

Image 1: Jennifer Rhorer's comment within the pdf of the Wild Pigs in Your State Questionnaire.

Which of the following best describes your personal experience(s) with wild pigs in your state?
(Please select ALL that apply)

- ☐ I did not know wild pigs existed in my state before I got this survey.
- ☐ I have read about wild pigs in my state or watched programs that featured wild pigs in my state.
- ☐ I have friends and/or family who have talked about or have had experiences with wild pigs in my state.
- ☐ I knew wild pigs lived in my state, but I have never seen or heard a wild pig.
- ☐ I have seen wild pigs or wild pig evidence (for example, wild pig tracks or **wallows**) in my state.
- ☐ I have seen wild pigs on my property.
- ☐ I have hunted or trapped wild pigs in my state.
- ☐ I have experienced damage from wild pigs in my state.

What change would you like to see to the wild pig population in your state over the next five years? (Please select one)

- ☐ (1) Completely eliminate wild pigs (*no wild pigs in my state*)
- ☐ (2) Decrease greatly
- ☐ (3) Decrease somewhat
- ☐ (4) No change (*population remains about the same*)
- ☐ (5) Increase somewhat

Do you want to define wallows?

Image 2: Jennifer Rhorer's comment within the Word document of Supporting Statement A.

~~15. Explain the reasons for any program changes or adjustments reported in items 13 or 14 of the OMB Form 83-I.~~

This is a new information collection request containing an estimated 6,667 respondents, 6,667 responses, and 1,401 hours of burden. After the 60-day Federal Register public comment period closed, the Human Dimensions Unit internally retested for estimated questionnaire response time and determined the original estimate was too high. The burden per response was reduced from 30 minutes to 15 minutes.
