

**AD-755 Supplemental Marketing Orders Boards Only
Agricultural Marketing Services (AMS) Marketing Orders Specific Questions**

Justification for new form:

USDA has an additional supplemental form for its Marketing Orders Boards specific questions to add with the AD-755 form. The attached document should be added to the current 0505-001 AD-755. AMS #10 questions for the 2022 Final version would include the 27 marketing orders boards/programs. These programs were using OMB Forms SC-8, SC-9 and SC-243, which are scheduled to be terminated with recent approved AD-755 Form that now expires 12.31.25). The Secretary has delegated the appointment authority of the 27 marketing orders to the AMS Administrator. This action will make all background forms for all AMS programs consistent to promote fairness and equity to all nominees. The burdens would be the same as the Research and Promotion Boards.
