The CHIPS Program Office (“**CPO**”) of the United States Department of Commerce (the “**Department**”) is responsible for implementing the CHIPS Incentives Program established pursuant to Section 9902 of Title XCIX—Creating Helpful Incentives to Produce Semiconductors for America – of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, 15. U.S.C. §4652, as amended by the Creating Helpful Incentives to Produce Semiconductors and Science Act of 2022 (Sections 102 and 105 of Pub. L. 117-167) (together, the “**CHIPS Act**”). Pursuant to this CFS, CPO invites submissions from Technical Advisor (“**TAA**”) service providers (“**Firms**”) interested in serving on a panel to advise the Department on transactions under Section 9902 of the CHIPS Act (the “**Panel**”). Each Firm selected for the Panel will:

- Have superior qualifications and expertise in providing TAA services; and
- Be prepared to provide TAA services to the Department from time to time as outlined in this CFS and on an Applicant Pay Basis. “**Applicant Pay Basis**” means that the fees and expenses of the Department for a transaction will be borne solely by the applicant or sponsor (or another third party) and not by the Department. All transactions covered by this CFS will be on an Applicant Pay Basis. The Department shall have no obligation or liability to make any payments to Firms retained in connection with this CFS. However, the Department reserves the right to elect in the future to pay for certain fees and expenses associated with TAA services.

ANNEX A

INSTRUCTIONS TO FIRMS

1. Introduction

- 1.1 CPO invites Firms interested in being included on the Panel to provide a submission in response to this CFS (each, a “**Submission**”). The mission of the CHIPS Incentives Program is to catalyze long-term growth in the domestic semiconductor industry to support our national and economic security by financing major semiconductor manufacturing and related facilities through a combination of grants, loans, loan guarantees, and other transactions. For more general information on the CHIPS Incentives Program, please see the CHIPS website at www.chips.gov.
- 1.2 This CFS will be used to create a panel of Firms qualified to provide TAa services to the Department on an “Applicant Pay Basis” in connection with transactions under Section 9902 of the CHIPS Act (“**Transaction Advisors**”). Although the Department will have no obligation to pay the fees and expenses of any Transaction Advisor in these matters, CPO will select Transaction Advisors, ensure that the work is being performed in accordance with the specified scope of work, and approve its invoices. In these matters, the Firm’s professional duties will be solely to the Department as its client.
- 1.3 A more specific description of the services that may be required is described below in Section 8.
- 1.4 The cost of preparing a Submission, providing any additional information, attending any meetings or making any oral presentations in connection with this CFS shall be borne by each Firm, regardless of the outcome of the CFS process.
- 1.5 Effective with the release of this CFS, all communications regarding this CFS should be directed to the following e-mail address: Advisors@chips.gov. Firms may submit requests for clarification to this CFS by sending an e-mail to Advisors@chips.gov no later than **[DATE/TIME]**. CPO may, whether at its own initiative, or in response to a clarification requested by a Firm, modify this CFS by addendum. CPO may, at its discretion, extend the deadline for Submissions.

2. Intended Schedule

The following schedule reflects the expected completion dates, but may be modified by CPO in its sole discretion (all dates are Washington, D.C. time):

◆ Issue Call for Submissions	[DATE/TIME]
◆ Deadline for Submitting Questions	[DATE/TIME]
◆ Submission Due Date	[DATE/TIME]
◆ Selection Date	[DATE/TIME]
◆ Firm Acknowledgement Date	[DATE/TIME]
◆ Implementation Date	[DATE/TIME]

3. Submission Due Date

Submissions must be submitted by e-mail in Microsoft Word or PDF format to Advisors@chips.gov by **[DATE/TIME]** (Washington, D.C. time).

4. Preparation of Submission

- 4.1 Firms should respond to this CFS clearly and concisely, omitting generalized public relations or business development materials. Please provide brief, clear examples of relevant expertise and value added.
- 4.2 Submissions should contain the Firm's best terms from a technical and financial standpoint.
- 4.3 **Submissions must follow the Form of Application provided in Annex B and should reproduce the questions and numbering used in that form. Submissions should not exceed twenty (20) pages (excluding (i) resumes of proposed Firm Team members and (ii) responses to the items requested in Annex B, Section 3, Conflicts of Interest Disclosure).**

