**FOR FURTHER INFORMATION CONTACT:** Jean Sonneman may be reached by email at [DataClearance@FERC.gov](mailto:DataClearance@FERC.gov), telephone at (202) 502-6362.

**SUPPLEMENTARY INFORMATION:**

**Title:** FERC-588 (Emergency Natural Gas Transportation, Sale, and Exchange Transactions).

**OMB Control No.:** 1902-0144.

**Type of Request:** Three-year extension of the FERC-588 information collection requirements with no changes to the current reporting and recordkeeping requirements.

**Abstract:** FERC-588 is an existing information collection consisting of filing requirements and notice procedures applicable to responses to natural gas emergency circumstances. Two sets of information collection activities pertain to such responses. One set applies to responses by a jurisdictional “natural-gas company,” *i.e.*, a person engaged in the transportation of natural gas in interstate commerce, or the sale in interstate commerce of such gas for resale.<sup>1</sup> Section 7(c)(1)(A) of the Natural Gas Act<sup>2</sup> requires any natural-gas company to obtain a certificate of public convenience and necessity issued by the Commission before engaging in the transportation or sale of natural gas in interstate commerce, or undertaking the construction or extension of any facilities for the transportation or sale of natural gas in interstate commerce. Under 18 CFR 157.17, a jurisdictional natural-gas company may file an application for a temporary certificate authorizing the construction and operation of extensions of existing facilities, interconnections of pipeline systems, or sales of natural gas that may

be required to assure maintenance of adequate service, or to service particular customers.

The other set of responses to a natural gas emergency, at 18 CFR part 284 subpart I, exempts a person who engages in an emergency natural gas transaction in interstate commerce from the certificate requirements of section 7 of the Natural Gas Act.<sup>3</sup> The term “emergency natural gas transaction” is defined at 18 CFR 284.262 as the sale, transportation, or exchange of natural gas (including the construction and operation of necessary facilities) conducted pursuant to this subpart, that is:

- (1) Necessary to alleviate an emergency; and
- (2) Not anticipated to extend for more than 60 days in duration.

A non-jurisdictional company that engages in an emergency natural gas transactions must file information with the Commission under 18 CFR 284.270, so that the Commission may ensure compliance with relevant legal requirements.

**Types of Respondent:** Providers and recipients of assistance in natural gas emergency circumstances.

**Estimate of Annual Burden:**<sup>4</sup> The Commission estimates the total annual burden and cost<sup>5</sup> for this information collection in the following table:

Number of respondents	Annual number of responses per respondent	Total number of responses (Col. A × Col. B)	Average hr. burden and cost per response	Total annual hr. burden and cost (Col. C × Col. D)
A.	B.	C.	D.	E.
10	3	30	10 hrs; \$1,000. ....	300 hrs.; \$30,000.

**Comments:** Comments are invited on: (1) whether the collections of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collections of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collections; and (4) ways to minimize the burden of the collections of information on those who are to respond, including the use of automated

collection techniques or other forms of information technology.

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-12034-01-OEJECR; EPA-HQ-OEJECR-2024-0146]

**National Environmental Justice Advisory Council; Notice of Public Meeting**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of public meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act (FACA), the U.S. Environmental Protection Agency (EPA) hereby provides notice that the

<sup>1</sup> The definition of “natural-gas company” is at 15 U.S.C. 717a(6).

<sup>2</sup> 15 U.S.C. 717f(c)(1)(A).

<sup>3</sup> 18 CFR 284.261.

<sup>4</sup> “Burden” is the total time, effort, or financial resources expended by persons to generate,

maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

<sup>5</sup> The Commission staff believes that industry is similarly situated to the Commission in terms of

cost for wages and benefits. Based on FERC’s current annual average cost of \$207,786 (for salary plus benefits) for a full-time equivalent, the average hourly cost is \$100/hour. Therefore, the hourly cost used in the burden calculation is \$100.
