

## Appendix C. Contact Scripts

### C1: Email template inviting program sites to a virtual recruitment meeting

Subject: Request for participation in a federally-funded study on the use of informal contact strategies in home visiting

Hello [program director],

I am a [position title] at PRG.

In response to the COVID-19 public health emergency (PHE), the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs (ADAPT-HV) project is conducting a study focused on building knowledge on how home visiting programs can implement informal contacts with families to improve services and promote families' engagement in visits.

On behalf of the *Health Resources and Services Administration* (HRSA), and in collaboration with the *Office of Planning, Research, and Evaluation* (OPRE) in the *Administration for Children and Families*, our project team at Policy & Research Group and Mathematica, is seeking to partner with four early childhood home visiting programs to test and refine informal contact strategies at each site.

We have identified [home visiting program] as a potential program site to help us test and refine an informal contact strategy. We invite you to participate in an initial one-hour virtual meeting to discuss potentially working together. During this virtual session, we will explain the study process in more detail and ask you some questions to assess your program's interest and capacity to participate. To thank you for participating in this conversation, we will offer a site payment of \$100 regardless of whether your site ultimately participates in the study.

If you are willing to participate, we would like to schedule a virtual meeting with you and any other key personnel via telephone in the next couple of weeks. We appreciate that you and your staff have many demands on your time, and we will be as efficient as possible. Here are some potential blocks of time for your consideration. If these do not work for you, we would appreciate it if you could provide some days and times that would be better.

- [Day of week], [Month, date], [Time]
- [Day of week], [Month, date], [Time]
- [Day of week], [Month, date], [Time]

Thank you for considering our request to share your time and experiences. We look forward to hearing from you.

If you have any questions, please do not hesitate to contact me.

Thank you,

[ADAPT-HV project team member]

OMB No: 0906-0098

Expiration Date: 7/31/2027

**Public Burden Statement:** This information collection is part of the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs in Response to the COVID-19 Public Health Emergency Study, which aims to identify and study practices implemented in response to the COVID-19 public health emergency that support evidence-based practice and have the potential to enhance home visiting programming. One of the practices the study identified is the use of informal contacts. Informal contacts are any contacts between a home visitor and family that occur between formal home visits (e.g., text messages, emails). The purpose of this information collection is to better understand, through rapid cycle learning, how MIECHV-funded home visiting programs can use informal contacts to improve service delivery and promote caregiver's engagement and satisfaction. The OMB control number for this information collection is 0906-0098 and it is valid until 7/31/2027. This information collection is voluntary. Data will be private to the extent permitted by the law. The time required to complete this information collection is estimated to average less than 1 hour per response, including the time to review instructions, search existing data resources, gather the data needed, to review and complete the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: HRSA Information Collection Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, Maryland, 20857 or [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov), Attention: Information Collections Clearance Officer.

## **C2: Email template for administrative documentation request to recruited sites**

### **Subject: Informal contact strategies documentation request**

Hello [Name],

We are excited to be working with your site as part of the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs (ADAPT-HV) study!

As a follow-up to our program eligibility conversation, we are seeking written materials that guide your agency's approach to informal family contact. Please submit any documentation available before [DATE] so the study team can use them as context for our initial program staff focus group.

### ***WHAT MATERIALS ARE OF INTEREST?***

The study team is interested in any documentation that could help contextualize the implementation of child engagement strategies at your agency. Broadly, these documents could include:

- Guidance provided to your agency by local, state, or funding agencies
- Guidance provided to your agency by home visiting model developers
- Guidance you provide to home visitors about informal contact strategies
- Plans or tools to measure the success of informal contact strategies

### ***WHAT WILL THE STUDY TEAM DO WITH THESE MATERIALS?***

We will systematically review document contents before our initial staff focus group to understand how home visitors at your agency implement strategies to engage families. We will use this information to help define strategies that may be implemented through the study and may recommend updates to guidance documentation based on the lessons learned from the study. We may reference content or information we learned from these documents during our focus groups with program staff but we will not share the documents themselves during the focus groups or outside of the study team.

