

**STRUCTURAL ASSESSMENT**  
**Improving Antibiotic Use Cohort**  
**Telemedicine-Only Organizations**

**Survey Instructions**

The structural assessment asks about your organization's characteristics, experience related to antibiotic stewardship activities, and any existing supports you may have in place that are intended to improve antibiotic prescribing. You will be asked to complete this survey twice: once at the start of the Safety Program and again at the end of the Safety Program. The results will be used to assess changes in your organization's infrastructure and capacity to implement the Safety Program over time. If a question does not apply to you or your organization or if you don't know the answer, please select "Not Sure."

1. How many of the following clinicians work in your organization?

- MDs/DOs
- NPs/PAs
- Registered Nurses
- Medical Assistants
- Pharmacists
- Care Coordinator/Patient Navigator
- Other (please describe)

2. Approximately how many patients does your organization see in an average week? \_\_\_\_\_

3. Has your organization implemented any prompts in the EHR to assist with antibiotic decision-making?

Yes  No  Not sure

4. Has your organization used a team-based safety program (e.g., comprehensive unit-based safety program) to drive improvement activities in the organization in the past?  Yes  No  Not sure

4a. If yes, please describe previous initiatives that have used a team-based safety approach.

Public reporting burden for this collection of information is estimated to average 12 minutes per response, the estimated time required to complete the survey. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: AHRQ Reports Clearance Officer Attention: PRA, Paperwork Reduction Project (0935-XXXX) AHRQ, 540 Gaither Road, Room # 5036, Rockville, MD 20850.

5. Do any clinicians in your organization receive any protected time or salary designated specifically for antibiotic stewardship related activities?  Yes  No  Not sure

5a. If yes, please describe.

6. Have clinicians in your organization developed local guidelines covering conditions for which antibiotics are commonly prescribed?  Yes  No  Not sure

6a. If yes, please describe.

7. Does your organization use any other tools to assist with antibiotic decision-making?

Yes  No  Not sure

7a. If yes, please describe.

8. Have clinicians in your organization developed a list of conditions for which antibiotic prescriptions are discouraged?

Yes  No  Not sure

8a. If yes, please describe.

9. Does your organization formally review data on rates of antibiotic prescriptions periodically?

Yes  No  Not sure

Public reporting burden for this collection of information is estimated to average 12 minutes per response, the estimated time required to complete the survey.