5. Evaluation of Submissions

- 5.1 An evaluation committee (the "**Evaluation Committee**") comprised of CPO staff or other federal employees will carry out the initial evaluation of each Submission.
- 5.2 The Evaluation Committee will recommend Firms for inclusion on the Panel based on the following criteria:
- **Eligibility Criteria**: The eligibility criteria contained in Section 1.A of Annex B (Form of Application) are designed to ensure that, to the degree possible, only those Firms with the evident ability to satisfy the Department's basic requirements will provide Submissions and qualify for further consideration under this CFS.
 - **Technical Capability**: The technical capability and experience of: (i) the Firm, (ii) the Key Persons (as defined in Annex B) and (iii) the Firm Team (as defined in Annex B).
 - **Financial Proposal**: A Firm's ability to deliver timely, high-quality services, at reasonable fees.
 - **References**: CPO may check references (whether or not listed in the Submissions) for the Firms.
 - **Conflicts of Interest**: CPO will consider the responses to the items listed in Section 3 of Annex B (Conflicts of Interest Disclosure).
- 5.3 CPO reserves the right to verify any information contained in a Firm's response or to request additional information after the Submission is received.
- 5.4 During the evaluation process, CPO may select a short list of finalists ("**Short List**") from among the responding Firms. CPO may conduct discussions and meetings with, and request oral presentations from, all or some of the Firms on the Short List.
- 5.5 CPO reserves the right to discontinue the process contemplated by this CFS at any time and makes no commitments, implied or otherwise, that inclusion on the Panel will guarantee work or a revenue stream.
- #### 6. Final Selection for Panel
- 6.1 CPO will select Firms for inclusion on the Panel based on its sole and exclusive determination.
- 6.2 Based on the selection criteria outlined above in Section 5, the Evaluation Committee will recommend to the CPO Director of Strategic Planning or other selecting official ("**Selecting**

Official") the Firms to be included on the Panel. The Selecting Official will make the final determination regarding the Firms to be included on the Panel.

- 6.3 CPO will notify each Firm whether it has been selected for the Panel no later than the Selection Date noted above, unless extended.
- 6.4 Selected Firms will be included on the Panel upon their confirmation in writing of their participation on the Panel prior to the Firm Acknowledgement Date noted above, unless extended.
- 6.5 Firms included on the Panel are expected to be prepared to commence providing services as of the Implementation Date stipulated in Section 2 above, subject to the process outlined in Section 7 below, pursuant to which allocation of work assignments for any specific transactions will be made. While the Department expects to use the Firms on the Panel for services as outlined in the CFS, the Department is not bound to do so and selection as a member of the Panel is not a guarantee that the Firm will be engaged to provide TAa services for the Department on specific transactions.
- 6.6 The Department reserves the right to terminate a Firm's status as a member of the Panel at any time, with or without cause. If a Firm is removed from the Panel, the Firm agrees to engage in a reasonable transition of any current matters to another Firm as directed by the Department.
- 6.7 Firms must provide notice to CPO when any Key Person (as defined in Annex B) leaves the Firm and may propose a replacement Key Person for approval at CPO's sole discretion. Firms must at all times have at least one approved Key Person.
- 6.8 The number of Firms selected for the Panel will be determined by the capabilities of the Firms responding to this CFS. In order to ensure that CPO continues to meet the evolving needs of the Department's business and clients and provide the best value to the Department's various stakeholders, CPO expects to review the Panel at least every five (5) years. However, CPO reserves the right to extend, restructure, revise or terminate the Panel at any time.

7. Selection for Specific Transactions

- 7.1 This CFS is designed to identify Firms suitable for inclusion on the Panel only, and is not an offer to work on a specific transaction. The need for Transaction Advisors and the selection of a Transaction Advisor for any particular transaction will be determined by CPO in its discretion on a case-by-case basis, as described below. CPO also reserves the right to retain transaction advisors not included on the Panel for any transaction (including Applicant Pay Basis transactions), depending on the facts and circumstances of the transaction (e.g., multi-lender transaction in which the lead lender (other than the Department) retains a firm not on the Panel and CPO determines it wants to share transaction advisors with the other lenders).
- 7.2 For any given transaction where CPO elects to retain a Transaction Advisor on an Applicant Pay Basis from the Panel, one or more of the Firms on the Panel will be asked to submit a proposal with regard to a specified scope of work. The determination as to which Firms will be asked to submit a proposal will be based on criteria determined by CPO in its sole discretion. Unless otherwise deemed advantageous to the Department by CPO based on the facts and circumstances of such transaction, CPO will choose one of those Firms to advise the Department on such transaction. Criteria taken into account in selecting a Transaction Advisor may include:

