

## **Family Post-Visit Questionnaire**

### **Health Resources & Services Administration Maternal and Child Health Bureau ADAPT-HV**

**The Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs in Response to the COVID-19 Public Health Emergency (ADAPT-HV) project is funded by the *Health Resources and Services Administration (HRSA)* through a contract with *The Policy & Research Group (PRG)* and *Mathematica*.**

**What is the purpose of this questionnaire?** This questionnaire aims to understand your impressions of the home visits you participated in and your perceptions of interactions with your child during the visit.

There are no risks or benefits to your participation. Your participation in this questionnaire is voluntary. You have the right to skip any question or end your participation at any time at no penalty. Your decision about whether to complete this questionnaire or to answer any specific questions will not affect any services that you receive.

The questionnaire should take roughly 5 minutes to complete. Your name is NOT on this questionnaire, and the information you provide will be kept completely private. Though we will review responses to this questionnaire as a whole with program staff, your individual response will not be viewed on its own by study staff or program staff.

If you have any questions about the study, please contact Teresa Smith at The Policy & Research Group ([teresa@policyandresearch.com](mailto:teresa@policyandresearch.com) or (225) 281-3783).

If you have questions about your rights as a research volunteer, you can call Health Media Lab Institutional Review Board at (202) 549-1982.

**Public Burden Statement:** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The OMB control number for this information collection is 0906-0095 and it is valid through 7/31/2027. This information collection will be used to assess nominated ECHV programs' interest in and eligibility for

participation in the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs in Response to the COVID-19 Public Health Emergency (ADAPT-HV) study. The time required to complete this information collection is estimated to average less than 0.08 hours per response, including the time to review instructions, search existing data resources, gather the data needed, to review and complete the information collection. This information collection is voluntary and confidentiality is followed according to law. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: HRSA Information Collection Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, MD or paperwork@hrsa.gov.
