(S) Insufficient number of reports to establish an estimate.

The average rates are estimated based on survey indications of monthly lease rates for private, non-irrigated grazing land from the January Cattle Survey Animal unit (AUM) rate includes survey rates for both animal unit and cow-calf. The rate is converted to an AUM rate using a multiple factor of 0.833. The multiplier factor is the conversion of a 1,200 pound cow to a 1,000 pound cow.
