SECTION E. EAGLE TAKE – ASSOCIATED WITH BUT NOT THE PURPOSE OF AN ACTIVITY (INCIDENTAL TAKE)

(Bald and Golden Eagle Protection Act, 50 CFR 22.250)

Note: A Federal eagle incidental take permit authorizes incidental take of eagles where the take results from but is not the purpose of an otherwise lawful activity. Permits are available to individuals, agencies, Tribes, businesses, and other organizations. Please read [“Frequently Asked Questions About a Federal Permit For Eagle Take Necessary To Protect An Interest In A Particular Locality \(Incidental Take\)”](#) and the pertinent regulations at [50 CFR 22.250](#) before you sign and submit your application.

Please provide the information requested below. If you need to provide additional information that does not fit in the designated spaces below, add additional pages to your application submission. Please number pages accordingly using the page number box provided at the bottom of the sheet, and the corresponding question number. You may include attachments that provide pertinent information; however, responses below should summarize information provided in these attachments and should reference section and/or page numbers where pertinent information can be found. We will not review large attachments in their entirety to find pertinent information unless properly referenced.

Your responses should be thorough and specific. Incomplete applications will be returned. Processing fees are nonrefundable regardless of whether a permit is issued, abandoned, or denied. The Service will not refund any application or renewal fee under any circumstances if we have processed the application (see 50 CFR 13.11(D1)). For specific permits, processing time depends on the complexity of the request and completeness of the application. Please allow a minimum of 60-90 days for initial application review. Complex applications, including those that require additional environmental compliance review, may take longer to process.

FOR RENEWAL APPLICATIONS: If you are applying for a renewal and wish to report changes to your activity or request changes to your permit conditions, please answer all questions in Section E below. For all other renewals, please provide responses to questions 3, 6-17, and 19 below and respond “No Changes” to all other questions. All requested information must be provided, required reporting must be up to date, and processing fees paid, or the renewal will not be processed.

General and specific permit applications – Please complete questions 1-15 below.

1. **Permit Type.** Please indicate which type of permit you are applying for:
 General Specific
2. **Activity Description.** A detailed description of the activity that is likely to cause eagle take, including information on construction, demolition, vegetation removal, infrastructure, etc. that may affect eagle(s).
 - a. **Wind Energy.** If applying under § 22.250 for wind energy projects, include the number of turbines, rotor diameter, and hub height.
 - b. **Power Lines.** If applying under § 22.260 for power lines, include the total miles of transmission and distribution lines for which coverage is requested. To the extent known, include the number of miles or number of poles in eagle-risk areas that are not avian-safe.
 - c. **Other Activities.** For any other activities that are likely to cause eagle take, include the number and location of infrastructure.
3. **Dates.** The dates the activity that is likely to cause eagle take will start and is projected to end. If the activity is already in progress, describe the stage of progress and why you are requesting a permit now.
4. **Location.** The location of the activity that is likely to cause eagle take, including county/city information, maps, photographs, and latitude/longitude geographic coordinates (in decimal degrees). Provide a site plan that indicates the distance of your activities to eagle nests or important eagle use areas.
 - a. **Wind Energy.** If applying under § 22.250 for wind energy projects, include the location coordinates (latitude/longitude in decimal degrees) of each turbine.
 - b. **Power Lines.** If applying under § 22.260 for power lines, include the State and county(ies) where coverage is requested.

- I meet all eligibility requirements for general permits as defined in the regulation applicable to my activity.
- I meet all general permit issuance criteria listed in § 13.21 and my activity is consistent with the requirements applicable to my activity as specified in § 22.250, § 22.260, § 22.280, or § 22.300.
- My activity likely to cause take to eagles is necessary to protect a legitimate interest in a particular locality.
- Eagle take may result from but is not the purpose of my activity.
- Eagle take resulting from my activity cannot be practically avoided.
- I agree to implement all standard terms applicable to my activity, including those related to avoidance and minimization, monitoring, reporting, and adaptive management.
- I agree to acquire eagle credits, if required, from a Service-approved in-lieu fee program within 90 days of the effective date of my permit.
- My activity either does not affect a property that is listed, or is eligible for listing, in the National Register of Historic Places as maintained by the Secretary of the Interior; or I have obtained and am in compliance with, a written agreement with the relevant State Historic Preservation Officer (SHPO) or Tribal Historic Preservation Officer (THPO) that outlines all measures I will undertake to mitigate or prevent adverse effects to the historic property.

