OT21-2103 Quarterly Performance Measures Report Collaboration Tool – Updated for October 2022

This tool provides a preview of the instructions and data fields in the Quarterly Performance Measures Report form in REDCap. This tool can be used to collaborate with partners and coordinate data entry prior to submitting data in REDCap. **All data entry must be submitted in REDCap.**

Information and instructions provided below this line are a preview of the content in REDCap. Automatic calculations, notifications, submission buttons are included for awareness only and are not functional in this tool.

CDC estimates the average public reporting burden for this collection of information as 140 hours annually per response from each recipient, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1282)

This document is provided as an EXAMPLE of the reporting fields in REDCap for the report due October 31, 2022. Recipients must enter data in REDCap to be compliant with reporting requirements. To enter data, go to rdcp.cdc.gov.

The form in REDCap will be used to capture performance measurement for the OT21-2103. The performance measures associated with this grant are intended to be used by CDC and recipients to 1) monitor implementation and progress toward achieving intended outcomes; 2) demonstrate accountability to interested parties (e.g., funders, public) by showing how funds are being allocated; and 3) maximize learning opportunities associated with the implementation and impacts of this grant.

Reminders:

- Only report on the measures for the strategy areas you are working in. Note - There are no performance measures specific to Strategy 5: Other.
- CDC will review your report and work with your PO if there are any questions or concerns.
- Additional guidance can be found in the "File Repository" within REDCap.
- For questions on REDCap, reach out to OT21-2103support@cdc.gov and cc your project officer.
- If you have questions related to these performance measures, contact 2103evaluation@cdc.gov.

Instructions:

1. Report only on the measures that align with your selected strategies. Note - all recipients who engage partners to support any of the strategies will report on measure 4.1.
2. Entering counts for calculations:
 - Aggregate counts for the current quarter(s) they are completed or realized within.
 - Enter whole numbers (e.g. integer) only; Example: 0, 1, 4.
 - Fractions, dollar signs, decimals, and other special characters are not allowed.
 - Some fields automatically calculate totals and the text will be red.
3. Select "Yes" to the final question, "Would you like to submit your report to the CDC 2103 Performance Measurement Team?" to notify CDC that your report is complete.
4. Select "Complete" from the "From Status" drop down menu; Click Save.

Next Steps? - Here's What You Can Expect:

- **Reporting Forms Release:** TBD
- **Recipient Office Hour (s):** TBD
- **Quarterly Reports Due:** 11:59PM ET, Monday, October 31, 2022

If you have questions related to these performance measures, contact 2103evaluation@cdc.gov. For questions on REDCap, reach out to OT21-2103support@cdc.gov and cc your project officer.