- The technical capability of the Firm and, particularly, the individual Firm Team members that the Firm proposes for the assignment;
- The Firm's past performance when representing clients including, to the extent applicable, any past engagements by the Department;
- The Firm's financial proposal (e.g., hourly rates, estimate of time required to complete the assignment, discounts, caps or other mechanisms proposed, conditions attached to the proposal, etc.);
- Availability of the individuals proposed for the assignment and general distribution of existing work among Firms;
- The preferences, objections or potential conflicts of interest relating to other participants in the transaction, including the applicant sponsor; and
- Any other relevant factors as determined by the Department, including, but not limited to, any other policy or internal Department considerations.

7.3 The Firm will be engaged by the Department (using the Department's standard engagement documentation, see Annex B, Section 4, Guidelines for Transaction Advisors, with such modifications as the Department in its sole judgement deems appropriate from time to time), and will be accountable to the Department employee assigned to be the Firm's primary point of contact for the transaction ("**CHIPS Transaction POC**"). The Transaction Advisor will be expected to work closely with the CHIPS Transaction POC and keep the CHIPS Transaction POC informed of all significant transaction and Department policy-related issues.

8. Services Required

8.1 CPO is interested in identifying Firms with a serious interest in advising the Department on transactions in direct funding transactions (via grants, cooperative agreements, or other transactions), loans, and loan guarantees (collectively, "**CHIPS Incentives**") for eligible projects.

8.2 *Sample Scope of Work.* The following tasks would be typical of the range of services performed by the Transaction Advisor on a specific CHIPS Incentives transaction:

Prior to the Department's award of a CHIPS Incentives transaction to an applicant:

OBJECTIVE AND DESCRIPTION – TAa DUE DILIGENCE SERVICES

"CPO requires an advisor to assist CPO in conducting technical reviews and cost estimates of semiconductor manufacturing machinery, tools, and other technical requirements that will be used for projects approved through the CHIPS program. Additionally, CPO requires an advisor to assist CPO in conducting technical reviews of the applicant's technology, R&D, and supply chain activities. The advisor will conduct technical due diligence in accordance with the following areas listed below.

- **Machinery/Tools/Other Technical Requirements:** Review the applicant's project plan and determine if the applicant needs the type and amount of machinery and tools listed in the application to assist in the production process for the specific semiconductors that are within the project's scope (e.g., 4nm logic chips). CPO wants to understand if the production volume (e.g., 60,000 wpm) is commensurate with the amount and type of machines and tools listed in the application.

- **Machinery & Tools Cost Estimates:** Review the machinery and tools listed in the applicant's project plan and determine rough cost estimates for the machines and compare the costs to values provided by the applicant. Significant cost differentials (e.g., greater than 20%) should be flagged and investigated further to ascertain why the applicant provided values are significantly different than the values the advisor provided.
- **Cleanroom Buildout & Equipping:** Review the applicant's project plan and determine if the cleanroom scale and equipment are sufficient to achieve the applicant's desired throughput (e.g., 60,000 wpm). Additionally, the advisor should review the proposed costs of the cleanroom construction and equipment and compare them to their own cost estimates. Significant cost differentials (e.g., greater than 20%) should be flagged and investigated further.
- **Due diligence on technology and R&D:** To review the underlying technology discussed in the proposed project and determine the technical feasibility of manufacturing the chips at the proposed throughput (e.g., 60,000 wpm) and timeline based on company experience and expertise. This will be particularly important for applicant projects that are looking to create a new process node or technology that they haven't manufactured before at another facility. Additionally, to review R&D commitments, collaborations, and timelines to ensure they are feasible.
- **Technical due diligence on supply chain:** – To review the applicant's supply chain plans and risk mitigation strategies and determine if the plans are feasible and comprehensive. Additionally, to review the key supply chain risks identified by the applicant and determine if there are additional risks that the applicant did not identify (e.g., sole sourcing from a single company in a country of concern) and list potential mitigants for the unidentified risk.

After the Department's issuance of an award for the project, such other TAa services as may be necessary from time to time, as determined by the Department.

