Review and Dispute Overview

A field with an asterisk (*) is required.

Physician Records

Select the physician (including principal investigators) and program year from the drop-down list below, then select "Show Records." This will display records relating to payments or other transfers of value, or ownership or investment interests for the selected physician or principal investigator and program year that are disputed.

Physicians, teaching hospitals, and principal investigators may initiate disputes with reporting entities from the start of the review and dispute period until the end of the calendar year. There is an initial 45-day review and dispute period for physicians, teaching hospitals, and principal investigators to review and dispute their data, followed by a 15-day correction period for reporting entities to resolve disputes and make necessary corrections to the data prior to publication.

Note: Only records on which a dispute was initiated at least once during the 45-day review and dispute period and not resolved within the 15-day correction period will be published as disputed in the initial data publication for that year.

Any disputes initiated for the first time after the 45-day review and dispute period and not resolved within the 15-day correction period will be published as not disputed in the initial data publication for that year.

Only records for which attestation was completed by the submission deadline in that calendar year will be eligible for the review and dispute process for that calendar year. Records that have not been attested to, or that have been edited and are awaiting re-attestation will not be visible to physicians until the entity has completed re-attestation for those records.

For a complete list of review and dispute rules, refer to the [Open Payments User Guide \[PDF, 37.3 MB\]](#) located under Resources on the [CMS Open Payments website](#).

In the "Dispute Details" text box below, explain the reason for disputing the record. You may also use this text box to provide contact information for reporting entities to directly contact you.

If you are listed as a principal investigator, you may only dispute your association with the payment or any inaccurate identifying information.

If multiple disputes are initiated at the same time across multiple reporting entities, the text entered in the "Dispute Details" text box will be sent to all of those reporting entities. If you have different reasons for disputing each record, you should dispute each one individually.

When finished, select "Send Dispute" the status of the dispute will then be updated to "initiated."

To return to the previous page, select "Cancel."

For more information about the review and dispute process, refer to the [Open Payments User Guide \[PDF, 37.3 MB\]](#).
