

## Introduction

Thank you for participating in the CERV-Net Learning Series. Please complete the following survey by May 31, 2024 to help the CERV-Net team evaluate the impact of this training.

### Public Burden Statement:

On behalf of HRSA OWH, NORC is evaluating the CERV-Net Learning Series to determine the impact of the learning series on providers' knowledge, skills, and intention to change their behavior related to cervical cancer care. This Pre-Test is one form of data collection being used for this evaluation. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0906-0084 and it is valid until 02/27/2027 This information collection is voluntary. Participant information provided as a part of this evaluation will be kept confidential on NORC's secure servers and will only be accessible by project team members. Participant name, role, organization, and contact information will be provided to HRSA, the Federal Cervical Cancer Collaborative, and others in the learning series to improve collaboration even after the learning series ends. Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Information Collection Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, Maryland, 20857 or [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov).
