1 Introduction

This document provides a guide for using the Electronic Disqualified Recipient System (eDRS). It details how to use the functionality provided by the system and will be updated periodically to reflect any changed system or program requirements. This document is organized into the following sections:

- Preparing to Use eDRS
- Accessing eDRS
- Performing Online Queries
- Performing Ad Hoc Queries
- Conducting Secondary Verification
- Searching Profiles/Contacts
- Adding, Modifying, or Deleting Disqualifications
- Approving Disqualifications
- Generating Reports
- Accessing Help
- Logging Out

eDRS provides authorized users with a single, user-friendly and web-based interface for accessing the most up-to-date and comprehensive data on disqualified member of a household receiving nutrition supplemental nutrition assistance program benefits. This system centralizes and improves upon the earlier Disqualified Recipient System (DRS), which was deployed in 1991 as the first available national database system to support the collection and management of data on disqualified member of a household receiving nutrition supplemental nutrition assistance program benefits throughout the United States. The DRS was decommissioned in March of 2007. With the new eDRS system, users can conveniently and securely access information from their own personal computers (PCs) and can perform all necessary functions related to disqualification data through one website.

The long-term vision for eDRS is that it will be the single, most comprehensive and timely resource for Supplemental Nutrition Assistance Program disqualification record keeping. Users of eDRS will span all 52 states and territories, Food and Nutrition Service (FNS) Headquarters, and the seven regional offices that administer the Supplemental Nutrition Assistance Program.

This user guide is designed to help the following four types of “Business Users” access and use eDRS to fulfill their unique job responsibilities related to tracking disqualified member of a household receiving nutrition supplemental nutrition assistance program benefits.

- *Fraud Investigators* – Responsible for investigating alleged fraud cases and, upon confirmation of fraud, assigning disqualification penalties.
- *Supplemental Nutrition Assistance Program Eligibility Workers* – Responsible for processing Supplemental Nutrition Assistance Program applications and ensuring that individuals with active disqualification penalties are not granted benefits.

- *Locality Contacts* – Responsible for verifying prior fraud infractions in a given jurisdiction when an individual has been identified as committing fraud in another jurisdiction.
- *Quality Control (QC) Reviewers* – Responsible for conducting periodic quality control reviews of State Supplemental Nutrition Assistance Program eligibility determinations, which includes crosschecking to ensure current Supplemental Nutrition Assistance Program members were not in disqualification status as of the review date.

A separate Administrator's Guide was created to support those users who will be responsible for administering and maintaining the eDRS.

2 Preparing to Use eDRS

This chapter describes the configuration required to run the eDRS application and how to configure your browser in order to best utilize the system.

2.1 Minimum PC Configuration

The following represents the minimum PC configuration requirements for running the eDRS application:

- Hard Disk: 1 GB free space (Recommended)
- RAM: 64 MB
- Default Monitor Resolution: 800 x 600 and higher
- Default Client Operating System: Win 9X/NT/2000/XP - 32-bit machine
- Speed: 56.6 Kbps (Recommended)
- Browser: 128 bit cipher strength, including:
 - Netscape 6.0 (or greater)
 - Internet Explorer (IE) 5.0 (or greater)

2.2 Configuring Your Browser

The following browsers can be used to access eDRS:

- Netscape 6.0 (or greater)
- Internet Explorer (IE) 5.0 (or greater)

To configure the Netscape browser:

1. Launch your browser.
2. Select **Preferences** from the Edit menu as shown in Figure 1. This displays the Preferences screen shown in Figure 2. .

