*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>12</sup> and Rule 19b-4(f)(6) thereunder.<sup>13</sup> Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>14</sup> and Rule 19b-4(f)(6) thereunder.<sup>15</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>16</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>17</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission. The Exchange states that the proposed rule change is tied to a technological release that the Exchange plans to implement by the end of June 2024, that such release may be ready before the 30-day operative delay has elapsed, and the Exchange seeks to implement the proposed rule change without delay. The Exchange explains that the proposed rule change will assist Entering Firms in minimizing their risk exposure, which could enhance the integrity of trading on the securities markets and help to assure the stability

of the financial system, and that the proposed rule change is not novel as it is based on existing risk settings already in place on other exchanges. For these reasons, and because the proposed rule change does not raise any new or novel regulatory issues, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.<sup>18</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100279; File No. SR-NYSENAT-2024-17]

### Self-Regulatory Organizations; NYSE National, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.19

June 5, 2024.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934

(“Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that on May 31, 2024, NYSE National, Inc. (“NYSE National” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.19 to make additional pre-trade risk controls available to Entering Firms. The proposed rule change is available on the Exchange’s website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend Rule 7.19 to make additional pre-trade risk controls available to Entering Firms.

###### Background and Proposal

In 2020, in order to assist ETP Holders’ efforts to manage their risk, the Exchange amended its rules to add Rule 7.19 (Pre-Trade Risk Controls),<sup>4</sup> which established a set of optional pre-trade risk controls by which Entering Firms

and their designated Clearing Firms<sup>5</sup> could set credit limits and other pre-trade risk controls for an Entering Firm’s trading on the Exchange and authorize the Exchange to take action if those credit limits or other pre-trade risk controls are exceeded.

The Exchange has recently received several requests from market participants to create an additional risk control to restrict the overall rate of orders. The Exchange notes that several other exchanges—including the Cboe equities exchanges, MEMX, and the MIAAX Pearl equities exchange (“MIAAX Pearl”)<sup>6</sup>—currently offer risk controls substantially similar to the one proposed here. As such, market participants are already familiar with these risk checks, such that the ones proposed by the Exchange in this filing are not novel.

In light of these requests, the Exchange proposes to amend Rule 7.19(b)(2) to add a new subparagraph (G), which would provide that the Single Order Risk Controls available to Entering Firms would include “controls to restrict the overall rate of orders.”

As with the Exchange’s existing risk controls, use of the pre-trade risk controls proposed herein would be optional. The Exchange proposes no other changes to Rule 7.19 or its Commentary.

###### Continuing Obligations of ETP Holders Under Rule 15c3-5

The proposed Pre-Trade Risk Controls described here are meant to supplement, and not replace, the ETP Holders’ own internal systems, monitoring, and procedures related to risk management. The Exchange does not guarantee that these controls will be sufficiently comprehensive to meet all of an ETP Holder’s needs, the controls are not designed to be the sole means of risk management, and using these controls will not necessarily meet an ETP Holder’s obligations required by Exchange or federal rules (including, without limitation, the Rule 15c3-5 under the Act<sup>7</sup> (“Rule 15c3-5”). Use of the Exchange’s Pre-Trade Risk Controls will not automatically constitute compliance with Exchange or federal rules and responsibility for compliance

<sup>5</sup> The terms “Entering Firm” and “Clearing Firm” are defined in Rule 7.19.
