

Request; Serious Needs Assistance Modification Requests.

Abstract: This information collection provides disaster survivors the opportunity to request approval of late applications, continued temporary housing assistance, request advance disaster assistance, stop payments not received in order to be reissued funds, and to appeal program decisions. This collection also allows for the establishment of an annual agreement between FEMA and States, territories, and Tribal governments regarding how the Other Needs Assistance provision of IHP will be administered: by FEMA, by the State, territory, or Tribal government, or jointly. This collection allows survivors to provide additional information after the initial disaster assistance registration period in support of their applications for assistance from FEMA's IHP. If the information in this collection is not collected, a delay in assistance provided to disaster survivors would occur.

Affected Public: Individuals or Households; State, Local or Tribal Government.

Estimated Number of Respondents: 1,750,864.

Estimated Number of Responses: 2,027,047.

Estimated Total Annual Burden Hours: 508,505.

Estimated Total Annual Respondent Cost: \$23,255,941.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$1,227,786.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111-24-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Revision of Agency Information Collection Activity Under OMB Review: TSA PreCheck® Application Program; Correction

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice; correction.

SUMMARY: This document makes a correction to a 30-day notice published in the **Federal Register** on August 23, 2024, which involves an Information Collection Request concerning the submission of biographic and biometric information by individuals seeking to enroll in the TSA PreCheck® (also known as TSA Pre✓®) Application Program, as well as optional surveys related to customer service and enrollment processes. TSA erroneously omitted the sentence, "TSA is revising the collection to eliminate two previously approved voluntary surveys, TSA PreCheck Experience survey and Marketing survey, but will continue to conduct the post enrollment, post renewal, and non-renewal surveys." This document adds the sentence.

DATES: Applicable October 3, 2024.

FOR FURTHER INFORMATION CONTACT:

Christina A. Walsh, TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, VA 22150; telephone (571) 227-2062; email TSAPRA@tsa.dhs.gov.

SUPPLEMENTARY INFORMATION: On August 23, 2024 (89 FR 68183), TSA published a 30-day notice giving notice to the public of TSA's intent to submit the TSA PreCheck® Information Collection Request to OIRA for review. The Information Collection Request concerns the submission of biographic and biometric information by individuals seeking to enroll in the TSA PreCheck® (also known as TSA Pre✓®) Application Program, as well as optional surveys related to customer service and enrollment processes.

In the section titled, "TSA PreCheck® Enrollment and Renewal

"Enhancements," and before the burden section titled, *Average Annual Number of Respondents*" (page 68184, third column, line 54), TSA erroneously omitted the sentence, "TSA is revising the collection to eliminate two previously approved voluntary surveys, TSA PreCheck Experience survey and Marketing survey, but will continue to conduct the post enrollment, post renewal, and non-renewal surveys." The sentence is needed to show the removal of the surveys from the information collection. Accordingly, the sentence has been added to the 30-day notice.

Correction

In the 30-day notice FR Doc. 2024-19001, published on August 23, 2024 (89 FR 68183), make the following corrections:

On page 68184, in the third column, line 54, correct the section titled "TSA PreCheck® Enrollment and Renewal Enhancements," by inserting the sentence at the end of the section and before the burden section titled, *Average Annual Number of Respondents*" to read:

TSA PreCheck® Enrollment and Renewal Enhancements

The introduction of additional enrollment providers, as discussed in the previous ICR revision, allows enrollment providers to offer multiple price points for TSA PreCheck® enrollment and renewal as well as additional enrollment locations, which will allow the public to select the best option for their needs. TSA plans to explore new enrollment capabilities to include remote proctored enrollment¹ to further expand TSA's ability to service the public. This revision also addresses TSA's plan to accept Mobile Drivers Licenses and other TSA approved Digital Identities for identity verification at enrollment upon TSA approval. Lastly, TSA intends to continue to collect information from TSA PreCheck® members after enrollment through voluntary customer experience surveys to better serve the public. TSA is revising the collection to eliminate two previously approved voluntary surveys, TSA PreCheck Experience survey and Marketing survey, but will continue to conduct the

¹ Remote Proctored Enrollment refers to enrollments conducted in-person by the applicant and monitored remotely by a trusted agent via real-time video stream. The remote trusted agent maintains the integrity of the enrollment by monitoring the entire process from start-to-finish including the collection of identity documents and the traditional capture of contact fingerprints.

post enrollment, post renewal, and non-renewal surveys.

