Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection’s purpose, the Collection’s likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical

utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG–2024–0389, and must be received by October 28, 2024.

Overview of This Information Collection

Title: Biometric Identity.

OMB Number: 1651–0138.

Form Number: N/A.

Current Actions: Revision.

Type of Review: Revision.

Affected Public: Individuals.

Abstract: In order to enhance national security, the Department of Homeland Security is developing a biometric based entry and exit system capable of improving the information resources available to immigration and border management decision-makers. These biometrics may include: digital fingerprint scans, facial images, iris images or other biometrics. Biometrics may be collected from travelers entering or exiting the United States, including the collection of biometrics from vehicles upon entry. CBP continues to test and evaluate different technological and operational changes to improve the accuracy and speed of biometric collection.

The federal statutes that mandate DHS to create a biometric entry and exit system include: Section 2(a) of the Immigration and Naturalization Service Data Management Improvement Act of 2000 (DMIA), Public Law 106–215, 114 Stat. 337 (2000); section 205 of the Visa Waiver Permanent Program Act of 2000, Public Law 106–396, 114 Stat. 1637, 1641 (2000); section 414 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), Public Law 107–56, 115 Stat. 272, 353 (2001); section 302 of the Enhanced Border Security and Visa Entry Reform Act of 2002 (Border Security Act), Public Law 107–173, 116 Stat. 543, 552, (2002); section 7208 of the Intelligence Reform and Terrorism Prevention Act of 2004 (IRTPA), Public Law 108–458, 118 Stat. 3638, 3817 (2004); section 711 of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110–53, 121 Stat. 266 (2007), Consolidated Appropriations Act, 2016,

Public Law 114–113, 129 Stat. 2242, 2493 (2016), section 110 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, Public Law 104–208, 110 Stat. 3009–546 (1997), section 802 of the Trade Facilitation and Trade Enforcement Act of 2015, Public Law 114–125, 130 Stat. 122, 199 (2015), and sections 214, 215(a), 235(a), 262(a), 263(a) and 264(c) of the Immigration and Nationality Act of 1952, as amended, 8 U.S.C. 1184, 1185(a), 1225(a), 1302(a)(1303(a), 1304(c) and 1365b.

New Change: This revision submission will increase the number of respondents whose biometrics are collected in vehicles, and to seek an exemption from PRA citation requirements on biometric/privacy signage. CBP ports of entry and external partners such as airports and seaports post biometric entry-exit privacy signage at those locations where facial comparison technology is in use by or on behalf of CBP. Due to operation costs to main signage to be compliant with PRA requirements, CBP requests that in lieu of placing the OMB number’s expiration date on the privacy signage, CBP will link/reference the OMB number, expiration date, and PRA language on CBP’s biometric website: www.cbp.gov/travel/biometrics. In lieu of displaying the PRA language on the signage, it will be listed on the website along with the current expiration date. This exception reduces the reprint cost to the U.S. government and the external stakeholders and allows the current privacy signage to remain 508 compliant and PBRB approved.

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases

the Flood Insurance Study (FIS) reports, currently in effect for the listed communities.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65. The currently effective community

number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.
