How the Process Works

You will move through the application process in three parts:

1. In the first few screens, you'll tell us what your needs are.
2. Next, we'll guide you to Login.gov to create a new account or sign in to an existing account.
3. Then we'll bring you back to DisasterAssistance.gov to fill out the rest of the details and send your application to FEMA.

Just answer the questions the best you can. If you don't have all of the details now, after you get an account, you can save what you have and come back later to finish.

If you get stuck and need any help with your application along the way, you can call the **FEMA Helpline**:

- 1-800-621-3362, 7 a.m. to 10 p.m. (in your time zone), 7 days a week. Hours may be longer during high disaster activity.
- If you use a video relay service (VRS), captioned telephone (CTS), or other service, give FEMA your number for that service.

Privacy Act Statement and Declaration of Eligibility

FEMA is required by law to give you a copy of the Privacy Act Statement.

The Privacy Act of 1974 protects your rights as to how FEMA uses and shares your information with entities such as states, tribes, local governments, and other organizations. The Stafford Act and other laws allow FEMA to collect information to determine eligibility and provide assistance after a Presidentially declared disaster.

If you get FEMA assistance and your insurance or other sources cover the same loss, you may be required to return some or all of the FEMA assistance you received.

To qualify for assistance, you must declare that you or someone in your household is a citizen, non-citizen national, or a qualified alien of the United States. If you provide false information or lie in an attempt to get assistance, it violates federal and state laws, which carry criminal or civil penalties or both.

You authorize FEMA and the state, tribe, or local government to verify all of the information you provide and request documentation from your insurance company, or other third parties, to determine your eligibility for assistance.

The disclosure of information, including the Social Security number, on this form is voluntary; but failure to provide the information we request may delay or stop you from getting disaster assistance.

Paperwork Burden Disclosure

Paperwork Burden Disclosure Notice (FEMA Form 009-0-1)

Public reporting burden for this data collection is estimated to average 14 minutes per response. The burden estimate includes the time for reading instructions, searching existing data sources, gathering and keeping the data needed, and completing and submitting this form. You are not required to respond to this collection of information unless a valid OMB control number is displayed on this form.

Send comments about the accuracy of the burden estimate and any suggestions for reducing it to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW, Washington, DC 20472-3100, Paperwork Reduction Project (1660-0017).

Note: Do not send your completed form to this address.

Do you need to apply for someone else?

Sometimes a person affected by a disaster is not able to apply for themselves. In these cases, FEMA allows someone else to apply for them, as long as they can give us all of the information we need.

If you will be helping someone else through the process, they must give FEMA a signed [Release of Information](#) (PDF 672 KB) form that allows you to access their file.

It's important you understand that your application becomes a legal document. FEMA may use outside sources to verify the information you enter.

What's Next

FEMA may be able to approve assistance based on what you put on your application. But many times, we need more information.

What to expect:

- If we need more information, FEMA will call, or send an email or a letter, to ask for what we need.
- If you had disaster damage to your home or personal property, FEMA may confirm the damage by an onsite or remote inspection.
- If you have homeowner's insurance, FEMA may not send an inspector right away. You may need to submit insurance documents before we can schedule an inspection.
- If a FEMA inspector confirms your damage, you will get a decision letter after the inspection.
- If you're approved, based on your choice, you may get a check from the U.S. Department of the Treasury or a direct deposit.
- Whether approved for disaster assistance or not, FEMA will send you a letter to explain the decision. The letter will also include instructions on how to appeal if you disagree with FEMA's decision.

Insurance

Please file a claim with insurance as soon as possible. If your insurance does NOT cover all of your needs, or is delayed, call FEMA's Helpline for more information.