Figure 1. Netscape Browser Configuration

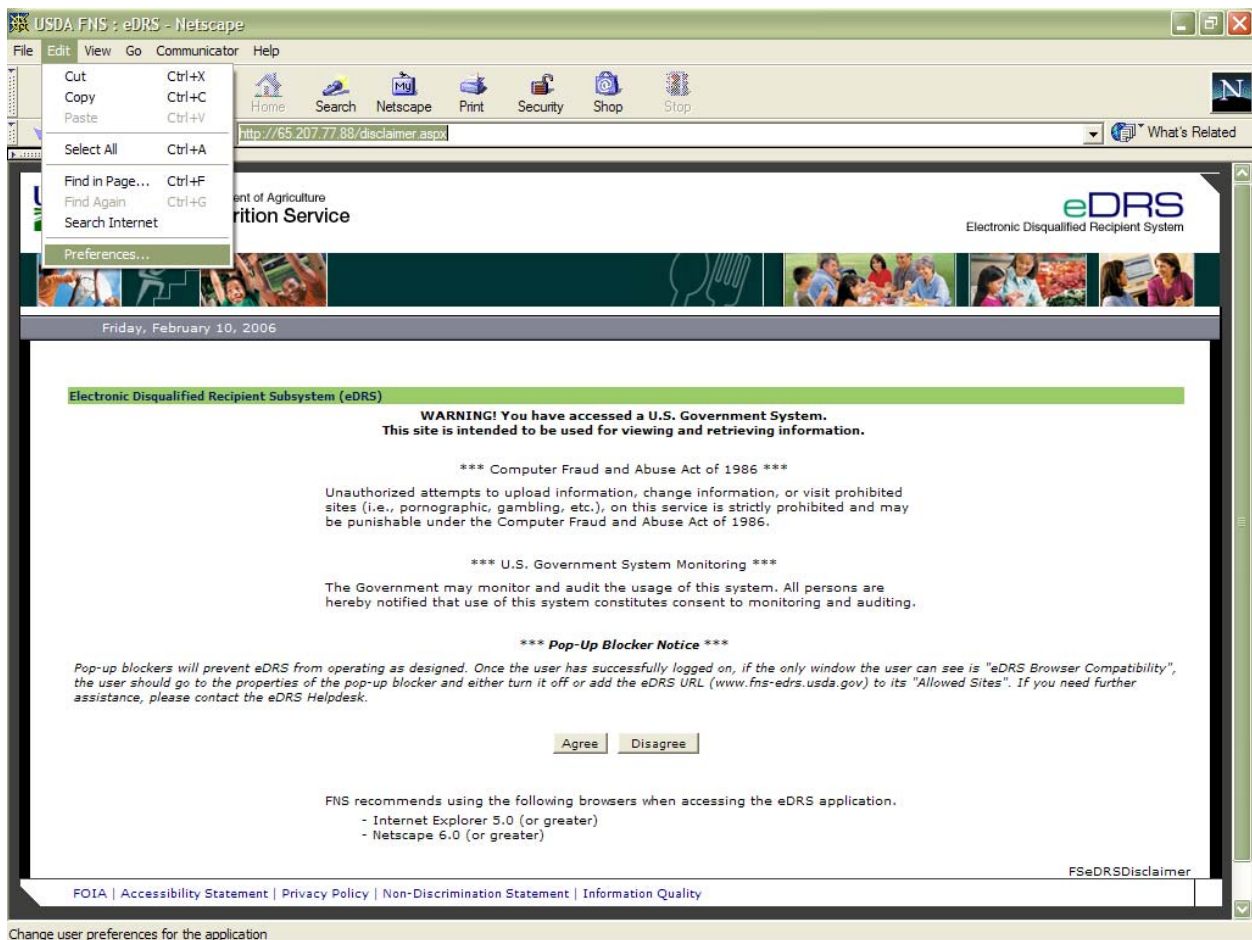

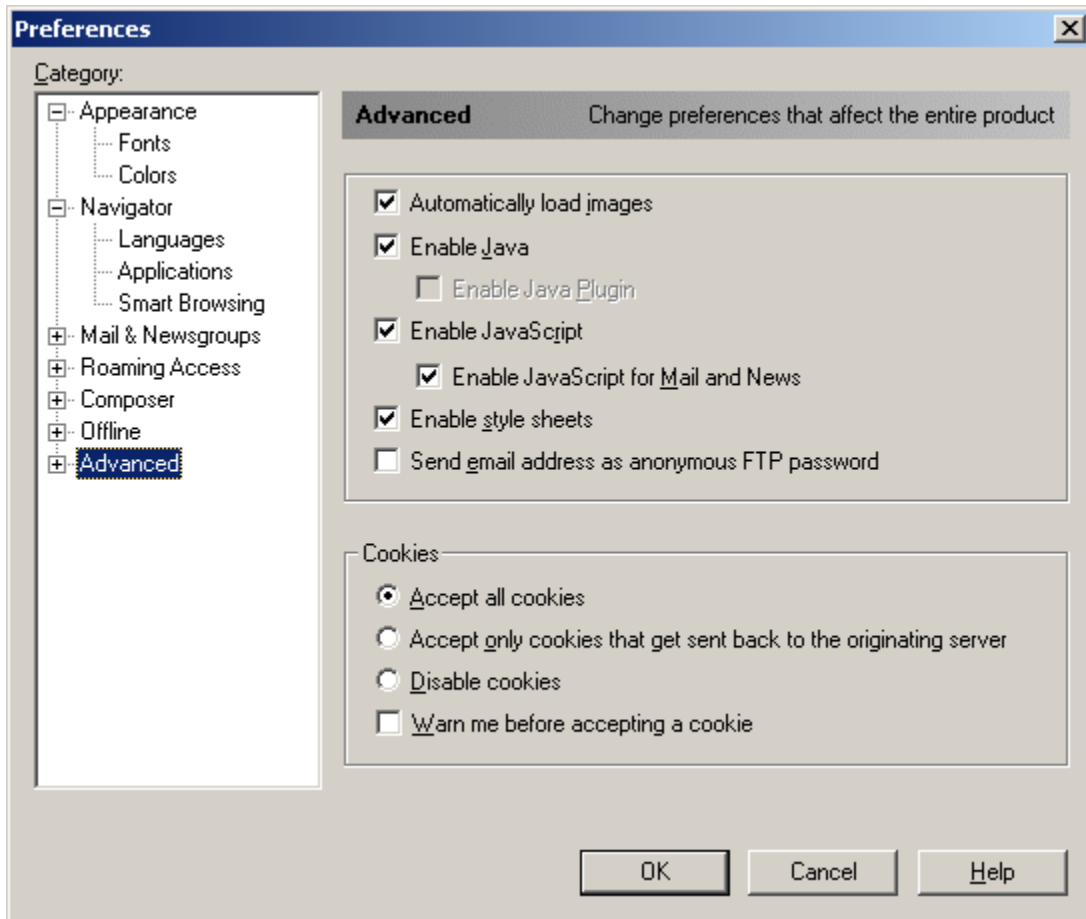

Figure 2. Netscape Browser Preferences Screen

3. Click the **Advanced** tab.
4. Ensure that the following options are selected in the Advanced window:
 - Automatically load images
 - Enable Java
 - Enable JavaScript
 - Enable JavaScript for Mail and News
 - Enable style sheets
 - Accept all cookies
5. Click the OK button.

To configure the Internet Explorer browser:

1. Launch your browser.
2. Select **Internet Options** from the Tools Menu as shown in Figure 2. This displays the Internet Options screen, shown in Figure 3.

Figure 2. Internet Explorer Browser Configuration

Figure 3. Internet Explorer 5.0 Browser Internet Options Screen

3. Click the **Security** tab. This displays the screen shown in Figure 4.

Figure 4. Internet Explorer 5.0 Browser Internet Options Security Screen

4. FNS users will have a custom security level established and will be unable to modify the Security level for this zone.
5. Click the **Default Level** button and then click **OK** to close the Internet Options screen.

