Type of Review: Revision of a currently approved collection.

Abstract: VA is authorized under 38 U.S.C. 1730 to assist veterans by referring them for placement, and aiding veterans in obtaining placement, in Community Residential Care (CRC) facilities, which include Medical Foster Homes (MFHs). One of the standards a CRC facility must meet is the requirement to maintain records on each resident in a secure place. Under 38 CFR 17.63(i), facility records must include emergency notification procedures and a copy of all signed agreements with the resident. These records must be maintained by the CRC facility, and the CRC facility must make those records available for VA inspection upon request. An MFH is a subtype of CRC and, under 38 CFR 17.74(q), is required to comply with the recordkeeping requirements of 38 CFR 17.63(i). In addition, the CRC facility must maintain and make available, upon request of the approving official, records related to CRC staff requirements and provide that the CRC facility has sufficient, qualified staff on duty and available to care for the residents and ensure the health and safety of each resident.

VA is adding to this collection the requirement under 38 CFR 17.63(j)(3) that CRC facilities and MFHs report alleged violations involving mistreatment, neglect, or abuse of a veteran to the approving official. VA requires the CRC facility to document and investigate evidence of an alleged violation, including misappropriation of resident property. VA views the reporting, documenting, and investigating of an alleged incident and the subsequent report of the results of the investigation to be one collection of information.

VA Forms 10–2407 and 10–387 also are being included in this collection. The 10–2407 form is the CRC application used by residential care home sponsors seeking VA approval to provide care to veterans. The 10–387 form is the MFH application used by medical foster home caregivers seeking VA approval to provide care to veterans. The applicants supply references and agree to a VA inspection of the home, a monthly rate, and compliance with other VA standards for residential care. In addition, MFH applicants submit copies of applicable licenses with the application. This information is collected under the authority of 38 U.S.C. 1720 and 38 U.S.C. 1730.

Title: Application by Insured Terminally Ill Person for Accelerated

Benefit Forms SGLV 8284 and SGLV 8284A.

OMB Control Number: 2900–0618
https://www.reginfo.gov/public/do/PRASearch

Type of Review: Extension of a currently approved collection.

Abstract: VA has amended regulations for the Servicemembers' Group Life Insurance (SGLI) and Veterans' Group Life Insurance (VGLI) programs to add accelerated death benefit (Accelerated Benefit) provisions that permit terminally ill policyholders access to the death benefits of their policies before they die. Traditionally, an individual purchases life insurance in order to safeguard his or her dependents against major financial loss due to his or her death. Life insurance serves to

replace the lost income of an insured and to provide for his or her final expenses. In recent years, the insurance industry has recognized the financial needs of terminally ill policyholders and has begun offering policies with accelerated benefit provisions. A recent statutory amendment (section 302 of the Veterans Programs Enhancement Act of 1998, Public Law 105–368, 112 Stat. 3315, 3332–3333) added section 1980 to title 38, United States Code, which extends an accelerated benefit option to terminally ill persons insured in the SGLI and VGLI programs.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register**

Notice with a 60-day comment period soliciting comments on this collection of information was published at 89 FR 63254, August 2, 2024.
