*Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.*

**Instructions for  
APPLICATION FOR EXEMPTION FROM  
CR CRAB NORTH OR SOUTH REGIONAL DELIVERY REQUIREMENTS**

**This two-part application form is available on the NMFS Alaska region website  
(<https://www.fisheries.noaa.gov/region/alaska>).**

Each IFQ Permit Holder, IPQ Permit Holder, and Community Representative must complete, sign, and submit Parts I and II of this application in order for the exemption to be effective.

The effective date of the exemption is the day after NMFS receives a complete inseason notice of exemption. NMFS prohibits any delivery of individual fishing quota (IFQ) crab or use of individual processing quota (IPQ) outside of the designated region prior to the effective date of the exemption.

An exemption from regional delivery requirements would be valid for the remainder of the crab fishing season during which the inseason notice of exemption was submitted to NMFS. If the inseason notice of exemption specifies that compensated deliveries will occur in the following crab fishing year, the exemption will remain in effect for the specified IFQ and IPQ in the following crab fishing year.

Federal regulations require that crab harvested with IFQ designated for delivery to a processor in either the North Region or South Region, must be delivered in that region. Likewise crab purchased with IPQ designated for processing in either the North Region or South Region, must be processed in that region.

This application is for IFQ holders and IPQ holders to request an exemption from these regional delivery requirements for the Bristol Bay red king crab, Bering Sea snow crab, Saint Matthew Island blue king crab, Eastern Aleutian Islands golden king crab, Western Aleutian Islands red king crab, or Pribilof Islands red and blue king crab fisheries. An exemption would mitigate safety risks and economic hardships that arise out of events that prevent compliance with the regional delivery requirements.

Eligible applicants are provided in the table below. Multiple parties may apply for an exemption; however, a minimum of one Class A IFQ holder, one IPQ holder, and one community representative are required for each application.

IFQ holders	Any person holding regionally designated IFQ for Bristol Bay red king crab, Bering Sea snow crab, Saint Matthew Island blue king crab, Eastern Aleutian Islands golden king crab, Western Aleutian Islands red king crab, or Pribilof Islands red and blue king crab, or their authorized representative.
IPQ holders	Any person holding IPQ matched to regionally designated IFQ for Bristol Bay red king crab, Bering Sea snow crab, Saint Matthew Island blue king crab, Eastern Aleutian Islands golden king crab, Western Aleutian Islands red king crab, or Pribilof Islands red and blue king crab, or their authorized representative.
Community representative	For communities that hold or formerly held the right of first refusal (ROFR), the community representative is the ECC entity, as defined at § 680.2. For the Bering Sea snow crab and Saint Matthew Island blue king crab PQS issued without a ROFR, the community representative for Saint Paul and Saint George shall be either: (1) the community representative that the Aleutian Pribilof Islands Community Development Association and the Central Bering Sea Fishermen’s Association designate in writing to NMFS, or (2) both Aleutian Pribilof Islands Community Development Association and the Central Bering Sea Fishermen’s Association.