3 Accessing eDRS

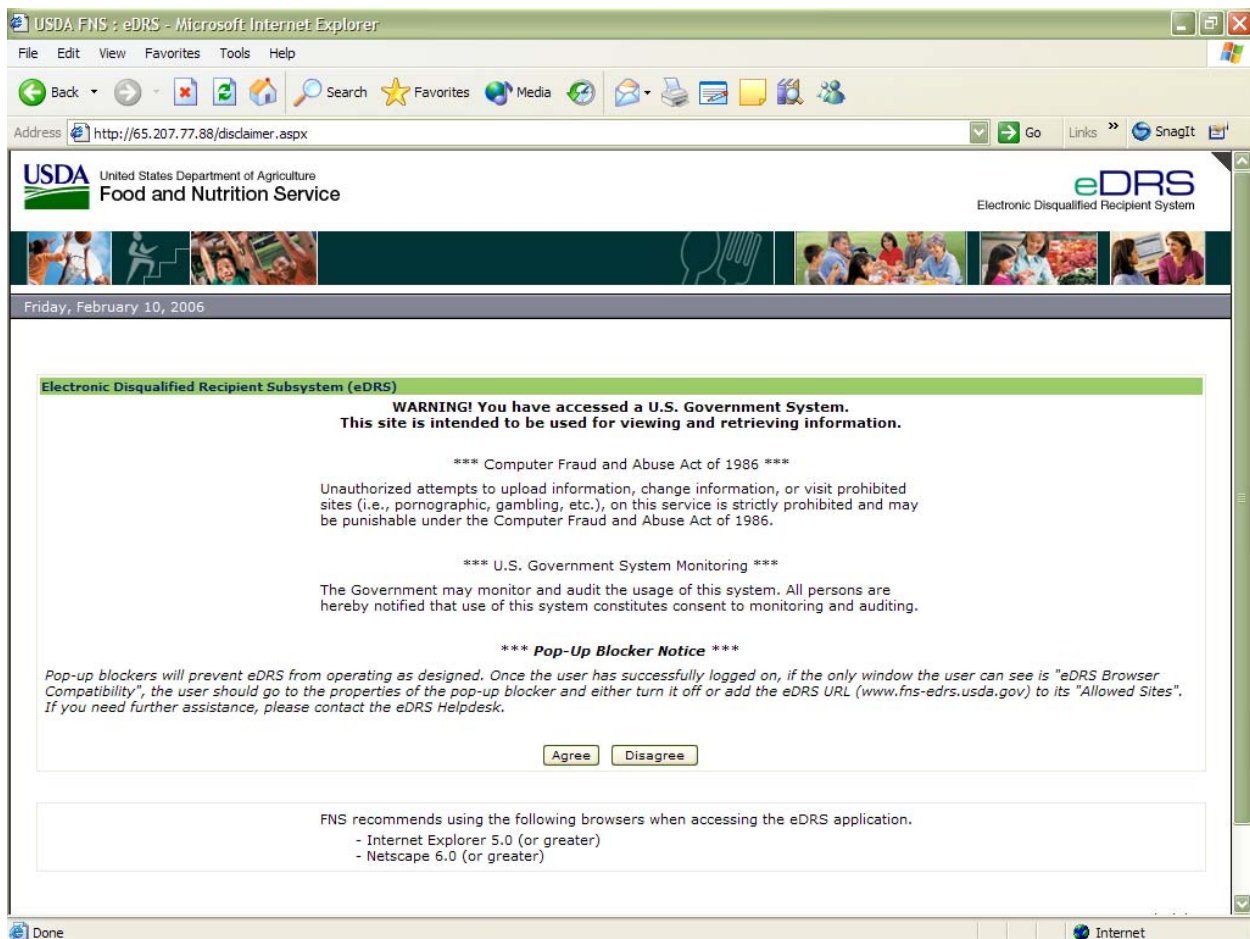

This chapter explains accessing eDRS, requesting a username and password, and logging into the eDRS application.

3.1 Logging into eDRS

To login to eDRS:

1. Open your browser and type <https://www.fns-edrs.usda.gov/> in the address bar. The eDRS Terms and Conditions, shown in Figure 5, is the first screen displayed.

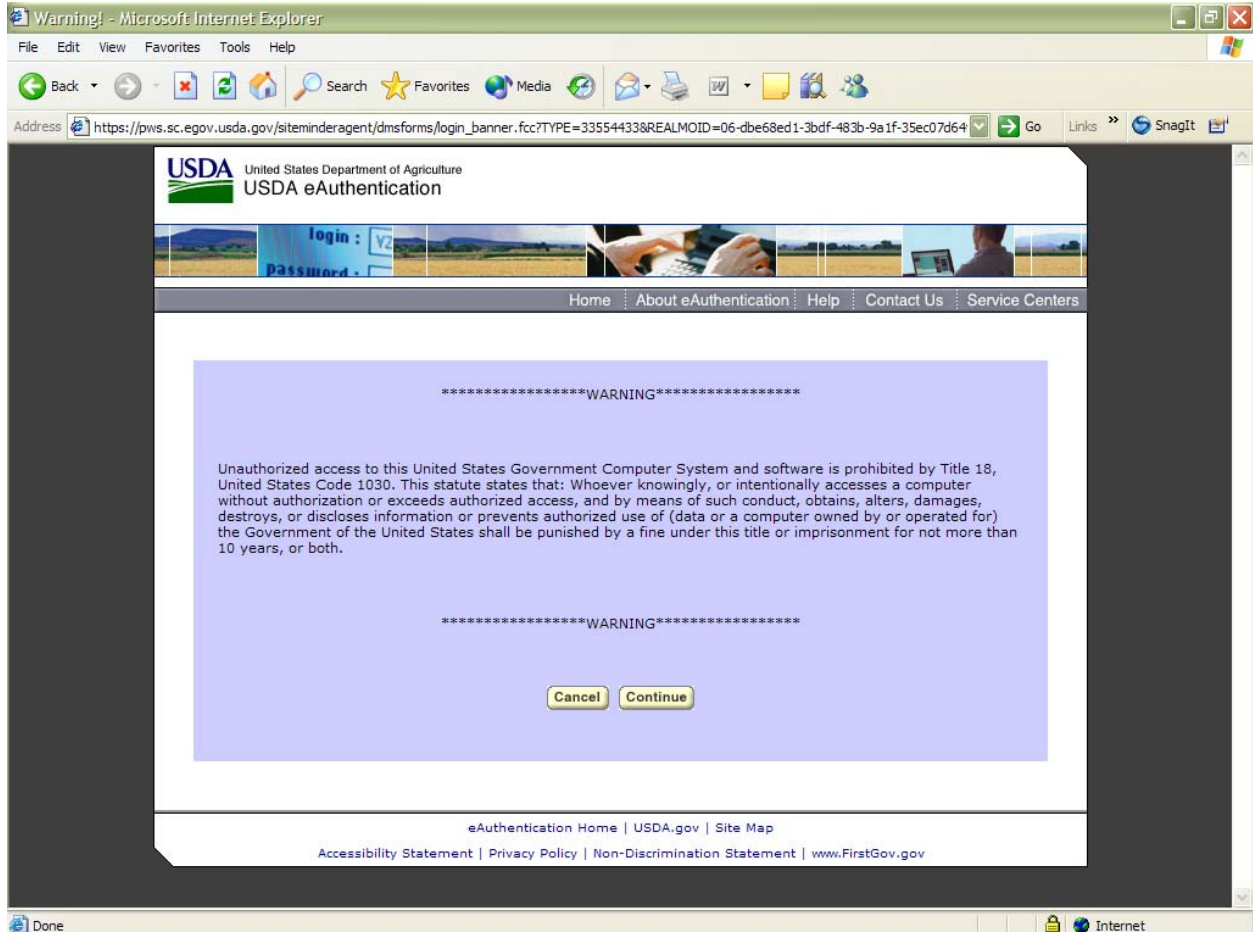

Figure 5. Terms and Conditions Screen

2. Click the **Agree** button to indicate you understand and consent to the terms of usage. You will be taken to the eAuthentication Disclaimer screen, shown in Figure 6. If you are already logged into eAuthentication, your browser will go directly to the eDRS welcome screen seen in Figure 8.

Note: Pop-up blockers will prevent eDRS from operating as designed. Once the user has successfully logged on, if the only window the user can see is "eDRS Browser Compatibility," the user should go to the properties of the pop-up blocker and either turn it off or add the eDRS URL (<https://www.fns-edrs.usda.gov>) to its "Allowed Sites." If you need further assistance, please contact the eDRS Helpdesk.

Figure 6. eAuthentication Disclaimer Screen

3. After selecting **Continue**, the eAuthentication Login screen displays, as shown in Figure 7.

Figure 7. eAuthentication Login Screen

4. After successfully logging into eAuthentication, the eDRS Home Page is displayed as shown in Figure 8.

Note: If you do not have a valid user account, you must complete FNS Form 674 to request access to the system.

Figure 8. eDRS Home Page Screen

The eDRS home page is divided into four main sections: Menu Options, Welcome, Help Desk Information, and What's new.

- The "Menu Options" displayed in the left menu bar are based on the access that you have been granted in the system. This menu appears on every page within the eDRS application.
- The "Welcome to eDRS" section provides an overview of the system.
- The "Help Desk Information" is available in the bottom left-hand corner of the Home page and includes contact information and hours of availability.
- The "What's New" section in the right-hand corner of the page will inform the user of changes to the system or related policies.

Note: My eDRS menu bar is collapsible by clicking on the arrow '«' and expandable by clicking on 'menu'.

