

Justification for Change
Registration for Controlled Substances Act Data-Use Request
OMB Approval #1117-0059

The Drug Enforcement Administration (DEA) seeks approval by the Office of Management and Budget (OMB) for a no material or nonsubstantive change to a currently approved collection.

DEA recently underwent an audit of forms by DEA's Office of Compliance and Chief Counsel. As a result of this review, minor changes and clarifications were made to the form for Registration for Controlled Substances Act Data-Use Request to ensure that the proper Privacy Act statements were used and to reduce any potential confusion. These changes include minor sentence changes to a sentence in the Justification box and changes to some of the wording in the Use-Agreement. The minor changes and clarifications made did not adjust the burden.
