Covered Recipient Records

To see a summary of a covered recipient's records, select the covered recipient's name from the drop-down list below, then select the "Show Summary" button. This will display a summary of the number of payment records and their total amounts available for review and dispute during this calendar year.

If the covered recipient is listed as a principal investigator on a research payment record, the covered recipient is not considered the recipient of the payment but is considered associated with the payment. A covered recipient identified as a principal investigator in a record can only dispute his or her association to the research reported in that payment and his or her identifying information. The date, amount, and other elements of the record cannot be disputed by a covered recipient in a principal investigator role.

To review a covered recipient's payment records, select the covered recipient's name from the drop-down and then select the "Show Records" button. This will display the details of the payments or other transfers of value reported for the selected covered recipient that are available for review and dispute.

Disputing Records

Only records submitted and attested by the submission deadline for a calendar year will be eligible for review and dispute that year.

Covered recipients may initiate a dispute for a record from the start of the review and dispute period for that calendar year until the end of the calendar year.

Disputes initiated during the year's 45-day review and dispute window and not resolved before the end of the 15-day correction window will be identified as under dispute in that year's June publication. Any disputes initiated for the first time after the 45-day review and dispute period will be published as not disputed in that year's June publication.

For more information about the review and dispute process, including step-by-step instructions, refer to the [Open Payments User Guide \(PDF\)](#).

Review & Dispute

Review & Dispute - Blair Skinner

Below is the list of all payments records in which the non-physician practitioner or physician is a covered recipient or principal investigator that are eligible for review and dispute this calendar year. Show Summary

Important Information

If the covered recipient is listed as a principal investigator on a research payment record, the covered recipient is not considered the recipient of the payment but is considered associated with the payment. To search for records that identify the covered recipient as a principal investigator, select the "Yes" check box under "Listed as PI Only" and select the "Search" button.

All payment records available for review and dispute will be displayed under the "Available for Review and Dispute" tab, which is selected by default. Records that are in the process of being modified or have been deleted by the reporting entity can be found under the "Deleted and In Progress Records" tab. Records shown in the "Deleted and In Progress Records" tab are for informational purposes only and no review or dispute actions can be taken on them. Once the edits to a record are complete, the records will be returned to the "Available for Review and Dispute" tab for review.

Filtering fields are available to customize the view of the records.

The user may export the search results by selecting the "Download Zip File" link on the "Available for Review and Dispute" tab. The downloadable file will be a CSV file compressed into a ZIP file. The file will contain records based on the search criteria and will contain all data fields displayed in the list below as well as other data elements related to the record.

To view all fields on an individual record, select the "Record ID" link.

To affirm the accuracy of a record, select the "Affirm Record" button for the record that needs to be affirmed. This optional step is a confirmation that the information about the payment, other transfer of value, or ownership or investment interest is accurate.

To dispute a payment, other transfer or value, or ownership or investment interest, select the "Dispute Record" button of the record that needs to be disputed. Enter an explanation for the reason(s) the dispute is being initiated and contact information so the reporting entity can contact you directly with any questions. If the record has previously been disputed, the Dispute Details modal header will show "Disputed" and include the count of disputes associated to the record in parenthesis.

Note: If the non-physician practitioner or physician listed as principal investigator on the record (Listed as PI Only = "Yes"), only the covered recipient's identification as principal investigator for the record and identifying information, such as name, NPI (if applicable), and license details, may be disputed.

To withdraw a dispute, select the "Withdraw Dispute" button in the dispute that needs to be withdrawn. The dispute must be in the status of "Initiated" or "Acknowledged" to be withdrawn. To return to the previous page, select the "Show Summary" button.

For more information about the review and dispute process, including step-by-step instructions, refer to the [Open Payments User Guide \[PDF\]](#).
