Rule 17Ad-13

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17Ad-13 (17 CFR 240.17Ad-13), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

A proposed rule change may take effect upon filing with the Commission if it is designated by the exchange as "establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization." 15 U.S.C. 78s(b)(3)(A)(ii).

authority a report prepared by an independent accountant on the basis of a study and evaluation of the transfer agent's system of internal accounting controls for the transfer of record ownership and the safeguarding of related securities and funds. If the independent accountant's report specifies any material inadequacy in a transfer agent's system, the rule requires the transfer agent to notify the Commission and its appropriate regulatory agency in writing, within sixty calendar days after the transfer agent receives the independent accountant's report, of any corrective action taken or proposed to be taken by the transfer agent. In addition, Rule 17Ad-13 requires that transfer agents maintain the independent accountant's report and any other documents required by the rule for at least three years, the first year in an easily accessible place. These recordkeeping requirements assist the Commission and other regulatory agencies with monitoring transfer agents and ensuring compliance with the rule. Small transfer agents and transfer agents that service only their own companies' securities are exempt from Rule 17Ad-13.

Approximately 100 professional independent transfer agents must file with the Commission one report prepared by an independent accountant pursuant to Rule 17Ad-13 each year. Commission staff estimates that, on average, the annual internal time burden for each transfer agent to submit the independent accountant's report to the Commission is minimal or zero. The time required for an independent accountant to conduct the study and evaluation of a transfer agent's system of internal accounting controls and complete the report varies depending on the size and nature of the transfer agent's operations. Commission staff estimates that, on average, each Rule 17Ad-13 report can be completed by the independent accountant in 120 hours. In light of Commission staff's review of previously filed Rule 17Ad-13 reports and Commission staff's conversations with transfer agents and accountants, Commission staff estimates that 120 hours are needed to perform the study and prepare the report on an annual basis. Commission staff estimates that the average hourly rate of an independent accountant is \$260, resulting in a total annual external cost burden of \$31,200 for each of the approximately 100 professional independent transfer agents. The aggregate total annual external cost for the 100 respondents is approximately \$3,120,000.

The retention period for the recordkeeping requirement under Rule 17Ad-13 is three years following the date of a report prepared pursuant to the rule. The recordkeeping requirement under this rule is mandatory to assist the Commission and other regulatory agencies with monitoring transfer agents and ensuring compliance with the rule. This rule does not involve the collection of confidential information.
