DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are required regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 29, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Salmonella Control Strategies Pilot Projects.

OMB Control Number: 0583-NEW.

Summary of Collection: Food Safety and Inspection Service FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18

and 2.53), as specified in the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). This statute mandates that FSIS protect the public by verifying that poultry products are safe, wholesome, and properly labeled. This ongoing, voluntary data collection will provide comprehensive information about pathogen control and the measurement strategies necessary for an effective poultry products inspection program.

Need and Use of the Information: On October 19, 2021, USDA announced that FSIS would mobilize a stronger and more comprehensive effort to reduce Salmonella illnesses associated with poultry products. A key component of this effort is identifying ways to incentivize the use of preharvest controls to reduce Salmonella contamination coming into the slaughterhouse. Under the pilot projects program, establishments will experiment with new or existing pathogen control and measurement strategies and share data with FSIS. Associations may also submit aggregate data. The data will be analyzed by FSIS to determine whether they support changes to FSIS existing Salmonella control strategies.

Description of Respondents: Business-for-not-for-profit; Farms; State, Local or Tribal Government.

Number of Respondents: 40.

Frequency of Responses: Reporting; Other (one-time).

Total Burden Hours: 620.

Rachelle Ragland-Greene,

Acting Departmental Information Collection Clearance Officer.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; 2024 American Community Survey (ACS) Sexual Orientation and Gender Identity Test

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us

assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on September 19, 2023, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: American Community Survey (ACS) Methods Panel: 2024 Sexual

Orientation and Gender Identity (SOGI) Test.

OMB Control Number: 0607–0936.

Form Number(s): Paper questionnaires: ACS–1(X)SGO, ACS–1(X)SGA; ACS internet electronic instrument (no form number), ACS CAPI(HU) electronic instrument (no form number), ACS Content Follow-up internet and CATI electronic instruments (no form numbers).

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 281,000 respondents to the initial interview; 88,000 respondents to the Content Follow-up reinterview.

Average Hours per Response: 40 minutes for the initial interview; 20 minutes for the Content Follow-up reinterview.

Burden Hours: 216,819 hours.

	Estimated number of respondents	Estimated burden (in hours)	Total estimated burden hours
Initial Interview	281,000	0.667	187,427
Content Follow-up Reinterview	88,000	0.334	29,392
Total			216,819

Needs and Uses: The information collected in the 2024 ACS SOGI test will be used to evaluate the quality of data from questions on sexual orientation and gender identity. The research will inform recommendations for potential production ACS implementation on question wording and response options, whether a confirmation question is asked of everyone or only of those people with discrepant responses for sex at birth and current gender identity, and the style of write-in boxes to use for internet respondents. The data will also be used to produce descriptive statistics on the test topics, assess the impact on other questions on the survey that have changed, and gain insight into terminology by analyzing write-in responses and responses to qualitative questions asked in the test. Data will be assessed by mode of response as well as type of respondent (proxy or self-reported data), in addition to other sub-groups of interest.

Because the questions being tested under this clearance have yet to be asked in the American Community Survey, the data gathered will not be considered official statistics of the Census Bureau or other Federal agencies. Test results will be included in research reports that will be published on the Census Bureau’s website. Results may also be prepared for presentations at professional meetings and conferences or for publication in professional journals. All published test results will be statistical products that contain only aggregated data that do not reveal individual responses.

Details of the questions being tested and test plans are available in Supporting Statements A and B and associated attachments. See directions

below for how to find these documents online on www.reginfo.gov.

Affected Public: Individuals or households.

Frequency: This is a one-time test.

Respondent’s Obligation: Mandatory.

Legal Authority: Title 13 U.S.C. 141, 193, and 221.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607–0936.
