

IMLS Supplementary Information Form

PLEASE NOTE: Information contained within this form may be made publicly available.

Section 1. Applicant Information

Refer to the entity listed in Item 5a of the Application for Federal Domestic Assistance - Short Organizational Form (SF-424S) that you are submitting with your application.

Does this entity have an organizational unit that will carry out the activities described in your application?

Helpful Definitions

An **organizational unit** is governed by a larger administrative body. Examples include university museums and libraries; university schools and departments; and museums and libraries that are units of local or state government. As a result of this arrangement, an organizational unit usually does not have its own Unique Entity Identifier (UEI) and does not have the legal authority to apply for IMLS funding on its own. It works with the larger administrative body, which is referred to as the **legal applicant**, to submit an application.

A **legal applicant** has its own Unique Entity Identifier (UEI) and has the legal authority to apply directly for IMLS funding. The name of the legal applicant is listed in Item 5a of the SF-424S. Examples include independently operating museums and libraries; nonprofit organizations that are responsible for the operation of museums or libraries; universities; and units of state or local government that administer museums or libraries. A single legal applicant may have many **organizational units**, or it may have none.

YES. Check here if the entity identified in Item 5a on the SF-424S submitted with your application **has** an organizational unit that will carry out the activities described in this application.

NO. Check here if the entity identified in Item 5a on the SF-424S submitted with your application does **not** have an organizational unit that will carry out the activities described in this application.
