Office of the Chief Information Officer

Title: USDA Generic Solution for Solicitation for Funding Opportunity Announcements.

OMB Control Number: 0503–0028.

Summary of Collection: The U.S. Department of Agriculture (USDA) conducts a pre-clearance consultation program to provide the public and Federal agencies an opportunity to comment on proposed, revised, and continuing information collections before submitting them to the Office of Management and Budget (OMB).

This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed. Periodically USDA solicits grant applications on <http://grants.gov> by issuing a Funding Opportunity Announcement, Request for Applications, Notice of Funding Announcement, Notice of Solicitation of Applications, [Grants.gov](http://grants.gov) announcement, or other funding announcement type. To ensure grants are awarded to the applicant(s) best suited to perform the functions of the grant, applicants are generally required to submit an application. The first part of USDA grant applications consists of submitting the application form(s), which includes the Standard Form 424, Application for Federal Assistance and may include additional standard grant application forms. The second part of a grant application usually requires a technical proposal demonstrating the applicant's capabilities in accordance with a statement of work or selection criteria and other related information as specified in the funding announcement. Following the grant award, the grant awardee may also be required to provide progress reports or additional documents.

Need and Use of the Information: The information collected in response to solicitations for grant applications has been and will be used by the USDA for issuing grants to the applicants most suited for fulfilling the mission of the grant.

Number of Respondents: 1,000,000.
