

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 2700-0153)

TITLE OF INFORMATION COLLECTION: Artemis Student Challenges Post Engagement Survey

PURPOSE: To collect customer satisfaction reflections from Artemis Student Challenges student participants. Feedback will be used for continuous program improvement purposes and planning efforts for future implementation of Artemis Student Challenges.

DESCRIPTION OF RESPONDENTS: NASA’s Artemis program will land the first woman and first person of color on the Moon using innovative technologies to explore more of the lunar surface than ever before! The Artemis Student Challenges (ASC) provides foundational learning opportunities to prepare students to learn and engage in Artemis-focused challenges that align with the technology needs of the Artemis mission and/or that will provide the Artemis generation with new, authentic, high-quality student challenge experiences. ASC provides students with the opportunity to design, build, and test technologies. The targeted group of respondents includes middle school, high school and college/university student participants in Artemis Student Challenges (e.g., App Development Challenge, Big Idea, First Nations Launch, Human Exploration Rover Challenge, Lunabotics, Micro-G NEXt and SUITS).
