AUTHORITY: The collection of this information through eFISH is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*

PURPOSE: NMFS uses information submitted through eFISH to identify individuals, businesses, cooperatives, and non-profit corporations that intend to participate in the federally managed groundfish and crab fisheries off Alaska, and to identify license holders, vessel owners, and vessels that are members of fishery cooperatives. NMFS posts some information submitted through eFISH on its public website (<https://www.alaskafisheries.noaa.gov>), including name of the individual business owner or authorized

representative of the cooperative, business address, and names of the license holders and vessel owners who are members of a cooperative. In addition, NMFS may share information submitted through eFISH with other State and Federal agencies or fishery management commissions, including staff of the North Pacific Fishery Management Council and Pacific States Marine Fisheries Commission.

DISCLOSURE: Providing information through eFISH is voluntary; however, failure to provide complete and accurate information will prevent the determination of eligibility and issuance of mandatory fishing permits, processing permits, licenses, and fishing quotas to individuals, businesses, and cooperatives.