3.2 Requesting a User Account

USDA is centralizing user account management and access controls through the eAuthentication and Central Security Administrative Management System (CSAMS) initiatives. eDRS users must now have an eAuthentication account that will be used as the login ID for eDRS. eDRS privileges are granted through the CSAMS process rather through eDRS's online request process. A user must first get an eAuthentication ID before requesting access to eDRS. The following paragraphs describe how to request an eAuthentication ID and access to eDRS.

To request an eAuthentication ID:

1. Go to www.eauth.egov.usda.gov and click on the **Create An Account Page**. *Note: eDRS requires level II access.*
2. Follow the instructions for USDA employees or for Non-Federal Employees for creating accounts.
3. Once you have created the account online, you must visit a Local Registration Authority (LRA) and bring a government issued photo ID such as;
 - State Driver's Licenses
 - Military identification cards
 - State employee identification cards
 - US passports
4. The LRA will compare the user to the picture ID, then log on and locate the user's account and activate it.

To request an eDRS Account:

1. Follow the instructions from Section 3.1 to Access eDRS.
2. Click on the link for **FNS -674**, the Computer Access Request Form.
3. Follow the form's instructions and complete all required information.
4. Provide completed form to your State Security Officer for approval and signature.
5. Once approved by your State Security Officer your signed form needs to be forwarded to your Regional Security Officer for activation. Your eDRS account will be created and you will be notified once it has been activated.

To request additional rights and privileges:

1. Follow the instructions from Section 3.1 to access eDRS.
2. Click on the link on the left menu bar under My eDRS for **Request eDRS Role Change**. The link will take you to the FNS Form 674, the Computer Access Request Form, as shown in Figure 9.

Figure 9. FNS Form 674 Instructions Window

3. Follow the form's instructions and complete all required information. Indicate on the form what rights and/or privileges you need to access.
4. Provide completed form to your supervisor for approval and signature.
5. Once approved by your State Security Officer, your signed form needs to be forwarded to your Regional Security Officer for activation. Your eDRS account will be updated and you will be notified when it is complete.

4 Performing Online Queries

Users will perform online queries to determine eligibility of those requesting benefits or to assess a penalty determination. An Online Query allows you to access a disqualification record on an individual through submitting a query by social security number (SSN) or name. This section will be expanded as additional functionality is added to eDRS.

To perform an online query:

1. Go to the eDRS Home page screen, as shown in Figure 10.

Figure 10. eDRS Home Page Screen

The screenshot shows the eDRS Home Page in a Microsoft Internet Explorer browser window. The address bar displays "http://65.207.77.87 - USDA FNS : eDRS - Microsoft Internet Explorer". The page header includes the USDA logo and "United States Department of Agriculture Food and Nutrition Service" on the left, and the eDRS logo and "Electronic Disqualified Recipient System" on the right. Below the header is a navigation bar with the date "Monday, September 22, 2008" and a welcome message "Welcome, Bill Doe | Log Out".

The main content area is titled "eDRS Home" and features a left-hand navigation menu with sections: "My eDRS" (Home, Request eDRS Role Change, Online Query, Secondary Verification, Search Profiles/Contacts, Add/Modify/Delete Disqualifications, Approve Disqualifications), "Administration", "Reports" (SNAP Reports, Records to be Deleted by State Report), and "Help" (Online User Help, User Quick Guide, User Detailed Guide, eDRS Help Desk, Feedback, About).

The main content area includes a "Welcome to eDRS" section with the following text: "You have successfully logged into the Supplemental Nutrition Assistance Program's (SNAP) Electronic Disqualified Recipient System (eDRS). eDRS makes it easier for SNAP fraud investigators, eligibility workers, and quality control specialists to perform their jobs by providing the most comprehensive and up-to-date nation-wide disqualification information at their fingertips. eDRS allows authorized users to search the national database of Supplemental Nutrition Assistance Program (SNAP) disqualification records to make disqualification penalty and eligibility determinations. eDRS also supports SNAP control reviews verifying the accuracy of SNAP eligibility determinations. Note: Use of eDRS is restricted to persons directly concerned with the administration and/or enforcement of the Food and Nutrition Act (of 2008) or regulations. Any information obtained by persons authorized to use eDRS may not be further disclosed to anyone not connected with the administration and/or enforcement of the Food and Nutrition Act (of 2008) or regulations without the written approval of the Food and Nutrition Service. If you have questions concerning eDRS access, please contact your FNS regional office."

Below this is a "HelpDesk Information" section with the text: "Need help logging on to eDRS? You will not be able to view this information if you cannot log on so please write down the following information for contacting the FNS eAuthentication Helpdesk. Email address: Phone: (800) 555.1111. Need help with a problem (other than logging on) or have a 'How do I...?' question concerning eDRS? The eDRS Help Desk is available to answer your questions Monday through Friday from 6:00 AM to 6:00 PM EST. Email address: gant_brian@bah.com or use this online form. Phone: (703) 555.1212. After business hours, please leave a brief message describing the problem, your name and a phone number where you can be reached. Someone will get back to you by the end of the next business day at the latest."

Finally, there is a "What's New" section with two entries: "Posted on : 4/10/2008 1:42:12 PM" and "Posted on : 4/10/2008 1:28:29 PM". The first entry includes the text: "For help with forgotten or expired passwords etc, please contact the eAuthentication Helpdesk by email at FNSEAUTHHELPDESK@FNS.USDA.GOV or by calling 703 305 1548. Once you've logged on, if you experience a problem with any of the eDRS functionality (e.g. Online Query), please contact the eDRS Help Desk by email at EDRSHELPDESK@FNS.USDA.GOV or by calling 866-557-8330."

2. Click **Online Query** in the menu bar to display the Online Query screen, as shown in Figure 11.

From the Online Query screen, you can:

- Create and submit a single query
- Create and submit a group of queries (batch)

Online Query

Online Query allows you to search for a record based on several criteria. The fields with the asterisk (*) are required fields. You can search by either SSN, Last Name, Last Name First Name, or Last Name First Name Middle Initial. To search based on a single criteria, enter it into the respective fields and click Submit Single. If you want to search for multiple records with multiple criteria, enter the first criteria and click Next. For additional criteria, fill out the fields as needed and click Next. After entering all requested criterion, select 'All' from the Records Per Page drop down list, check the boxes in front of those queries you would like to see and click the Submit Batch button. Please select a Query Purpose prior to selecting a Search Criteria. Those using Netscape as a browser will need to click Clear prior to changing the Query Purpose if other fields have been populated.

Note : When selecting a query purpose of "Eligibility", the query will only return records for recipients whose disqualifications are in an active status.

Note:

- Single and Batch Queries with "0" results or exceeding 5000 results will not be executed when the Submit button is clicked.
- You will have to delete Single and Batch Queries that exceed the 5000 results to have the aggregate results below the 5000 limit.
- Items marked with an * require input prior to a query being submitted.
- You may want to Print this screen for reference purposes.
- For best result, click the Printer Friendly Version and change the layout to Landscape.

