

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 3137-0081)

TITLE OF INFORMATION COLLECTION: New SDC Orientation and Annual SDC Meeting Customer Satisfaction Surveys

PURPOSE: The State Data Coordinators (SDCs) are among IMLS’s key stakeholders, playing a central role in reporting data about libraries in their states/territories to the Public Libraries Survey (PLS) and, in most cases, the State Library Administrative Agency (SLAA) survey. IMLS hosts an annual new SDC orientation and SDC meeting in order to (1) familiarize new SDCs with PLS history, process, and tips and to provide them space to meet peer SDC mentors in a breakout session; (2) provide a forum within which SDCs can discuss PLS data element proposals, local-level data collection challenges, and reporting issues associated with the PLS; and (3) enable SDCs to share best practices in data analysis and visualization and how to work with public librarians to gather valid and reliable data. The IMLS library data community approach has resulted in the PLS maintaining a response rate greater than 90% since its inception in 1988.

IMLS seeks to gather feedback from attendees of (a) the new SDC orientation and (b) the SDC annual meeting, taking place January 23-25, 2024, to better understand what is working, what is not, and how we can improve future conferences.

DESCRIPTION OF RESPONDENTS: We expect to have 45-50 in-person SDC attendees and an additional 10-15 virtual attendees, who will participate through Zoom. SDCs are individuals who have responsibility for data collection and reporting in their states/territories, with specific responsibility for the PLS. New SDCs who attend the orientation and veteran SDCs who want a refresher will be asked to respond to one survey (Attachment A) at the end of the orientation session. All SDCs who attend the Annual Meeting (including the new SDCs who attended the orientation) will be asked to respond to a second survey (Attachment B).
