

Space Apps 2021 Local Lead Survey: Help us build a better global hackathon

Thank you so much for working with NASA to make the Space Apps 2021 such an incredible success. Please let us know about your experience as a Local Lead for this hackathon.

Please only complete this form if you are the Local Lead for your approved Location. Please complete this short survey by **Monday October 18, 2021**.

We welcome your candid feedback so that we can continue to improve, particularly to inform our Space Apps 2022 hackathon. We are also asking you to tell us some high-level stats and stories so we can tell the story of the collective impact combining all participating cities. Thank you, thank you, thank you for being part of this community!

This information collection meets the requirements of 44 U.S.C 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. The OMB control number for this information collection is 2700-0153 and it expires on 07/31/2024. We estimate that it will take about 15 minutes to read the instructions, gather the facts, and answer the questions. You may send comments on our time estimate above to community@spaceappschallenge.org. Send only comments relating to our time estimate to this address.

What is your Space Apps location (city)?*

What country did your event take place in?*

What other years have you or your organization hosted Space Apps? (Check all that apply)*

Virtual Hackathon Highlights

Now we want to hear about your Space Apps 2021 experience! What were your virtual highlights!?

Tell us an impact story! What was the highlight of YOUR Space Apps 2021 experience, and why was it so meaningful to you? Why is being part of this community important to you? This may be shared with NASA!*

Want to provide a testimonial for promotional use? Include your occupation, city and country and we may feature it on upcoming materials!

Your Event Experience

A virtual Space Apps wouldn't be possible without technical platforms and support. Tell us about your own technical experience.

Was this your first time hosting a virtual hackathon or similar event? *

YES

NO

If you have hosted a Space Apps hackathon in-person in the past, do you prefer hosting in-person or hosting virtually?*

I prefer to host Space Apps in-person

I prefer to host Space Apps virtually

I do not have a preference between in-person and virtual

I see pluses and minuses of both

I have only hosted Virtual Space Apps Hackathons

Other

What is your satisfaction with the Space Apps 2021 Dashboard and the chat features:
