**Re:** FNS SNAP Work Requirements and E&T Data Study

Dear *[First Name] [Last Name]*,

Thank you for agreeing to participate in the **interview component** of FNS's *SNAP Work Requirements and Employment and Training (E&T) Data Study*. The primary purpose of this study is to develop a framework for data FNS can use to monitor and assess States' progress toward equity.

For the interview component of the study, the research team will conduct virtual interviews with SNAP staff at State and local agencies, SNAP E&T provider staff, and other interested parties. The interview with State staff will last 1.5 hours; all other interviews will last 1 hour.

To begin the process, we would like to set up a planning call with you in the next week or so. During this call, we will discuss the study, the information we want to gather, potential interview respondents we would like your help recruiting, and a tentative schedule for the interviews. Our team is available for a virtual meeting during the following windows of time. Please indicate the timeslots you (and your State's SNAP E&T manager, if possible) are available for a 1-hour discussion, and we will arrange a virtual meeting accordingly.
