

October 30, 2019

MEMORANDUM FOR: Melton Roland

System Owner

FROM: Lytwaive Hutchinson

Chief Information Officer

SUBJECT: Authorization Decision for Emergency Notification System

- 1. As the Authorizing Official (AO), I hereby grant an Authority to Operate (ATO) for the operation and connection of Emergency Notification System that has an overall risk rating of **LOW**. This authorization is granted based on the information provided by the security assessment conducted on October 21, 2019.
- 2. This ATO will expire three (3) years from the date of issuance, *October 30, 2022*. The system *MUST* be re-authorized prior to the expiration date or the system may by disconnected. Additionally, recertification and authorization are required if: (1) there are significant modifications to the system which alter or impact the security controls, authorization boundary, or architectural design; (2) any additional risk identified during the continuous monitoring process deemed to be unacceptable.
- 3. System Owners are required to ensure the items listed below are accomplished:
 - a. Compliance with all published Department of Homeland Security (DHS) and FEMA Cybersecurity policy requirements. Failure to comply with requirements can result in the ATO being withdrawn.
 - b. Document all vulnerabilities (critical, high, moderate and low) within the system security Plan of Action and Milestones (POA&M) and DHS Information Assurance Compliance System (IACS).
 - c. POA&M timelines that support this ATO decision must be remediated in accordance with their assigned scheduled completion date. Failure to meet POA&M requirements can result in the ATO being withdrawn.
 - d. The system owner must brief the status of the security authorization POA&M to the Chief Information Security Officer (CISO) monthly.
- 4. For system re-authorization, System Owners should follow the vulnerability remediation requirements outlined in the memorandum, *Vulnerability Remediation Standard for Granting an ATO*, dated July 10, 2019.

Authorization Decision for Emergency Notification System

5.	My point of contact for this memorandum is, the Deputy CISO, Amber Pearson, amber.pearson@fema.dhs.gov, (202) 212-7339.
