

OIT Annual Survey

Welcome to the OIT Annual Survey.

You probably want to jump right into the survey. But we'd really appreciate it if you would at least skim the following information to make sure you have the proper context for the questions that follow. Thank you!

The OIT is comprised of various groups; however, the first part of this survey is addressing the IT Services Department, Services and Support. These services are distinct from SWAT and EUSO Group. There are some agency EUSO questions, as we do provide assistance with supporting the customer locally.

In order to understand our customer's needs and satisfaction with the products and services provided by OIT, we conduct an annual survey. We understand your time is valuable; however, your experiences and opinions are important to us. Please take 10 minutes of your time to evaluate the support provided to you. As this is an annual exercise, consider the interactions you've had with our team since the last survey (2020).

The survey will begin with questions about your role and location. Since offsite customers do not receive different services from OIT, identifying your location will direct you to the applicable questions.

If you have specific issues that you would like to have addressed, we would be happy to meet with you in order to better understand how we can meet your needs. Please contact Jerry Sims, *OIT Lead*, to discuss any concerns or questions regarding the services or this survey.

Let's get started...
