Item	Discussion
item	
	This section should show the labor costs for all individuals supporting the grant program effort (regardless of the source of their salaries). The hours and costs are for the full life of the grant. If an individual is employed by a contractor or sub-grantee, their labor costs should not be shown here.
1 - Personnel (Direct Labor)	Please include all labor costs that are associated with the proposed grant program, including those costs that will be paid for with in-kind or matching funds.
	Do not show fringe or other indirect costs in this section.
	Please use the hourly labor cost for salaried employees (use 2080 hours per year or the value your organization uses to perform this calculation). An employee working less than full time on the grant should show the numbers of hours they will work on the grant.
2 - Fringe Benefits	Use the standard fringe rates used by your organization. You may use a single fringe rate (a percentage of the total direct labor) or list each of the individual fringe charges. The spreadsheet is set up to use the Total Direct Labor Cost as the base for the fringe calculation. If your organization calculates fringe benefits differently, please use a different base and discuss how you calculate fringe as a comment.
3 - Travel	
3a - Transportation - Local Private Vehicle	If you plan on reimbursing staff for the use of privately owned vehicles or if you are required to reimburse your organization for mileage charges, show your mileage and cost estimates in this section.
3b - Transportation - Airfare	Show the estimated cost of airfare required to support the grant program effort. Show the destination and the purpose of the travel as well as the estimated cost of the tickets.
	Each program notice of funding opportunity (NOFO) discusses the travel requirements that should be listed here.
3c - Transportation - Other	If you or are charged monthly by your organization for a vehicle for use by the grant program, indicate those costs in this section.
	Provide estimates for other transportation costs that may be incurred (taxi, etc.).

	Each program NOFO discusses the travel requirements that should be listed here.
4 – Equipment	"Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000.
	Each program NOFO describes what equipment may be purchased using grant funding.
5 - Supplies and Materials	"Supplies" means all tangible personal property other than those described in the definition of equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. List the proposed supplies and materials as either Consumable Supplies or as Non-Consumable
5a - Consumable Supplies	Materials. List the consumable supplies you propose to purchase. General office or other common supplies may be estimated using an anticipated consumption rate.

6 – Consultants	Indicate the consultants you will use. Indicate the type of consultant (skills), the number of days you expect to use them, and their daily rate.
	List the contractors and sub-grantees that will help accomplish the grant effort. Examples of contracts that should be shown here include contracts with Community Based Organizations; liability insurance; and training and certification for contractors and workers.
	If any contractor, sub-contractor, or sub-grantee is expected to receive over 10% of the total Federal amount requested, a separate Grant Application Detailed Budget (Worksheet) should be developed for that contractor or sub-grantee and the total amount of their proposed effort should be shown as a single entry in this section.
' - Contracts and Subgrantees 7a - Contracts 7b - Subgrantees	Unless your proposed program will perform the primary grant effort with in-house employees (which should be listed in section 1), the costs of performing the primary grant activities should be shown in this section.

	Training for individuals not on staff