The Recipient Query screen contains the following buttons:

- The **Submit Single** button is used to submit a single query
- The **Add to Batch** button is used to add another query criterion to the list (batch query)
- The **Clear** button is used to clear all the fields

4.1 Submitting Single Queries

1. From the Online Query screen, select the Query Purpose from the **Query Purpose** drop down list, as shown in Figure 12. There are four possible choices for Query Purpose: Eligibility Determination, Penalty Determination, Quality Control, and Administration. NOTE: If the query purpose is "Eligibility", the query will only return records for recipients whose disqualifications are in an active status.

Note:

- To view disqualification details click on the SSN for that record.

The records will be displayed in two different ways depending on the individual's disqualification status:

Regular Type = The participant is not currently in disqualified status, but has served at least one in the past.

Bolded Type = The participant is currently in disqualified status.

The Disqualification Status column also displays whether or not the participant is in disqualified status. The column will have a "Y" in it if they are in disqualified status, and an "N" in it if they are not in disqualified status.

- If the number of hits for your query exceeds the maximum number allowable (i.e., 5,000) or does not contain the minimum number allowable (i.e., 1) you will be prompted to refine your query by a pop-up message, as shown in Figure 16 and Figure 17.

Figure 16. Error Message, Query Exceeds Maximum Number Allowable**Figure 17. Error Message, Zero Results or No Match**

You will then be required to go back and change/refine your search criteria to decrease the number of records returned.

7. To go to a different page of the query results:
 - Click the **Next >** to move forward one page or **< Previous** to go back one page.
 - Enter page number in **Jump to Page** box and click **Go >**.
8. To view a different number of records per page if you have large number of results, click on the **Records per page** drop down list to choose the number of records you would like to view per page, as shown in Figure 19 (the system automatically defaults to 10 records per page).
9. To print the screen, click on the **View Printer Friendly Version** link. Once the printer friendly version has displayed, as shown in Figure 18, click the **Print** button at the top right of the screen. Click **Close** to return to the normal view.

Note: To avoid text being cutoff while printing, change the page layout to “Landscape” prior to printing.

4.2 Submitting Batch Queries

A user who wants to do multiple queries has the option of submitting a batch query instead of submitting each query individually. For a batch query, the user enters the selection criterion to build a “list” of queries and then submits the entire list. The user will have the opportunity to preview the list of queries prior to submission.

To submit a batch query:

1. Click **Online Query** in the menu to display the Online Query screen, as shown in Figure 21.

Online Query

Online Query allows you to search for a record based on several criteria. The fields with the asterisk (*) are required fields. You can search by either SSN, Last Name, Last Name First Name, or Last Name First Name Middle Initial. To search based on a single criteria, enter it into the respective fields and click Submit Single. If you want to search for multiple records with multiple criteria, enter the first criteria and click Next. For additional criteria, fill out the fields as needed and click Next. After entering all requested criterion, select 'All' from the Records Per Page drop down list, check the boxes in front of those queries you would like to see and click the Submit Batch button. Please select a Query Purpose prior to selecting a Search Criteria. Those using Netscape as a browser will need to click Clear prior to changing the Query Purpose if other fields have been populated.

Note : When selecting a query purpose of "Eligibility", the query will only return records for recipients whose disqualifications are in an active status.

5 Performing Ad Hoc Queries

Ad Hoc Query functionality provides a user with enhanced query and reporting capabilities by allowing the user to search by various recipient and disqualification criteria. Additionally, the user can narrow the search by location: national, regional, state, and locality. The user has the ability to search by entering single criteria or by multiple criterions. In Ad Hoc Queries, the user is able to search within a range of data or for a specific data set (i.e., a date range or a specific date).

To perform an Ad Hoc Query:

1. Click **Ad Hoc Query** on the left menu bar under My eDRS to display the Ad Hoc Query screen, as shown in Figure 32.

Figure 32. Ad Hoc Query, Criteria Selection Screen

The screenshot shows the 'Ad Hoc Query' screen in a Microsoft Internet Explorer browser window. The address bar shows 'http://65.207.77.87 - USDA FNS : eDRS - Microsoft Internet Explorer'. The page header includes the USDA logo and 'United States Department of Agriculture Food and Nutrition Service' on the left, and the 'eDRS Electronic Disqualified Recipient System' logo on the right. A navigation bar shows the date 'Friday, September 19, 2008' and a user greeting 'Welcome, Travis Doe | Log Out'. A left-hand menu titled 'My eDRS' contains categories like Home, Request EDRS Role Change, Online Query, Ad Hoc Query, Secondary Verification, Search, Profiles/Contacts, Add/Modify/Delete Disqualifications, Approve Disqualifications, Administration, Reports, and Help. The main content area is titled 'Ad Hoc Query' and contains a description: 'Add Hoc Query allows users to perform specialized queries of recipient and disqualification information based on dynamic criteria. Select any combination of criteria to obtain a count of matching records or view the results of the query.' Below this is the 'Query Criteria Selection' section, which is divided into three main areas:

- Location Criteria:** Includes a 'National Search' checkbox, a 'Region' dropdown menu (with options: Mid-Atlantic (MARO), Midwestern (MWRO), Mountain Plains (MPRO), Northeast (NERO), Southeast (SERO), Southwest (SWRO), Western (WRO)), a 'State' text input field (containing 'NA'), and a 'Locality' text input field (containing 'NA').
- Recipient Criteria:** Includes 'Last Name', 'First Name', and 'Middle Initial' text input fields; 'SSN' with three separate input boxes; 'Birth Date' with 'From' and 'To' date pickers and a 'Blank Dates' checkbox; and 'Sex' with radio buttons for 'Male' and 'Female'.
- Disqualification Criteria:** Includes 'Disqual Status' with radio buttons for 'Yes' and 'No'; 'Disqual Num' with two dropdown menus; 'Decision Date', 'Start Date', and 'Date Entered' each with 'From' and 'To' date pickers and a 'Blank Dates' checkbox; and 'Penalty Length' with a dropdown menu and a 'Penalty Length (Range)' with 'From' and 'To' text input fields.

 The browser's status bar at the bottom shows 'Done' and 'Internet'.

2. Select the **Location Criteria** you wish to search, as shown in Figure 33. You have the option to:
 - Search without selecting location criteria. To perform a search without narrowing the results by location, do not select any location criteria.
 - Perform a National Search. Click the box next to “National Search.” Note that by selecting National Search the system will search by all regions, states and localities.
 - Perform a search by region, state or locality. Select one or more regions. Once a region is selected, the states within the region will appear in the State drop down box. If multiple regions are selected, all the states within the selected regions will appear in the drop down. If desired, select one or more states. If one state is selected, the localities will appear in the Locality dropdown box. If more than one state is selected, localities cannot be selected.

Ad Hoc Query

Add Hoc Query allows users to perform specialized queries of recipient and disqualification information based on dynamic criteria. Select any combination of criteria to obtain a count of matching records or view the results of the query.

