Law Firm Entity (Form L-5)

This instrument is used by ORR [Federal](#) staff to add information about ORR-funded legal service provider (LSP) law firms into the UAC Path system. Case managers are then able to link LSP law firms to their UAC clients in the *UAC Legal Information* instrument. Individual attorneys of record entered into the *UAC Legal Information* instrument and linked to an LSP law firm will auto-populate in the Attorneys of Record list on the *Law Firm Entity* page.
