding requests for confidential treatment. The appropriate federal banking agency will determine whether the information will be treated as confidential and will advise the acquirer of any decision to publicly release information labeled as "Confidential."