Query Criteria Selection

Location Criteria:
National Search:

Region:
 Midwestern (MWRO)
 Mountain Plains (MPRO)
 Northeast (NERO)
 Southeast (SERO)
 Southwest (SWRO)
 Western (WRO)

State:

 OHIO
 WISCONSIN

Locality:
 Adams County (0001)
 Allen County (0003)
 Bartholomew County (0005)
 Benton County (0007)
 Blackford County (0009)
 Boone County (0011)
 Brown County (0013)
 Carroll County (0015)

Recipient Criteria:
 Last Name: First Name: Middle Initial:
 SSN: -- Birth Date: / / To: / / Blank Dates:
 Sex: Male Female

Disqualification Criteria:
 Disqual Status: Yes No Disqual Num:
 Decision Date: From: / / To: / / Blank Dates:
 Start Date: From: / / To: / / Blank Dates:
 Date Entered: From: / / To: / / Blank Dates:
 Penalty Length: Penalty Length (Range): From: To:

- In the Recipient Criteria section, enter data into the fields you wish to search. You may choose to enter none or any of the following criteria: **Last Name, First Name, Middle Initial, Social Security Number (SSN), Birth Date, and Sex**, as shown in Figure 34. For birth date data, you may enter a date range to search. If you enter data only in the “From” box for birth date, the system will search from the date entered to the present day.

Note: You may choose not to enter criteria or enter specific data in any combination. To perform an Ad Hoc Query it is not a requirement to search using recipient criteria.

Figure 34. Ad Hoc Query, Criteria Selection: Recipient Criteria Screen

- In the Disqualification Criteria section, enter the disqualification data into the fields you wish to search. You may choose to enter none or any of the following criteria: **Disqualification Status, Disqualification Number, Decision Date, Start Date, Date Entered, Penalty Length and Penalty Length Range**, as shown in Figure 35.

For disqualification number and penalty length, you have the ability to choose the kind of search operation for the criteria. If you enter this kind of criteria, choose one of the following: equal to, greater than, less than, greater than and equal to, or less than and equal to. The system defaults in both cases to "equal to." For the decision date and start date fields, if you enter data into the "From" box only, the system will search from the date entered to the present day.

Note: You may choose not to enter criteria or enter specific data in any combination. To perform an Ad Hoc Query it is not a requirement to search using disqualification criteria.

6 Conducting Secondary Verification

The Secondary Verification functionality provides users an electronic way to request verification of a previous disqualification and to track that request. A user can request the secondary verification from the disqualification details and can track the state of the request through an inbox. The Locality Contacts (Primary and Secondary) receive this request and are asked to provide documentation to verify the disqualification status of an individual. Locality Contacts provide documentation of the disqualification by sending information to the Requestor (external to the eDRS system), if verified. The status of the request will be captured in the Secondary Verification inbox and outbox of the locality contact and requestor.

To request Secondary Verification:

1. Conduct query in the Online Query section as seen in Section 4 of this document.
2. Select the record that you would like to request a secondary verification for by clicking on the SSN field for that record. The result of this selection will be the Disqualification Details screen, as shown in Figure 38.

Figure 38. Disqualification Details Screen

The screenshot displays the 'Disqualification Details' screen within the eDRS system. The page is viewed in Microsoft Internet Explorer at the URL http://65.207.77.87. The header includes the USDA logo and 'Food and Nutrition Service' on the left, and the 'eDRS' logo and 'Electronic Disqualified Recipient System' on the right. A navigation menu on the left lists options like Home, Request EDRS Role Change, Online Query, Secondary Verification, Search, Profiles/Contacts, Add/Modify/Delete Disqualifications, Approve Disqualifications, Administration, Reports, and Help. The main content area is titled 'Online Query' and contains the following details:

2. Select the **Verification Tracking number** for the request that you would like to view. This shows the status of the request. The status changes from **New** to **Reviewed** when the Locality Contact views the request for the first time. The status changes again when the Locality Contact manually changes the status to **Documentation does not exist** or **Documentation Sent**.
3. The Requestor updates the status and closes the request by selecting **Closed with response** or **Closed documentation does not exist** from the Status drop down list, as shown in Figure 43. If the request remains open for more than 60 days without any action taken on the disqualification record, the system will automatically change the status to **Closed by system**. However, the Requestor at any time may close a request by selecting **Closed by Requestor**, as shown in Figure 44.

Note: When a Locality Contact clicks on the Verification Tracking Number for the first time the status will change from New to Reviewed. If the Locality Contact has not reviewed the request within seven (7) days an email reminder will be sent to both Locality Contact and the Requestor. Subsequent emails reminders will be sent every seven days for the first 28 days with the message; "Note: After 60 days the system will automatically close the request if no action is taken."

- Once the request is reviewed and action has been taken, the Locality Contact updates the status of the Verification in the Update Status field, as shown in Figure 46. The status can be set to **Documentation Does Not Exist** (if the record cannot be verified) or **Documentation Sent** (if the disqualification documentation has been sent to the requestor.)
- Select **Save** to record the status update.

Note: If the request is verified, the Locality Contact will send documentation to the Requestor (external to the system.)

7 Searching Profiles/Contacts

The Search Profiles/Contacts function allows you to access contact information by searching in the FNS, State, and/or Locality profiles. Additionally, for each state an information profile is presented that provides technical details about the states transmission method with FNS.

To Perform a Contact Search:

1. From the eDRS Home page screen, click **Search Profiles/Contacts** in the menu bar to display the Search Profiles/Contacts screen, as shown in Figure 47.

8 Adding, Modifying, and Deleting Disqualifications

Users have the capability to add, modify or delete disqualification records directly to eDRS. This functionality allows a user to enter recipient and disqualification information directly from a PC. States can elect whether or not to use the approval process for submission of new disqualification records. Additional functionality includes the capability to modify or delete a record as long as the user is from the state that has taken the last action on the record.

8.1 Adding Disqualifications

To Add a Disqualification without an Approval Process:

1. Click **Add/Modify/Delete Disqualifications** under My eDRS in the left menu bar, as shown in Figure 54.

8. Once you have returned to the recipient search screen, you can enter additional disqualifications by following steps 1-7 above.

8.2 Modifying or Deleting Disqualifications

Disqualification records can be modified or deleted by state users. To modify or delete a disqualification record, the system requires that the user be from the state that owns the record. The state that submits the last disqualification record is considered the owner of the recipient's record. Modifying or deleting records works like adding new disqualification records. If a state has elected to use the approval process, modified or deleted records will be routed to the appropriate approvers.

To Modify Disqualification:

11. Once the request has been submitted the user will see a message saying “The pending recipient and disqualification have been successfully completed.” Next, you may add, modify, or delete additional records at this time.

