ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the

Federal Aviation Administration (FAA) invites public comments about our intention to request the Office of Management and Budget's (OMB) approval to renew an information collection. The collection involves information on voluntary airport noise compatibility programs. The information to be collected is necessary because noise compatibility program measures are eligible for Federal grants in-aid if they are provided to FAA for review and approval in advance. The respondents are airport sponsors that voluntarily submit noise exposure maps and noise compatibility programs to the FAA for review and approval.

DATES: Written comments should be submitted by December 13, 2024.

ADDRESSES: Written comments and recommendations for the FAA's request for OMB's approval to renew this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. sponsor's noise compatibility program is eligible for Federal grant funds. If airport sponsors did not voluntarily submit noise exposure maps and noise compatibility programs for FAA review and approval, the airport sponsor would not be eligible for the set aside of discretionary grant funds. The **Federal Register** Notice with a 60-day review period soliciting comments on this information collection of information was published in the **Federal Register** on August 5, 2024 (89 FR 63466) and no public comments were received.
