Dear <<NAMEOFOWNERORMANAGER>>:

The Bureau of the Census conducts surveys each month to provide statistics on such subjects as employment, health and housing, as well as the economic, demographic and social situations of Americans. Government officials, Congress, Planners and Educators to observe changes in people's lives over time and provide the government with information to make decisions on the Nation's economic and social needs, use the published statistics.

Information is collected by randomly selecting a sample of living quarters throughout the country and interviewing the occupants thereof. The people who conduct the interviews are official representatives of the U.S. Census Bureau. They have official identification cards, which they are instructed to show to each person from whom they request census information. By law (Title 13, United States Code), all information collected by our Field Representatives is confidential. Information may only be viewed by authorized, sworn Census employees, and may only be used for statistical purposes. No person or household can be identified from the resulting statistical tabulations that are available to all who are interested in them.

One or more of the units located at <<HOUSE_NUMBER>> <<STREET_NAME_COMBINED>> have been selected for an important, Federal government survey conducted by the Census Bureau. We are requesting that you assist our Field Representatives in contacting the residents of these units. Congress considers Census surveys most important and has included in the Census law (Title 13) an amendment that addresses refusals by owners, proprietors, etc., to assist Census employees. Title 13, Section 223 also states that any owner, proprietor, superintendent or agent who refuses to grant access to an apartment building or gated community can be fined up to \$500.00 (A copy of Section 223, Title 13 is enclosed for your information).

I am requesting our Field Representative, <<FRNAME>>, to return to this complex to conduct the interviews. <<FRNAME>> <<FRPHONE>>, or another Field Representative, will be required to contact the sample units. I trust you will extend our Commerce Department employees the privilege of entering the complex, as it may be necessary in the performance of their official duties and that you will cooperate with them whenever necessary. If you have any questions about this survey, please feel free to contact the <<NAMEOFRO>> Regional Office of the U.S. Census Bureau, at <<SURVEYPHONE>> extension **XX**.

Sincerely,
