Indian Environmental General Assistance Combined EPA-Tribal Environmental (ETEP) and

Tribe:

EPA Region:

Work Plan Period Begins:

Work Plan Period Ends:

ETEP Time Period:

This combined ETEP and GAP Work Plan includes requirements listed in the [2022 GAP Guidance](#) and [40 CFR § 35.507](#), and the [Indian Environmental General Assistance Program Act of 1992](#).

Section 1: Implementation of the Federal Environmental Programs on the Reservation

Including: EPA Regulated Entities & EPA Program Priorities (including Direct Implementation)

As stated in the [2022 GAP Guidance](#), EPA Regional Offices should develop and provide each Tribe with a draft inventory of federally-regulated entities in Indian country, to be incorporated into the tables below. Tribes may also consider adding regulated entities that are not within Indian country but that may impact the Tribe's environment. EPA maintains program-specific databases of regulated entities and data query tools that Tribes may use to identify additional regulated entities of interest. See page 18 of the [2022 GAP Guidance](#) for more information.

EPA Regional Offices shall also identify EPA's Direct Implementation (DI) responsibilities for each Tribe, detailed in the tables below.

A) EPA Direct Implementation

1.

EPA-Regulated Entities Identified in Indian Country:

Information about the regulated entities (optional¹):

Primary Federal Statute and Subsection:
 and enter Subsection (*or, if not listed, type in*)

Primary EPA Contact (optional):

Primary Tribal Contact (optional):

**Has the Tribe been delegated, authorized, or approved the program?
If not, complete the section below.**

If the answer to the question above is No, complete the following section

Anticipated EPA Direct Implementation Activities (completed by EPA):

Anticipated Tribal Activities to Support EPA Direct Implementation (completed by Tribe) – optional:

Tribe’s Long-Term Program Development Goal: (choose one: 1. Tribal Assumption of Program Authority, 2. Meaningful Participation, 3. Solid and Hazardous Waste Implementation, as identified in Section 2 below)

¹ “Optional” refers to information that is not required.

Section 2, Continued: Solid Waste Service Delivery
(Complete if the Tribe is using GAP funds to support solid waste service delivery activities)

As stated in the [2022 GAP Guidance](#) (page 11), the conditions in Sections 1 and 2 below apply to GAP awards that include solid waste and recovered materials collection, transportation, backhaul, and disposal services.

Service delivery activities that support for-profit commercial operations and/or activities outside of Indian country should include justification of direct or indirect Tribal benefit (for example, a Tribal partnership with the local jurisdiction to increase recycling volume to support program sustainability) and appropriate award conditions, such as those related to program income.

Section I: Integrated Waste Management Plan (IWMP) Information

Yes, the Tribe has a current IWMP that includes the relevant information. Date of plan: _____
**Go to Section II*

No, the Tribe does not have a current IWMP that includes the relevant information.
**Complete the information below and then go to Section II*

1) A description of the Tribe’s waste management program structure and administration:

2) Current and proposed waste management practices:

3) Description of the community service area:

Section II: Additional Conditions

1. Is solid waste program development and/or implementation a priority in this ETEP for the Tribe?
 Yes (continue to next question)
 No (do not move to next question – this should be a listed priority in the Tribe’s ETEP to receive funding)

2. The Tribe’s work plan includes solid waste program development and/or implementation as a standalone GAP work plan component and separately outline the associated component costs. Complete the work plan component below.

Section 3: Performance Evaluation Process and Reporting Schedule

A GAP work plan should have a performance evaluation process and reporting schedule in accordance with work plan requirements in [40 CFR § 35.507](#). The schedule must require the Tribe to report at least annually and must satisfy the requirements for progress reporting under [2 CFR 200.329](#).

The joint evaluation process requirements are specifically outlined in § [35.515](#) and include:

1. A discussion of accomplishments as measured against work plan commitment,
2. A discussion of the cumulative effectiveness of the work performed under all work plan components,
3. A discussion of existing and potential problem areas, and
4. Suggestions for improvement, including, where feasible, schedules for making improvements.

Resolution of issues. If the joint evaluation reveals that the Tribe has not made sufficient progress under the work plan, the Region and the Tribe will negotiate a resolution that addresses the issues. If the issues cannot be resolved through negotiation, the Region may take appropriate measures under [2 CFR 200.339–200.243](#). The Tribe may request a review of the Regional Administrator's decision under the dispute processes in [2 CFR part 1500, subpart E](#).

Evaluation reports. The Region will ensure that the required evaluations are performed according to the negotiated schedule and that copies of evaluation reports are placed in the official files and provided to the Tribe.

Burden Statements. This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2090-NEW). Responses to this collection of information are mandatory [40 CFR § 35.507]. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 20 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Information Engagement Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