Attn: **[Name of Department Agreements Officer]**

Re: Engagement of **Name of Firm** by the United States Department of Commerce (the "**Department**") in connection with financing of **Name of project or transaction** (the "**Transaction**").

Dear []:

This letter confirms that **Name of Firm** (the "**Firm**") will act as Technical Advisor for the Department in connection with the Transaction from the date hereof. Such engagement is being undertaken pursuant to Section 9902 of Title XCIX—Creating Helpful Incentives to Produce Semiconductors for America – of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, 15. U.S.C. §4652, as amended by the Creating Helpful Incentives to Produce Semiconductors and Science Act of 2022 (Section 102 and 105 of Pub. L. 117-167) (together, the "**CHIPS Act**"). The Firm serves on a panel to advise the Department on transactions under Section 9902 of the CHIPS Act (the "**Panel**"). The Firm's engagement by the Department on the Transaction is subject to the understanding that the Department will not be responsible for any of the Firm's fees and expenses attributable to representing the Department in connection with the Transaction. The Firm agrees that the Firm will look only to **Name of Applicant or Sponsor** (the ["**Applicant**"] ["**Sponsor**"]) for payment of such fees and expenses, without recourse in any manner whatsoever to the Department. The Firm's responsibilities in connection with the Transaction and the terms upon which the Firm will represent the Department are set forth in **Attachment A** attached hereto.

Name of Key Person will have primary responsibility for the engagement. The Firm's fees are based upon the hourly rates and other terms and conditions set forth in a letter from the [**Sponsor**] [**Applicant**] (the "**Responsible Party**") to the Firm (the "**Sponsor/Applicant Fee Letter**").

The Firm will keep the CHIPS Program Office, on behalf of the Department, closely involved with the progress of the Firm's services in connection with the Transaction. The Firm will furnish to the Department monthly statements of fees and expenses (each, a "**Statement**"), which shall include a detailed summary of fees and out of pocket expenses (each, a "**Detailed Summary**").

The Firm will furnish all Statements via e-mail as follows to [] (the "**Department Agreements Officer**") and [] (the "**Department Program Official**") at [].

Each Statement will clearly indicate:

Transaction Number: **Insert project/transaction number**

Transaction Name: **Insert name**

Department Agreements Officer: **Insert name**

Department Program Official: **Insert name**

Each Statement will include the following in the Detailed Summary for the period covered by such Statement:

- (i) a detailed description of services rendered, including: (a) the date on which services were provided; (b) a brief description of each task performed; (c) the amount of time expended to perform the task; and (d) the identity of and billing rate for the person who performed the task; and
- (ii) a description of each out-of-pocket expense for which the Firm seeks reimbursement, including: (a) the date on which the expense was incurred; and (b) the nature of the expense.

Each Statement will indicate:

- (i) a statement of total fees and expenses for the period covered by the Statement; and
- (ii) a cumulative total of fees and expenses incurred from commencement of work on the matter and a cumulative total of fees and expenses paid to the Firm from commencement of work on the matter.

If more than one task was performed by a time-keeper on the same day, the time for all tasks may be combined into one time entry, but separately set out in a detailed list or description to note the proportion of the total time spent on each task included therein. The Firm will maintain documentation evidencing all expenditures for out-of-pocket expenses incurred for CPO review, as necessary.

If the Firm is handling more than one CHIPS engagement matter at a time, a separate statement for each matter in the format described above will be submitted. We understand that CPO will not accept a single Statement covering multiple Department engagement matters.

We understand that CPO will forward or authorize the Firm to forward to the Responsible Party the Detailed Summary after reviewing, and, if necessary, redacting (or requesting the Firm to redact) such Detailed Summary to protect information deemed privileged or otherwise sensitive by CPO. The determination as to redaction is solely in the discretion of the Department.

At least five (5) business days prior to closing, the Firm shall provide to CPO an invoice that will include an estimate for the time expected to be incurred through the closing and for customary post-closing work, together with an estimate of expenses in connection therewith for transmittal to the Responsible Party after review, and redaction, if necessary, to protect privileged attorney-client information or other information deemed sensitive by CPO. Following closing, the Firm shall furnish to CPO Statements and Detailed Summaries of fees and expenses for services provided post-closing in connection with the Project, as these fees and expenses may accrue from time to time, for transmittal to the Responsible Party after review and redaction, if necessary, to protect information deemed privileged or otherwise sensitive by CPO.