To Delete Disqualifications:

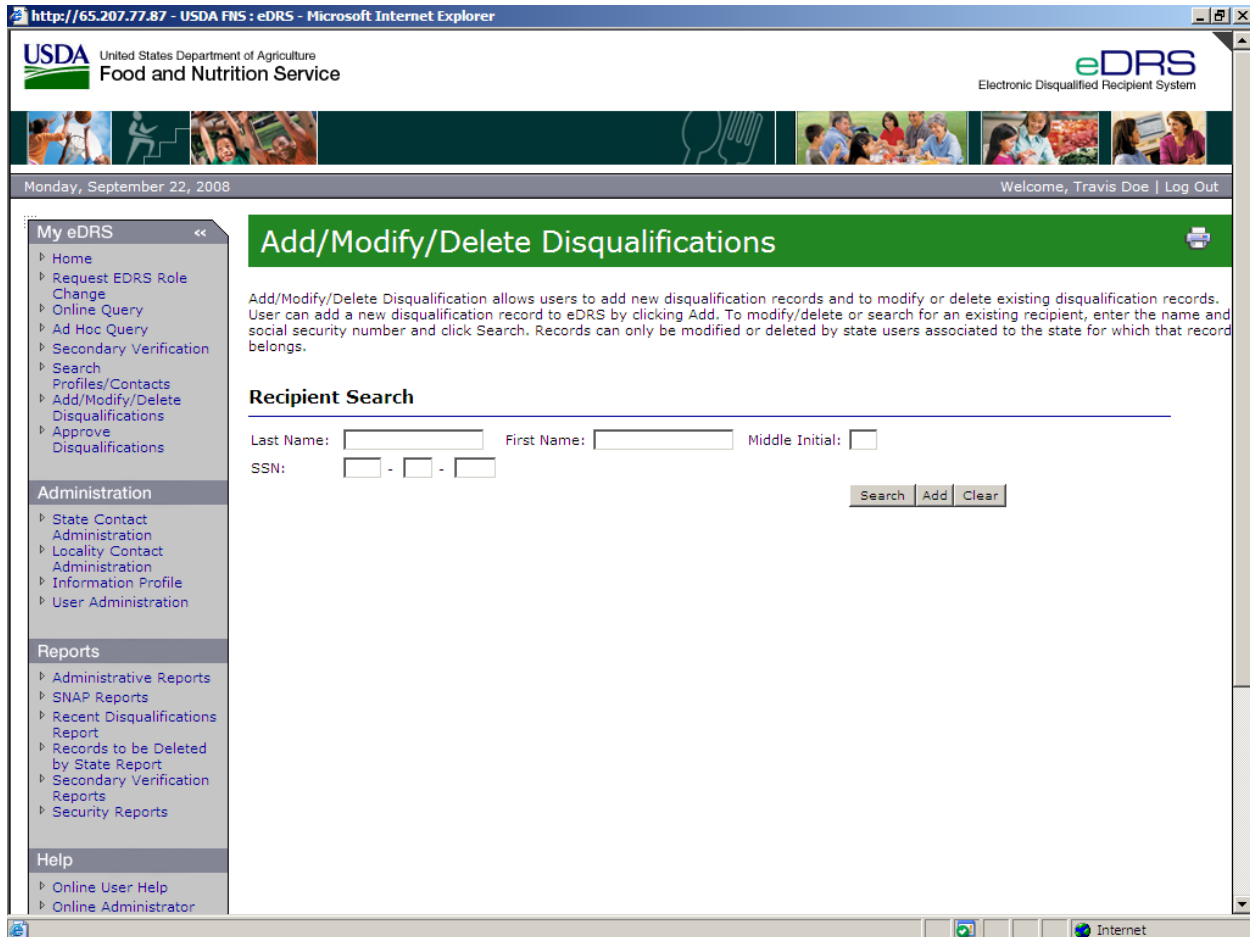

Disqualifications records may need to be deleted due to the following conditions:

- If the participant is over the age of 80, the states have the option to delete the disqualification record
- If there is a lack of official documentation related to the disqualification offense, states must delete the record.

Deleting disqualifications records works much like adding and modifying disqualification records. If a state has chosen to use the approval process, the deleted record will be routed to the appropriate approver prior to being deleted. The steps for deleting disqualification records are shown below.

1. Click **Add/Modify/Delete Disqualifications** under My eDRS in the left menu bar, as shown in Figure 70.

9 Approving Disqualifications

Disqualification Approval allows state users to approve or disapprove disqualifications being added, edited or deleted from eDRS. In order to use this approval screen, states are required to enable the eDRS approval process in the Information Profile screen. Instructions for enabling the approval process and changing the level at which the approval process takes place (state or locality) can be found in the Administrator's Guide.

To approve disqualifications:

1. Click **Approve Disqualifications** under My eDRS in the left menu bar, as shown in Figure 76. You will see the pending disqualifications that are assigned to you.

10 Generating Reports

Users can review system activity and disqualification data through the use of reports. Reports allow them to monitor the system to ensure that it is actively being utilized, that system integrity and security is intact, and to monitor trends within the system. For example, if one region is not using the system, this will alert the Program Accountability Manager(s) that something is not working for a particular state or region. Reporting functionality allows FNS to make sure the system is being used properly and efficiently.

Note: Reports are available in three different formats, PDF, MS Word, and Excel. Excel is only available for SNAP Reports.

10.1 SNAP Reports

The SNAP Reports function allows the users to generate reports related to disqualification records. These reports can be used to verify state submission of information and to summarize disqualification information. The SNAP reports available are:

- Disqualifications Determination by Type of Offense – Lists number of disqualifications by offense type.
- Edit Error Summary Report – Provides a summary of errors found while uploading to eDRS and displays the number and type of error.
- Edit Error Detail Report – Provides details on disqualification records that had warnings or fatal errors while uploading to eDRS.
- Database Record Count Report – Provides the number of recipients by disqualification number.
- Fiscal Year Report – Provides a count of the number of decisions made during a fiscal year “as of” the requested date.
- Monthly Database Status Report Differences – Lists the number of disqualification records submitted for the selected range of time.
- Monthly Disqualification Input Data Report – Provides monthly trend of input data.
- Net Record Changes – Provides a count of the number of record changes for a specified timer period.
- Pending Disqualifications Report – Provides a list of disqualifications that are marked as Pending in eDRS.
- Six Month History of Database Adds – Provides six month trend of adds to the database from both online and batch states.
- Total Recipients per Number of Disqualifications – List the number of recipients by disqualification number.
- Total Disqualifications Determined – Provides a list of total disqualifications in eDRS.
- User Activity Reports – Provides reports on state user activity such as number of queries run, number of types of queries run, and number of query “hits” (i.e., successfully returning records).
- Data File Transmission Report – Provides a transaction log during the time period specified of all files pushed and pulled.

To run a SNAP report:

1. Click on **SNAP Reports** under Reports on the left menu bar. The SNAP Reports screen displays as shown in Figure 80.

10.3 Records to be Deleted by State

The Records to be Deleted by State function allows users to generate reports on view disqualifications records that will be deleted by State. This report is of individuals in the eDRS database that are at least 80 years of age. Since State agencies must indefinitely retain documentation in support of the records in eDRS, FNS allows States to delete from their own records and from eDRS all records identified in this report.

To run Records to be Deleted by State Report:

1. Click on **Records to be Deleted by State Report** under Reports on the left menu bar. The Records to be Deleted by State Reports screen will display, as shown in Figure 83.