Specific permit applications only: If you are requesting a specific permit, you must provide the information requested below. An Eagle Conservation Plan (ECP) or other attached documentation, may be cited if submitted with your application and properly referenced. The Service may provide guidance on developing complete and adequate application materials.

17. **Duration.** What is the requested duration of the permit? Specific permits are issued for up to 30 years.

18. **Species Requested.** For which eagle species are you requesting authorization? Check both if requesting authorization for both species.

- Bald Eagle (*Haliaeetus leucocephalus*) Golden Eagle (*Aquila chrysaetos*)

19. **Impacts to Eagles.** An eagle impacts assessment, including eagle activity and eagle use in the project area and a description of methods used to conduct this assessment. If the Service has officially issued or endorsed survey, modeling, take-estimation, or other standards for the activity that will take eagles, you must follow them and include in your application all the information thereby obtained, unless the Service waives this requirement for your application.

20. **Avoidance and Minimization.** A description of implemented and proposed measures to avoid and minimize, to the maximum degree practicable, impacts to eagles from your activity.

21. **Compensation.** A description of implemented and proposed measures to compensate for eagle take.

22. **Monitoring.** All other methods and information related to pre- or post-construction eagle monitoring. The Service will use the best available information to estimate eagle take that will result from the described activity. Project-specific data may be used when it is consistent with Service standards.

23. **Existing Projects.** Are you applying as an existing wind energy project (as defined in § 22.250) that does not meet general permit eligibility criteria but wishes to request a project-specific determination of eligibility?

- Yes No

If yes, provide a justification as to why you believe the eagle risk at your existing wind project is consistent with risk expected under general permits.

NOTICES

PRIVACY ACT STATEMENT

Authority: The information requested is authorized by the following: the Bald and Golden Eagle Protection Act (16 U.S.C. 668), 50 CFR 22; the Endangered Species Act (16 U.S.C. 1531-1544), 50 CFR 17; the Migratory Bird Treaty Act (16 U.S.C. 703-712), 50 CFR 21; the Wild Bird Conservation Act (16 U.S.C. 4901-4916), 50 CFR 15; the Lacey Act: Injurious Wildlife (18 U.S.C. 42), 50 CFR 16; Convention on International Trade in Endangered Species of Wild Fauna and Flora (TIAS 8249), 50 CFR 23; General Provisions, 50 CFR 10; General Permit Procedures, 50 CFR 13; and Wildlife Provisions (Import/export/transport), 50 CFR 14.

Purpose: The collection of contact information is to verify the individual has an eligible permit to conduct activities that affect protected species. The information the individual provides helps the FWS monitor and report on protected species and assess the impact of permitted activities on the conservation and management of species and their habitats.

Routine Uses: The collected information may be used to verify an applicant's eligibility for a permit to conduct activities with protected wildlife; to provide the public and the permittees with permit related information; to monitor activities under a permit; to analyze data and produce reports to monitor the use of protected wildlife; to assess the impact of permitted activities on the conservation and management of protected species and their habitats; and to evaluate the effectiveness of the permit programs. More information about routine uses can be found in the System of Records Notice, Permits System, FWS-21.

Disclosure: The information requested in this form is voluntary. However, submission of requested information is required to process applications for permits authorized under the listed authorities. Failure to provide the requested information may be sufficient cause for the U.S. Fish & Wildlife Service to deny the request.

PAPERWORK REDUCTION ACT STATEMENT

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the U.S. Fish and Wildlife Service collects information necessary to monitor take and disposition of migratory birds, under the applicable laws governing the requested activity, for which a permit is requested, and to respond to requests made under the Freedom of Information Act and the Privacy Act of 1974. Information requested in this form is purely voluntary. However, submission of requested information is required in order to process applications for permits authorized under the above laws. Failure to provide all requested information may be sufficient cause for the U.S. Fish and Wildlife Service to deny the request. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned Control No. 1018-0167.
