

Number	Form	Change	Current Location
1	Facility HSD Table	Removed column "Facility or Service Type"	Column B
2	Facility HSD Table	Added clarification to column "Letter of Intent": "Letter of Intent? (Y/N) Only applicable for MA Applicants"	column M
3	Facility HSD Table	Removed column "Uses CMS MA Contract Amendment? (Y/N)"	column K
4	Facility HSD Table	Moved Column "*# of Staffed, Medicare-Certified Beds"	column E

Reason

Operational update to remove duplicative data entry. The Facility or Service Type column required a MAO to enter the specialty type name with each submission. MAOs are required to enter the facility type Specialty Code that captures the same information.

Additional clarification that this column is only to be completed by applicants.

Previously collected data, not currently used in Network Adequacy reviews.

Improve logical flow of data entry by MAOs.