The Firm confirms that with respect to the Transaction: (i) there are no conflicts of interest with present or former clients of the Firm, and (ii) the Firm will provide high quality services in a cost- effective manner and in accordance with the highest ethical standards.

Further, the Firm hereby confirms that the Firm is subject to the terms of the Guidelines for Engagement of the Department of Commerce by Transaction Advisors in CHIPS Matters attached hereto as **Attachment B**, the terms of which are incorporated herein by reference, regarding engagement by other clients who are, or seek to be parties to matters in which the Department is a party. **Appendix III** sets forth updated responses to the items requested Section 3 (Conflicts of Interest Disclosure) of the Firm's Submission to the Department in response to the Department's Call for Submissions. The Firm will keep CPO apprised of all material developments in the Transaction, and any potential conflicts of interest that may arise with respect to the Firm's work on the Transaction.

Nothing in this letter shall constitute a waiver of otherwise applicable standards of professional responsibility that may restrict the Firm, or its employees, from being engaged by the Department in connection with the Transaction.

This letter shall be governed by, and construed and interpreted in accordance with, the federal law of the United States of America; provided that, to the extent that federal law does not specify the appropriate rule of decision for a particular matter at issue, the law of the State of New York (without giving effect to its conflict of laws principles (except Section 5-1401 of the New York General Obligations Law)) shall be adopted as the governing Federal rule of decision. This Firm may not assign its rights and obligations hereunder without the prior written consent of the Department Agreements Officer.

This letter, together with the Call for Submissions for Transaction Advisor Panel—Technical Advisor and the annexes and forms attached thereto (including the Instructions to Firms, Form of Submission, Form of Applicant Fee Letter, the Form of Retainer Letter); the Call for Submissions for Individual Transactions; the Sponsor/Applicant Fee Letter; any other retainer letter and sponsor/applicant fee letter entered into by the Firm from time to time; and the OTA Cover Sheet signed by the Department Agreements Officer (as updated from time to time) constitute the Other Transaction Agreement (OTA) (Agreement No. [____]), dated as of [DATE]., entered into by the Department's National Institute of Standards and Technology.

Upon executing the Applicant/Sponsor Fee Letter, we will forward a copy thereof for CPO's files to **Name of Firm Administrative Staff**.

The Firm shall segregate all information it receives from the Department to prevent commingling or disclosure to Non-Firm Team Members. **“Non-Firm Team Member”** means individual Firm employees who are not participating in work under this Call for Submissions.
- (10) Internal dissemination by the Firm of information received from the Department during the performance of the CHIPS Engagement shall be limited to Firm Team Members who have been informed of the confidential nature of the information and need such information to perform work in connection with the CHIPS Engagement.

- (12) The Firm agrees that it shall return to the Department or destroy all information received by the Firm or prepared by the Firm during the performance of the CHIPS Engagement upon (a) demand by an authorized Department representative or (b) the completion or termination of the CHIPS Engagement, whichever occurs first.
- (13) In the event the Firm receives any legal notice from any third party that attempts to require the Firm to release any information subject to this Part (C), the Firm shall within three (3) business days provide written notice to the Department Agreements Officer and the Department Program Official, along with notice to any relevant third party of the notice received by the Firm.

The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this Part (C) and are controlling.

The OCI Plan shall, at a minimum, describe the Firm’s policies and procedures for defining, identifying, mitigating, and avoiding organizational and personal Conflicts of Interest (as defined in Section 3.3.1, “Conflict of Interest Disclosure”) between the work the Firm performs in connection with the CHIPS Engagement and any past, ongoing, and future work. - (19) The Firm understands that an actual, potential, or apparent Conflict of Interest may arise from a Firm Team Member performing CHIPS-Related Activities (as defined in Section 3.1.1, “Conflict of Interest Disclosure”) for another client, a Firm Team Member performing non-CHIPS-Related Activities for an Applicant (as defined in Section 3.1.2), a Non-Firm Team Member performing CHIPS-Related Activities for another client, or a Non-Firm Team Member performing non-CHIPS-Related Activities for an Applicant. An actual, potential, or apparent Conflict of Interest may also arise from employment, stock ownership, a creditor or debtor relationship, prospective employment, or any activities or relationships that could render the Firm unable or potentially unable to render impartial assistance or advice to the Department free of the appearance or existence of bias.