Records to be Deleted by State

Select Records to be Deleted by State Report Details

This report is of individuals in the EDRS database that are at least 80 years of age. Since State agencies must indefinitely retain documentation in support of the records in EDRS, FNS, to reduce State agency record keeping burden, asks that they delete from their own records and from EDRS all records identified in this report.

11 Accessing Help and Submitting Feedback

This chapter explains how to obtain help while using eDRS. There are two methods through which to obtain help through eDRS:

- Online Help – Detailed help guides that can be accessed through the application to provide you with step-by-step instructions for each function performed within the system.
- eDRS Help Desk – Provides assistance for any issues or problems you may have with the system. You can contact them via e-mail, an online form, or by telephone.

You can also submit feedback about eDRS through online Feedback.

Note: All password related issues should be directed to the eAuthentication Help Desk at eAuthenticationHelpDesk@USDA.gov.

11.1 Online Help

Online Help is organized according to sections within eDRS and is broken down into subsections accordingly.

To use the Online Help functionality:

1. Click **Online User Help** in the menu bar to display the Help screen.
2. To view a topic within Online Help:
 - Click the topic on the help screen for which you wish to obtain help to display a screen for that topic
 - Click the plus (+) sign next to a topic to display a sub-menu for that topic and then click on one of the sub-topics. For example, click Online Query to display step-by-step instructions for the Online Query function.

11.2 eDRS Help Desk

To access the eDRS Help Desk information, go to the eDRS Home page and refer to the bottom left hand corner of the page under eDRS Help Desk, or click on eDRS Help Desk in the menu bar. The eDRS Help Desk provides you with three methods for communicating with the Help Desk:

1. Calling the Help Desk directly at (866) 557-8330, 6:00AM-6:00PM ET.
2. Submitting an Online Form through the link provided on the eDRS Home screen or on the eDRS Help Desk screen that can be accessed in the menu bar. The Online Form will display and will ask for the following information:
 - Name
 - E-Mail
 - Phone
 - Select your Problem Area – Select the appropriate radio button
 - Problem – Provide additional information based on the radio button chosen
 - Additional Information – Any additional information that may assist the Help Desk in determining the best way in which to resolve your problem(s)

Enter all required information and click the **Submit** button to submit the form to the Help Desk.

3. Sending an e-mail directly to the Help Desk at eDRSHelpDesk@fns.usda.gov describing your problem(s).

11.3 Feedback

Users have the option of submitting feedback to FNS regarding the eDRS application. This option is to allow users to provide any suggestions or comments they may want to share in terms of improving the system, changing the system, etc. They can access this option by clicking on **Feedback** in the menu bar. This will bring up an e-mail screen through your current e-mail where you can provide feedback, suggestions, concerns, etc.

Note: You may use this communication channel to submit comments about eDRS. However, if you need an answer to a specific question or have encountered a problem with using the system, please contact the Help Desk.

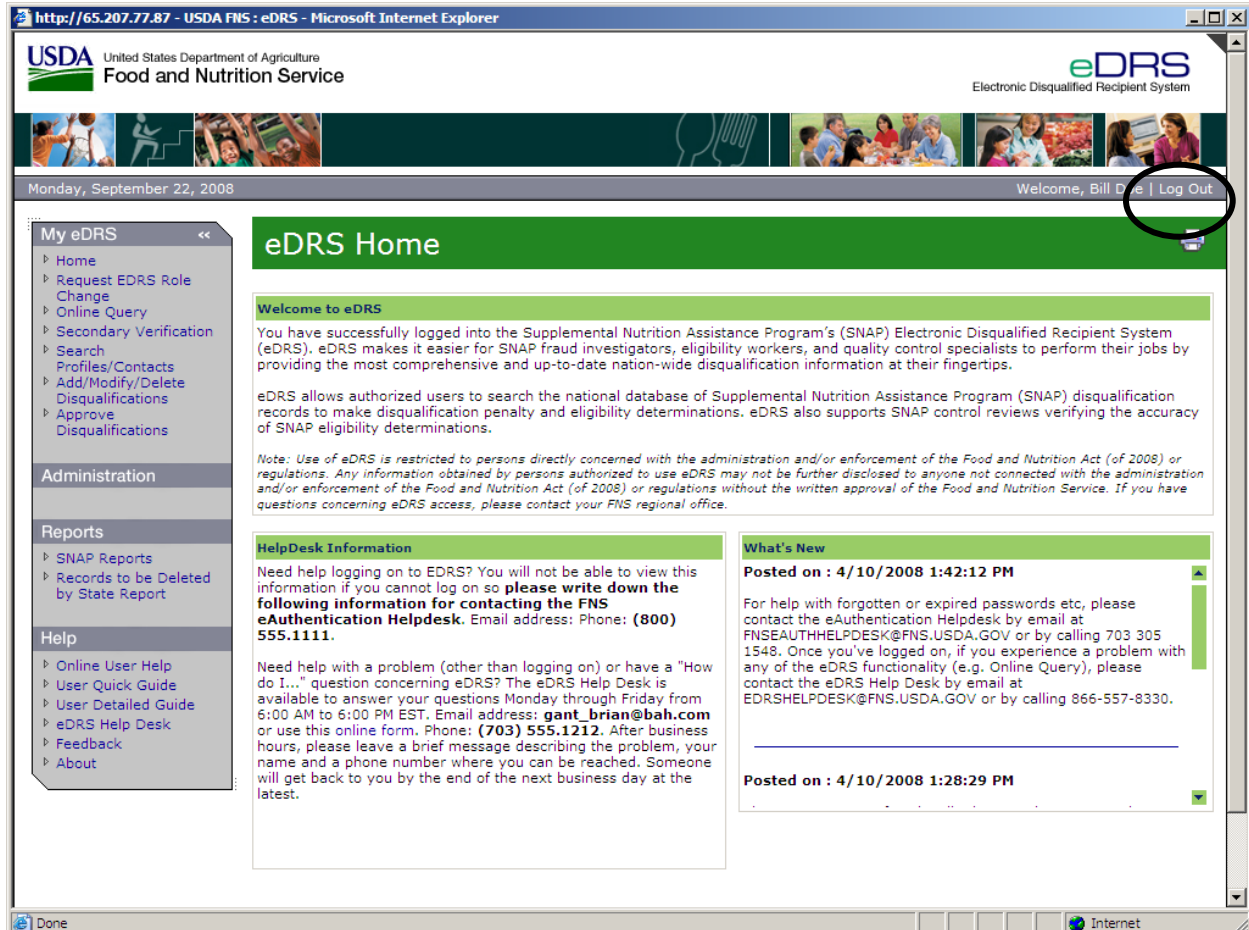

12 Logging Out

The Logout function allows you to log out of the eDRS application.

To log out of the application:

1. Click **Log Out** at the top right of the screen, as shown in Figure 86.

Figure 86. eDRS Home Page Screen, Logout

Upon logging out of eDRS, you will be taken back to the eDRS Usage Terms and Conditions screen. At that point you can close your browser completely.
