- **VSLs On-farm Surveillance—Information obtained from VS Forms 10-4, 5-29, 5-29A or from on farm worksheets.**

Note: All scrapie test data entered into VSLs are migrated to SCS Scrapie. No test data are entered directly into SCS Scrapie.

The screenshot shows the 'Create Lab Submission' form in the USDA Veterinary Services Laboratory Submissions system. The header includes the USDA logo and the title 'Veterinary Services Laboratory Submissions'. A navigation bar contains links for Home, Blank Worksheet, Help, and Logout. The main content area is titled 'Create Lab Submission' and contains the following fields:

- Program*:** Scrapie Eradication Program (dropdown menu)
- Collection Type*:** On Farm Testing (dropdown menu)
- Reason For Test*:** Surveillance (dropdown menu)
- Referral #*:** NJLAD12272022 (text input)
- Collection Date*:** 12/27/2022 (calendar icon)

Buttons for 'Create New Submission' and 'Cancel' are located at the bottom of the form. A footer contains the version number 'v1.9.1' and various policy links.

The screenshot shows the 'Collection Information' form in the USDA Veterinary Services Laboratory Submissions system. The header and navigation bar are identical to the previous screenshot. The main content area is titled 'Collection Information' and contains the following sections:

- Submission Information:** A table with columns for Program, Collection/Test Type, Referral #, and Collection Date. The data row shows: Scrapie Eradication Program, On Farm Testing, NJLAD12272022, and 12/27/2022.
- Collected By:** A search field and a dropdown for 'My Collector's History'. Below are input fields for TSE Number*, First Name*, Last Name*, Company Name, Email, Address 1*, Address 2*, City*, State* (dropdown), Zip*, Phone*, and Fax*.
- Designated Scrapie Epidemiologist:** A search field and a dropdown for 'My DSE's History'. Below are input fields for First Name*, Last Name*, Email, Address 1*, Address 2*, City*, State* (dropdown), Zip*, Phone*, and Fax*.
- Flock Owner:** A search field. Below are input fields for Flock ID*, Flock Status* (dropdown), First Name*, Last Name*, Address 1*, Address 2*, City*, State* (dropdown), Zip*, County, Email, Phone, and Fax*.
- Flock Information:** Input fields for Flock Status* (dropdown), Total # of Samples* (text input), # of Animals in Flock (text input), Tested All Eligible Animals (Yes/No dropdown), and Animal Status* (Live Animal dropdown).
- Remarks:** A large text area for additional information.

Buttons for 'Add Contact' and 'Save and Continue >>' are located at the bottom of the form. A footer contains the version number 'v1.9.1' and various policy links.

Animal Identification Management System (AIMS)

- Data entry from used by State and Federal personnel to place tag orders. Program Contact Information is auto-populated from the SCS Scrapie. Requests for tags are typically received by phone, email or letter.

 AIMS / Ship Scrapie AINs [User Guide](#)

Scrapie AIN Shipment Information

AIN ID Prefix:
 Non-Consecutive AINs:

Enter AINs separated by commas. Use dashes to indicate sub-ranges of consecutive AINs. For example, 840003000011450,840003000011452, 840003000011454-840003000011459. Notes: "-" and "." are special characters, and are not allowed in the AIN ID. This application will eliminate duplicate AIN references.

Use the following to upload a file containing the list of AINs to be processed (the instructions listed immediately above apply to uploaded files).

No file chosen
