Editorial Notes

PRIOR PROVISIONS

The original rules for the prevention of collisions on the water were contained in R.S. § 4233, which consisted of 26 rules, R.S. § 4412, which authorized the board of supervising inspectors to establish such regulations to be observed by all steam vessels in passing each other, as they should from time to time deem necessary for safety, and provided that copies of such regulations should be furnished to all of such vessels, to be kept posted up in conspicuous places in such vessels, and R.S. § 4413, which prescribed a penalty for neglecting or willfully refusing to observe the regulations established pursuant to said section 4412.

The rules prescribed by R.S. § 4233 were superseded as to navigation on the high seas and in all coast waters of the United States, except such as were otherwise provided for, by the adoption of the “Revised International Regulations” by act March 3, 1885, ch. 354, 23 Stat. 438, which rules were superseded by the passage and adoption of act Aug. 19, 1890, ch. 802, 26 Stat. 322, section 1 of which enacted a set of regulations for preventing collisions at sea to be followed by all public and private vessels of the United States upon the high seas and in all waters connected therewith, navigable by seagoing vessels.

Act Aug. 19, 1890, ch. 802, § 1, consisted of 31 articles. Section 2 of act Aug. 19, 1890, ch. 802, repealed all laws and parts of laws inconsistent with the regulations for preventing collisions at sea for the navigation of all public and private vessels of the United States upon the high seas, and in all waters connected therewith navigable by seagoing vessels, prescribed by section 1 of that act.

The rules prescribed by R.S. § 4233, were further superseded as to navigation on the Great Lakes and their connecting and tributary waters as far east as Montreal by act Feb. 8, 1895, ch. 64, 28 Stat. 645, section 1 of which enacted rules for preventing collisions to be followed in the navigation of all public and private vessels of the United States upon the Great Lakes and their connecting and tributary waters as far east as Montreal. Section 1 contained 28 articles. Section 2 of the act Feb. 8, 1895, ch. 64, prescribed a fine for violations of the act. Section 3 of the act Feb. 8, 1895, ch. 64,

gave the Secretary of the Treasury authority to establish all necessary regulations not inconsistent with the act, necessary to carry the act into effect, and gave the Board of Supervising Inspectors of the United States authority to establish such regulations to be observed by all steam vessels in passing each other, not inconsistent with the act, as they should from time to time deem necessary, and provided that the regulations so adopted, when approved by the Secretary of the Treasury, should have the force of law. Section 4 of the act Feb. 8, 1895, ch. 64, repealed all laws or parts of laws, so far as applicable to the navigation of the Great Lakes and their connecting and tributary waters as far east as Montreal, inconsistent with the rules promulgated by the act.

The rules prescribed by R.S. § 4233, and by R.S. §§ 4412, 4414, and the regulations pursuant thereto, were required to be followed on the harbors, rivers, and inland waters of the United States, and the provisions of said sections were made special rules, duly made by local authority, relative to the navigation of harbors, rivers, and inland waters, as provided for by article 30 of the act Aug. 19, 1890, ch. 802, § 1, by act Feb. 19, 1895, ch. 102, § 1, 28 Stat. 672. Section 2 of the act Feb. 19, 1895, ch. 102, authorized the Secretary of the Treasury to designate and define by the suitable bearing or range with light houses, light vessels, buoys, or coast objects, the lines dividing the high seas from rivers, harbors, and inland waters. Section 3 of the act Feb. 19, 1895, ch. 102, required collectors or other chief officers of the customs to require sail vessels to be furnished with proper signal lights, and prescribed a penalty to be assessed against vessels navigated without complying with the statutes of the United States, or the regulations lawfully made thereunder. Section 4 of the act Feb. 19, 1895, ch. 102, provided that the words “inland waters” should not be held to include the Great Lakes and their connecting and tributary waters as far east as Montreal, and provided that the act should not modify or affect the provisions of act Feb. 8, 1895, ch. 64, which was the act prescribing rules for preventing collisions to be followed in the navigation of all public and private vessels upon the Great Lakes and their connecting and tributary waters as far east as Montreal.

The rules prescribed by R.S. § 4233, were further superseded as to the navigation of all harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries, by act June 7, 1897, ch. 4, 30 Stat. 96, section 1 of which enacted a set of regulations for preventing collisions, to be followed by all vessels navigating all harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries. Said section 1 consisted of 31 articles. Section 2 of the act June 7, 1897, ch. 4, authorized the supervising inspectors of steam-vessels and the Supervising Inspector-General to establish rules to be observed by steam vessels in passing each other and as to the lights to be carried by ferry-boats and by barges and canal-boats, when in tow of steam-vessels, not inconsistent with the provisions of the act, such rules, when approved by the Secretary of the Treasury, to be special rules duly made by local authority, as provided for by article 30 of the act Aug. 19, 1890, ch. 802, § 1 which article provided that nothing in the rules contained in that act should interfere with the operation of special rules, duly made by local authority, relative to the navigation of any harbor, river, or inland waters. Section 3 of the act June 7, 1897, ch. 4, prescribed a penalty for violations of the provisions of the act or the regulations established pursuant to section 2. Section 4 of the act June 7, 1897, ch. 4, also prescribed a penalty to be assessed against vessels navigated without compliance with the provisions of the act. Section 5 of the act June 7, 1897, ch. 4, repealed R.S. §§ 4233, 4412 (with the regulations made in pursuance thereof, except the

rules and regulations for the government of pilots of steamers navigating the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries, and except the rules for the Great Lakes and their connecting and tributary waters as far east as Montreal), § 4413, act March 3, 1893, ch. 202, 27 Stat. 557, which amended R.S. § 4233, act Feb. 19, 1895, ch. 102, §§ 1, 3, and act March 3, 1897, ch. 389, §§ 5, 12, 13, 29 Stat. 689, 690, and all amendments thereto insofar as the harbors, rivers, and inland waters of the United States (except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico, and their tributaries) were concerned.

This legislation resulted in the following situation: Navigation on the high seas was governed by act Aug. 19, 1890, ch. 802, with its amendatory and supplementary acts, which was superseded by act Oct. 11, 1951, ch. 495, formerly set forth in chapter 2 of this title; navigation on all harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries, was governed by act June 7, 1897, ch. 4, as amended, formerly set forth in chapter 3 of this title; navigation on the Great Lakes and their connecting and tributary waters as far east as Montreal was governed by act Feb. 8, 1895, ch. 64, formerly set forth in section 301 et seq. of this title; and navigation on the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries was governed by R.S. § 4233, as amended and supplemented, formerly set forth in section 301 et seq. of this title.

See also Codification notes to sections 154, 241, and 301 of this title.

Regulations for Preventing Collisions at Sea, 1948, approved by the International Conference on Safety of Life at Sea, 1948, covering substantially the same subject matter included under these rules, were set out as sections 143 to 147d of this title.

Regulations for Preventing Collisions at Sea, 1960, approved by the International Conference on the Safety of Life at Sea, 1960, covering substantially the same subject matter included under these rules, were set out as sections 1051 to 1094 of this title.
