

NASA/NMNH EIC EXIT SURVEY

The Earth Information Center (EIC) exhibition at the National Museum of Natural History (NMNH) was brought to the Museum through a partnership with NASA, where both organizations worked together to develop content and share expertise. They have partnered with Pacific Research and Evaluation (PRE) to develop and administer a visitor survey to gather feedback on your experience at the EIC, what you liked, and how it can be improved. All responses will be anonymous, and your participation is voluntary – you can skip questions or opt out at any time.

Paperwork Reduction Act Statement: This information collection meets the requirements of 44 U.S.C 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. The OMB control number for this information collection is 2700-0153 and it expires on 07/31/2024. We estimate that it will take about five to ten minutes to read the instructions, gather the facts, and answer the questions. You may send comments on our time estimate above to EIC@nasa.gov Send only comments relating to our time estimate to this address.

1. How often do you typically visit the National Museum of Natural History (NMNH)?
 - Today is my first visit to NMNH
 - Repeat visitor within the last 2 years
 - Repeat visitor from over 2 years ago

2. We want to learn more about how you were impacted by the EIC. Please rate your agreement with the statements below.