The study team will use the materials submitted to help answer the following research questions:

- What informal contact strategies do home visitors use to improve service delivery and promote caregivers' engagement and satisfaction with the home visiting program?
- What guidance supports the implementation of these strategies? Which entities provide the guidance?

### ***HOW DO I SUBMIT THE MATERIALS?***

**Submit materials of interest to the study team via the secure ShareFile site.**

To do this:

1. Go to [URL]
2. Enter your email address, first name, and last name in the appropriate boxes.
3. Enter the name of your company in the appropriate box.
4. Choose "FileDrop, PRG" in the recipient drop-down menu (this will be the only option).
5. Either drag your files into the box labeled "Drag Files Here" or choose them from your computer with the "Choose Files" option.
6. When the correct files are visible inside the box, select "Upload Files."
7. Your upload is now complete.

OMB No: 0906-0098

Expiration Date: 7/31/2027

Feel free to reach out with questions about the materials we are interested in or how to submit materials.

Thank you for your contributions to the study!

[ADAPT-HV study team member]

### C3: Email to a site liaison about program staff focus groups

Subject: Focus group meeting with the ADAPT-HV study

Hello [program director/site liaison],

Thank you for your willingness to participate in the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs (ADAPT-HV) study. We would like to schedule the [first/next] focus group session with your home visiting program. We would appreciate your assistance in inviting up to a total of 6 program staff (such as managers, supervisors, and home visitors) who are involved in the study activities to participate in the focus group discussion.

We appreciate that you and your staff have many demands on your time, and we will be as efficient as possible. Here are some potential blocks of time for your consideration. If these do not work for you, we would appreciate it if you could provide some days and times that would be better.

**C4: Email to program staff reminding them of a scheduled focus group**

Subject: REMINDER: Focus group meeting on [DATE] with [home visiting program] and the ADAPT-HV study

Hello [Name],

We look forward to speaking with you on [DATE] at [TIME & TIME ZONE] to discuss [INSERT FROM BELOW].

**Text for first focus group:** your experience implementing informal contact strategies, including any challenges and facilitators to implementing these strategies.

**Text for second focus group:** selecting an informal contact strategy to test at your home visiting program.

**Text for third and fourth focus groups:** your experience implementing the informal contact strategy being tested and your recommendations for improving the strategy.

**Text for fifth focus group:** your experience implementing the informal contact strategy being tested and your recommendations for improving the strategy as well as your overall reflections on the strategy.

You can use this link to access the focus group session: [link]

Please let us know if you have any questions. Thank you again for your time and willingness to participate in this focus group.

Thank you,

[ADAPT-HV study team member]

**C6: Email template for initial outreach for home visitors to request completion of weekly survey**

Subject: Request to complete a weekly questionnaire for the ADAPT-HV study

Hello [Name],

As you may know, [home visiting program] has been participating in the Assessing and Describing Practice Transitions Among Evidence-Based Home Visiting Programs (ADAPT-HV) project. As part of the project, [home visiting program] [has been/will be] testing the use of strategies to engage families.

**We invite you to complete the weekly 10-minute questionnaire by [Day/Month/year].** The questionnaire will focus on your experiences with implementing informal contact strategies and any suggestions you have for improvements. The information you provide will be used to help [home visiting program] improve their operations.

To access the survey, please use this link: [link]

If you would like more information about the study or have any other questions, please feel free contact [ADAPT-HV project team member and contact information].

Thank you for considering our request to share your insights.

Thank you,

[ADAPT-HV study team member]

**C8: Email to families reminding them of a scheduled focus group**

Subject: REMINDER: Focus group meeting on [DATE] for the ADAPT-HV study

Hello [Name],

**This is a reminder about the upcoming focus group meeting on XX/XX.**

[Home visitor] let us know that you are willing to share your experiences on the ways your home visitor contacts you informally between visits. We are gathering information from families as part of the ADAPT-HV study that your home visiting program is participating in. The information you provide will be used to help [home visiting program] improve their services.

Thank you for your willingness to speak with us! **As a reminder, we will provide a \$40 gift card as a token of our appreciation.**

Please use this link to access the focus group meeting: [link]

If you can no longer attend the focus group meeting at the scheduled time, please reach out to your home visitor.

Thank you,

[ADAPT-HV study team member]