- (20) The Firm hereby affirms that, to the best of its knowledge and upon reasonable due diligence and inquiry, it does not have any actual, potential, or apparent Conflict of Interest with respect to any service provided in connection with the CHIPS Engagement.
- (21) The Firm agrees that, to avoid actual, potential, or apparent Conflicts of Interest, for the duration of the CHIPS Engagement, the Firm shall not perform CHIPS-Related Activities for any person or entity described in clause (i) of the definition of Applicant set forth in Section 3.1.2, “Conflict of Interest Disclosure,” unless the Firm: (1) fully discloses and submits to the Department Agreements Officer and the Department Program Official a description of the proposed engagement, (2) proposes a plan to mitigate any actual, potential, or apparent Conflict of Interest, and (3) obtains written authorization from the Department Agreements Officer. Failure to comply with this provision may result in termination of the CHIPS Engagement or removal from the Panel.

Failure to comply with this provision may result in termination of the CHIPS Engagement or removal from the Panel.
- (23) The Firm agrees that to avoid actual, potential, or apparent Conflicts of Interest, for the duration of the CHIPS Engagement and one (1) year thereafter, Firm Team Members shall not perform CHIPS-Related Activities for another client who is also an Applicant (as defined in Section 3.1.2, “Conflict of Interest Disclosure”) unless the Firm: (1) fully discloses and submits to the Department Agreements Officer and the Department Program Official a description of the proposed

(D) Expenses, Billing, Collections, and Travel. In connection with the CHIPS Engagement, the Firm agrees:

- (1) The Firm assumes the credit risk and dispute risk of the Applicant. The Department has no obligation to pay any of the Firm's fees and expenses; however, the Department will support the Firm in obtaining payment of its reasonable fees and expenses, which, in cases that the Department deems appropriate, may include requiring such payment as a closing condition.
- (2) During the course of the CHIPS Engagement, the Firm shall promptly respond to inquiries from the CPO or the **[Applicant]** **[Sponsor]** regarding past and expected fees and expenses. (E) Firm Team Changes. The Firm shall promptly notify CPO of the departure from the Firm of any employee who is a Firm Team Member, the withdrawal of any Firm Team Member from a CHIPS Engagement, and the addition of any new Firm Team Members (subject to the approval of CPO).

(F) Publications & Speeches.

(1) In the event that any employee of the Firm publishes any article, makes any speech or appears on a panel discussion relating to any CHIPS Engagement, the Firm shall ensure such person does not disclose any confidential information. The Firm shall require such person to make clear that he or she is writing or speaking in his or her own behalf, and not on behalf of the Department, the CHIPS Incentives Program or CPO. The Firm should deliver promptly to CPO copies of all speeches and articles referred to above after they have been given or published.

(2) In its promotional materials describing various client engagements, the Firm may disclose publicly available information about a particular CHIPS Engagement, provided that the Firm has performed *substantial* work in connection with such engagement.

(1) Equal Employment. The Firm shall comply with Section 202 of Executive Order (EO) 11246, as amended, pertaining to equal employment, as well as the EO's implementing regulation at 41 C.F.R. § 60-1.4.

The Firm shall transfer all CHIPS Files to the Department at actual cost upon CPO's written request. The Firm shall not have any lien over any CHIPS Files.

(I) Debarment. The Firm represents that it has not been debarred, suspended, or otherwise excluded from receiving an award by the Federal Government or otherwise prohibited by Presidential Executive Order or law from receiving an award from the Federal Government. The Firm shall comply with the

provisions of 2 C.F.R. Part 1326 (Nonprocurement Debarment and Suspension) and require participants in lower-tier transactions to comply with 2 C.F.R. Part 180, Subpart C (OMB Guidelines to Agencies on Governmentwide Debarment and Suspension).

- (J) Sanctions. Failure to comply with these Guidelines may result in the Department terminating any then-existing CHIPS Engagements with the Firm and/or disqualifying the Firm for future transactions.
- (K) Information Security Controls. Before the Firm may commence any work on the Transaction, (1) the Firm shall have implemented security controls that meet or exceed the standards set forth in 48 C.F.R. 52.204-21 (available here: [52.204-21 Basic Safeguarding of Covered Contractor Information Systems. | Acquisition.GOV](#)) or (2) if the Firm's security controls do not meet such standards in any respect, the Firm and DOC shall have agreed to a plan of action and milestones (POA&M) to correct any such deficiency.