Dated: August 27, 2024.

BILLING CODE 9110-05-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[OMB Control Number 1615-0157]

Agency Information Collection Activities; Emergency Revision of a Currently Approved Collection: Online Request To Be a Supporter and Declaration of Financial Support

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: Notice.

SUMMARY: The Department of Homeland Security (DHS), U.S. Citizenship and Immigration (USCIS) will be submitting this collection of information to the Office of Management and Budget (OMB) with a request for review and approval in accordance with the Paperwork Reduction Act of 1995. USCIS is requesting that OMB approve this emergency revision by September 20, 2024.

SUPPLEMENTARY INFORMATION:

Overview of This Information Collection

(1) *Type of Information Collection:* Emergency Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Online Request to be a Supporter and Declaration of Financial Support.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I-134A; USCIS.

(4) *Abstract:* USCIS uses Form I-134A to determine whether a U.S.-based individual meets the necessary qualifications to serve as a supporter of the beneficiary named on the Form I-134A for the duration of their temporary stay in the United States. This includes collecting information to conduct security checks and assess whether the supporter has sufficient financial resources and access to those funds to support the beneficiary as well as to obtain information concerning whether the beneficiary merits a favorable exercise of discretion under the

statutory parole standard. Form I-134A is filed by a U.S.-based individual (the potential supporter) to request to be a supporter, agree to provide financial support to the beneficiary named on the form for the duration of the beneficiary's period of stay in the United States, and to provide information concerning why the beneficiary warrants a discretionary grant of parole.

In this request, USCIS will require submission of biometrics by supporters as a condition of submission and require payment of a biometric services fee of \$30. These changes are needed to enable USCIS to better validate the identity and qualifications of the supporter(s) and perform additional background checks and security vetting. Within the 6-month period following emergency approval, USCIS will seek public comment of the information collection package as provided under 5 CFR part 1320 and the Paperwork Reduction Act.

Dated: August 29, 2024.

Samantha L. Deshommes,

*Chief, Regulatory Coordination Division,
Office of Policy and Strategy, U.S. Citizenship
and Immigration Services, Department of
Homeland Security.*

BILLING CODE 9111-97-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7090-N-07]

60-Day Notice of Proposed Information Collection: 2023 American Housing Survey; OMB Control No.: 2528-0117

AGENCY: Office of Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: Comments Due Date: November 4, 2024.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal.

Written comments and recommendations for the proposed information collection can be submitted within 60 days of publication of this notice to www.regulations.gov. Interested persons are also invited to submit comments regarding this

proposal by name and/or OMB Control Number and can be sent to: Anna Guido, Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 8210, Washington, DC 20410-5000 or email at PaperworkReductionActOffice@hud.gov.

FOR FURTHER INFORMATION CONTACT:

Anna Guido, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email: Anna.P.Guido@hud.gov; telephone (202) 402-5535 (this is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: 2025 American Housing Survey.

OMB Approval Number: 2528-0017.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The purpose of the American Housing Survey (AHS) is to supply the public with detailed and timely information about housing quality, housing costs, and neighborhood assets, in support of effective housing policy, programs, and markets. Title 12, United States Code, Sections 1701Z-1, 1701Z-2(g), and 1710Z-10a mandates the collection of this information.

Increasing field costs and declining response rates have led HUD to adopt a continuous data collection model as opposed to the periodic 5-month data collection every other year. HUD believes continuous data collection will be more effective, primarily because: (1) it eliminates the expensive, time-consuming Regional Office AHS ramp-up costs every two years, and (2) it puts in place a more experienced AHS workforce with a constant workload. An added benefit is that we will be able to increase the frequency of national and metro AHS estimates, allowing for more current estimates and better
